Why JCU?

- Obtain a world-class education
- Join global leaders in research, marine sciences, biodiversity and tropical ecology
- Develop job-ready skills in state-of-the-art facilities
- Achieve exceptional employment outcomes
- Benefit from small class sizes
- Utilise financial support through JCU Scholarships
- Make friends and enjoy on-campus accommodation options
- Hands-on learning in spectacular, World Heritage listed reefs and rainforests

Welcome to James Cook University

Education is vital to our shared future. It is only through education that we deepen our understanding of the world, gathering the skills needed to use knowledge effectively and grow as people able to contribute to society and shape a brighter future. Education also provides a route to access more challenging and rewarding careers. Yet education is also so much more: It can let us dream, explore exciting new concepts, have fun, and make lifelong friends.

Our commitment to you is that JCU is about all these things. We are also about great student experiences and exceptional academic and career outcomes. All Australian universities will make the same promises, but with JCU there is one big difference. While you study you can experience authentic learning in our own backyard across the Great Barrier Reef, Daintree Rainforest, and the great Australian outback. You can also work with regional and remote communities, explore ecosystems as living laboratories, or work in areas where climate change and the awesome power of nature are both fearsome and challenging. That’s why JCU is Uni, but not as you know it.

For over 50 years, JCU has helped create that brighter future through education and research that makes a difference. We are committed to bringing together our natural world, the built environment, people and societies, through experiential learning. We do so with a view to living the United Nations’ Sustainable Development Goals and were ranked #5 in the world¹ for our commitment to good health and wellbeing. Other accolades include being in the world’s top 25 universities for ecology², the top 100 for earth and marine science and environmental science³, and being independently rated five stars for starting salary, full-time employment and student teacher ratio⁴. These achievements are hard earned and a tribute to the commitment of academics and professional staff in supporting students on their journey to becoming well-rounded graduates.

As you explore this guide, consider the opportunities available to you and how they might enable your journey of discovery. We are committed to you having a student experience that is life changing, in one of the most fascinating places in the world. One in which you develop the skills, build your knowledge, and gain the confidence to launch your career. During times of uncertainty, education increases in its importance to you and your community.

Thank you for taking the time to explore JCU. We look forward to working with you to create a brighter future that makes a difference.

° Professor Simon Busa
Vice Chancellor and President

James Cook University values and celebrates the diversity of our community, and is committed to ensuring our learning and working environment is safe and welcoming.

JCU is proud to be part of the Respect. Now. Always. campaign – a national initiative led by Universities Australia to highlight our determination to ensure our students and staff are safe from discrimination and sexual harassment. Further information about the campaign and free services available for students can be found at jcu.edu.au/sew

James Cook University values and celebrates the diversity of our community, and is committed to ensuring our learning and working environment is safe and welcoming.

JCU is proud to be part of the Respect. Now. Always. campaign – a national initiative led by Universities Australia to highlight our determination to ensure our students and staff are safe from discrimination and sexual harassment. Further information about the campaign and free services available for students can be found at jcu.edu.au/sew

Our commitment to Australian Aboriginal and Torres Strait Islander peoples

James Cook University is committed to building strong and mutually beneficial partnerships that work towards closing the employment, health and education gap for Australian Aboriginal and Torres Strait Islander peoples. Our students come from many backgrounds, promoting a rich cultural and experiential diversity on campus.

We acknowledge the Aboriginal and Torres Strait Islander peoples as the Traditional Custodians of the Australian lands and waters where our staff and students live, learn and work. We honour the unique cultural and spiritual relationship to the land, waters and seas of First Australian peoples and their continuing and rich contribution to James Cook University (JCU) and Australian society. We also pay respect to ancestors and Elders past, present and future. Aboriginal and Torres Strait Islander peoples are advised that this publication may contain names or images of people who have passed away.

Make North Queensland your home

North Queensland offers a unique combination of a stunning climate, pollution-free environment, multicultural population, and a significantly lower cost of living than Australian metropolitan areas such as Brisbane, Melbourne and Sydney.

