Accommodation on campus

UTS’s student housing is called Yura Mudang. It’s self-catered, secure and competitively priced. The building has spacious communal and barbecue areas, study rooms, as well as a games room, computer room and music room. Managed by the UTS Housing Service, the residence is for UTS students only and offers studio and shared-apartment types. Apartments are fully furnished but you will need to provide your own linen and some cooking equipment.

Independent accommodation

Looking for private accommodation? We recommend getting started with some short-term accommodation in Sydney, so you can check out properties in person and choose something that suits your long-term needs. Don’t pay any money before viewing and being satisfied with a non-UTS property. Until you arrive and get a feel for the area you want to live in, you won’t know whether it is right for you.

**UTS learning and teaching style**
Most UTS subjects are taught through a mix of lectures and tutorials, seminars or laboratory sessions and require a minimum 12 to 24 hours’ study per week.

Class sizes vary depending on the popularity of the subject and the nature of teaching. Typically, subjects involving tutorial classes have 20 to 30 students in a classroom.

**Academic transcripts**
The academic transcript is a record of subjects studied, final grades and marks awarded. UTS issues digital transcripts through the MyEquals platform at the end of each teaching session, once the exam results have been finalised.

UTS Study Abroad program students will also be issued with a digital Certificate of Completion and an Excellence Award Certificate (where applicable).