North Queensland is one of the world’s leading hubs for coastal and tropical science and environmental studies. If you’re interested in the future of the planet, there are few better places to study.

Explore the great outdoors
Explore reefs, rainforests, coastal, mountain and outback ecosystems. Enjoy the stunning tropical climate and take part in a range of outdoor recreational activities including hiking, mountain biking, and snorkelling and scuba diving. Or simply relax on one of our many famous beaches, where white sand and crystal-clear waters await you.

Enjoy hands-on learning opportunities in unique and spectacular locations – including UNESCO World Heritage listed rainforests and the Great Barrier Reef. Explore, discover, grow and make unforgettable memories.

Welcoming communities
The international student populations in Cairns and Townsville are diverse and close-knit, and the local communities are multicultural and welcoming.

International students have many opportunities to become part of the local community and enjoy the Australian lifestyle, and meet new friends from all around the world.
The Smithfield Mountain Bike Park is the oldest in the country and located directly behind JCU Cairns, Ngumag-bada campus, Smithfield.

International PhD student Chris Hemingston lays a transect tape over a coral reef. Photo: Victor Huertas Martin

Enjoy living in welcoming, multicultural and student-friendly communities.

Please note: Information is subject to change
Students in Cairns have access to modern teaching facilities and resources in a tranquil, rainforest location.

Cairns is the only place in Australia where two UNESCO World Heritage Sites are located side-by-side. The gateway to the Great Barrier Reef and Daintree and Wet Tropics Rainforest - Cairns is an inspiring place for students who want to make a difference and spend time with like-minded eco-aware people.

The city centre sits on the waterfront, with parks, restaurants, bars, sport and recreation areas and a 4800m² lagoon along the Esplanade.

Close to the main JCU campus at Smithfield are a chain of relaxed seaside suburbs including Trinity Beach and Palm Cove. Picture sandy beaches dotted with palm trees, and lifeguard patrolled swimming areas.

Cairns is a clean, green city and its residents are passionate about protecting and advancing the understanding of the region’s outstanding natural environment. Industries that drive Cairns are diverse, ranging from tourism and health through to agriculture and education.

A nature lover’s wonderland
The 100 million-year-old UNESCO World Heritage listed Wet Tropics Rainforest is right on the doorstep of Cairns. Take an easy walk or long hike and explore the rich and unique biodiversity within this 894,420 hectare wonder. Cairns Regional Council provide residents with a great range of sports grounds, walking and cycling tracks.

A region buzzing with arts and culture
Cairns is world renowned for its reef and rainforest but if you scratch the surface you will also discover a region buzzing with arts and culture. Take in a show at the Cairns Performing Arts Centre, Munro Martin Parklands or Tanks Arts Centre, explore the various bars and restaurants, check out one of the ocean-side markets, or explore the rich history of the world’s oldest living cultures.

Campuses
JCU Cairns, Nguma-bada campus, Smithfield, is located near the popular northern beaches and approximately a 20-minute drive from the city centre. Study facilities can also be accessed at the JCU Cairns, Bada-jali campus, Cairns City.

Climate
Summer (December–February)
24°–32°C/75°–90°F
Hot, rainy and humid
Winter (June–August)
17°–26°C/63°–79°F
Mild and dry

Population
City: 240,190
JCU Campus: 3,147 students

Transport
Bus to and from campus, car, bicycle (extensive network of bike tracks throughout Cairns), international airport.

Places of worship
JCU’s Multifaith Chaplaincy Centre is available as a free facility for you to practise your faith.

Medical
On-campus dental clinic, as well as a hospital, medical clinics, psychology clinics, and more off campus.

On-campus sport
Gymnasium, basketball courts, sport fields and a world-class mountain bike track.
The Laura Quinkan Dance Festival highlights the diverse communities, language, song, dance and stories and showcases the strength, pride and uniqueness of Aboriginal peoples.

The Cairns Esplanade is a great place to enjoy a walk and grab a bite to eat. Photo credit: Tourism and Events Qld and Andrew Watson.
A thriving coastal port city, Townsville is the largest city in northern Australia and one of Australia’s fastest growing regional centres. The region has a strong and diverse economic base including mining, mineral processing, agriculture, manufacturing, tourism, health care, government and defence.

**Leading hub for marine research**

Townsville is renowned for marine research and is home of the headquarters of major marine research and management authorities including The Great Barrier Reef Marine Park Authority and The Australian Institute of Marine Science. Take advantage of JCU’s research sites on Orpheus Island as part of your studies.

**Vibrant lifestyle**

Visit ‘The Strand’, a 2.2km beachfront promenade in the heart of Townsville. Along this palm tree lined stretch are bike and walkway paths, safe swimming beaches, picturesque picnic spots, playgrounds, exercise stations, and restaurants and bars with water views. Townsville offers an eclectic mix of cafés, restaurants, boutiques and bars, as well as fresh food markets.

**Outdoor adventures**

There’s so much to explore in Townsville. Grab a snorkel and explore the kaleidoscopic colours of the Great Barrier Reef, jump on a ferry and visit nearby Magnetic Island or walk up Castle Hill - a giant pink granite monolith standing proud in the centre of the city.

**Campus**

JCU Townsville, Bebegu Yumba campus, Douglas, is approximately a 20-minute drive from the city centre. Study facilities can also be accessed at the Townsville City Campus.

**Climate**

- **Summer (December–February)**
  - 24°C–32°C/75°F–90°F
  - Hot and humid
- **Winter (June–August)**
  - 13°C–26°C/56°F–79°F
  - Mild and dry

**Population**

City: 229,031
JCU Campus: 11,726 students

**Places of worship**

JCU’s MultiFaith Chaplaincy Centre is available as a free facility for you to practise your faith.

**Medical**

On-campus hospital, medical clinic, psychology clinic, physiotherapy clinic, dental clinic, occupational therapy clinic, speech pathology clinic, exercise physiology clinic, and veterinary clinic.

**On-campus sport**

Gymnasium, basketball courts, tennis courts, squash courts, netball courts, rugby and soccer fields, hockey fields and cricket pitches.
Enjoy the 360-degree views of Townsville from the top of Castle Hill.

Be part of Townsville's dynamic marine research community. Photo credit: Harriet Spark, Grumpy Turtle Creative.

The Strand offers a range of fun outdoor activities.
JCU Brisbane is a modern, metropolitan campus located in the centre of Brisbane. Experience a world-class education, work opportunities and a balanced lifestyle in a welcoming and multicultural city. JCU Brisbane hosts many student clubs, associations and events where students can socialise with university staff and students from over 88 countries.

jcu.edu.au/brisbane

Brisbane fast facts

- Brisbane is the capital of Queensland and the third largest city in Australia.
- Brisbane has been officially selected to host the 2032 Olympics.
- Brisbane is close to some of Australia’s best beaches on the Gold Coast and Sunshine Coast.
- Brisbane is one of the most affordable cities in Australia and is known for being safe and friendly.

Climate
Summer (December–February) 21°–30°C/69°–85°F
Warm with rainy periods
Winter (June–August) 11–21°C/51.6°–69.8°F
Dry and mild

Population
1,199,384 (city), 496 (JCU)

Transport
Bus, train and ferry services are available within a short walking distance of the campus. Brisbane International Airport is open 24/7 and is Australia’s third largest airport in terms of passenger traffic.

Places of worship
A prayer room is available on-campus for student use.

Medical
There are hospitals, medical clinics, psychology clinics and more off-campus.

Perfect weather and proximity to some of the world’s most beautiful natural wonders are just some of the reasons you will love studying in Brisbane.
Prepare yourself for the global workforce in one of the most dynamic cities in the world.

James Cook University in Singapore was established in 2003, as JCU’s first international campus. The Singapore campus boasts cutting-edge facilities, collaborative learning spaces, and internationally renowned lecturers to help you succeed every step of the way. You will get the same quality educational programs and senior academic staff as JCU students in Queensland.

jcu.edu.sg

Singapore fast facts
- As an ever-evolving city, Singapore is at the forefront of global health, technology and economic advancement
- Be a part of this rich multicultural community.

Climate
- Dry season (March–August)
  25°–32°C/77°–90°F
- Wet season (September–February)
  24°–32°C/75°–90°F

Population
- 5.45 million (city), 4,066 (JCU)

Transport
- Two MRT (train) stations are a 10-minute walk from campus, and there are three bus stops within a short walking distance to the campus.

Places of worship
- A prayer room is available on-campus for student use.

Medical
- On-campus facilities include the JCU Singapore Psychology Clinic. There is a hospital 15 minutes from the campus, as well as several medical clinics around the city.

Sporting facilities
- A wide range of sporting facilities are on campus, including a gymnasium, basketball and tennis courts, and a multi-purpose sports hall.

Please note: Information is subject to change
Meet new people, make connections and experience the very best of student life.

**International Student Support**

The JCU International Student Support team are dedicated to ensuring every international student gets the most out of their time at JCU.

A range of social events are held on a regular basis, to help international students develop friendships, meet staff, and become familiar with campus services.

The team provide a range of services, including pre-departure information, an airport arrival service, accommodation advice, and international student mentor programs.

An International Student Orientation is held at the start of each intake. This is a great opportunity to make new friends, meet JCU staff, and hear important information about life at JCU.

The team provide support and assistance in emergencies, and all JCU international students can access a 24/7 after-hours student hotline.

**Events**

Social gatherings, sporting activities, talent competitions and celebrations are organised for students on campus, and are also hosted by community organisations.

**On-campus convenience**

Our campuses offer a range of food outlets for your coffee, snacking and lunch needs.

**Clubs and societies**

Meet new people with common cultural, political, religious, sporting, recreation and academic interests.

The JCU Student Association and JCU International Student Association provide a range of social, sporting and academic clubs and societies meaning there are plenty of ways to meet like-minded students. All JCU students receive membership to the JCU Student Association, offering discounts, events and amenities.

**Sport and recreation**

Access a range of on-campus sporting clubs and facilities including gyms, basketball courts, sporting fields and world-class mountain bike tracks.

**Trips and tours**

Looking for a bit of adventure? Take a break from study and explore beautiful North Queensland’s mountains, beaches, reefs and rainforests. Cuddle a koala, go skydiving or bungee jumping, or just find the best cafe in town. There is plenty to do for all tastes and personalities.

**Volunteering**

If you’re passionate about sustainability and the environment, our award-winning TropEco program could be perfect for you. Collaborate with like-minded people and volunteer in a range of TropEco activities, from running campaigns to maintaining on-site community gardens. Volunteer opportunities abound, and are a great way to make friends and spend time with like-minded people. You could volunteer at Orpheus Island Research Station near Townsville, or at the Fitzroy Island Turtle Rehabilitation Centre near Cairns.

**The Learning Centre**

The Learning Centre supports students with a range of resources. Our Learning Advisors help build academic skills and provide study tips, numeracy and basic statistics development, help with academic reading and writing, or run programs to further develop your English language skills with workshops or online programs.
Market Day offers the opportunity to meet new people with common cultural, political, religious, sporting, recreation and academic interests.

Sign up for the airport arrival service/transfer and you will be greeted by ‘CROCS’ student mentors.

The JCU International Gala and Awards Night celebrates and recognises the achievements and contributions of JCU's international students. Pictured above from left to right are award recipients: Christopher Eric MacDonald - winner of the Spirit of Australia Award, Thibault Enrik Thime Eddie - winner of the Community Engagement Award, Lucas Leo Lutzenkirchen - winner of the Undergraduate International Student of the Year Award, Deborah Anne Burn - winner of the Inspirational Leader Award, and Nnamdi Chiegbere Mgbemena - winner of the Postgraduate International Student of the Year Award.
JCU graduates have the perfect balance of technical skills and creative outside-the-box thinking. We emphasise practical, immersive learning to make JCU graduates highly employable.

Professional experience is key
Take part in field trips, clinical placements, practicums and internships, and network with leading industry professionals via student placements and projects. You will transition into the workforce with the practical skills and knowledge you need to succeed.

Careers and employability services
We offer services including career planning, events and workshops, assistance with finding work while studying, job application tips and support, and much more.

Go global
Moving to Australia to commence your studies at JCU is an adventure in itself, but why stop there? Interstate and international work placement and volunteering opportunities give you the global perspective you need to take your degree to the next level.

Volunteering
Build your skills, experience and your resume via a range of extracurricular volunteering opportunities. Make a valuable difference to the community, have fun, gain work experience and network with friends and professionals. From protecting the environment to assisting at events, there is a volunteering opportunity to suit everyone.

JCU Bachelor of Medicine, Bachelor of Surgery student Dinuka Ariyarathna from Sri Lanka completed a placement at the Innisfail Hospital in Far North Queensland, providing essential services to the community during the COVID-19 pandemic.

Dinuka Ariyarathna
SRI LANKA
BACHELOR OF MEDICINE, BACHELOR OF SURGERY
Sai Pavan Pandrangi, a JCU international student from India, graduated with a Master of Information Technology and secured employment soon after with Australian telecommunications company Optus.

Sai Pavan Pandrangi
INDIA
MASTER OF INFORMATION TECHNOLOGY
Take advantage of our unique tropical location and take part in field trips to put your learning into practice.

**Field trips**
Many JCU subjects include field trips to various locations including our very own research stations on Orpheus Island in the Great Barrier Reef and in the Daintree Rainforest. Some of our most popular trips include Wooroonooran National Park, Wambiana Station in Western Queensland, JCU’s Orpheus Island Research Station, Three-mile Creek, Magnetic Island and Reef HQ.

**Orpheus Island Research Station**
JCU’s Orpheus Island Research Station is located 125km north of Townsville. Many subjects include field trips to the Island, which features accommodation for up to 57 guests, wet and dry labs, temperature control room laboratories, and a range of boating, SCUBA diving and snorkelling equipment.

**Daintree Rainforest Observatory**
The Daintree Rainforest is one of the oldest rainforests in the world. It has the highest biodiversity of any ecosystem in Australia and is a magical landscape with unique biota, including numerous living fossils. Completely off-grid, the JCU Daintree Rainforest Observatory is the only field station in Australia operating a rainforest canopy crane and is one of only five long-term ecological monitoring sites in Australia. Facilities include a lecture theatre, indoor and outdoor laboratories and accommodation.

**Fletcherview Research Station**
Fletcherview is a fully operational outback cattle station. The Station contains a range of habitats including woodlands, dense thickets, a river, a lagoon, and areas grazed at different densities. It’s a great place to spot lots of Australian wildlife, including varied macropods (kangaroos, wallaroos, wallabies and bettongs), possums, marsupial carnivores, many species of birds and a diverse array of reptiles.
Get hands-on learning at JCU’s Aquaculture facility.

Enjoy nature up close and personal on our tropical campuses.

Researchers in ‘the crane’ at the JCU Daintree Rainforest Observatory.
Each private bedroom has a range of features to ensure you can rest and study.

Find the right accommodation for you to call home at JCU.

**Living on-campus**
Living on-campus is a great way to make new friends and immerse yourself into JCU and Australian culture. By living somewhere comfortable and conveniently close to where you study, you can improve your overall student experience. Our on-campus options range from long corridor-style, fully-catered residences to smaller self-catered facilities. With so many options available across our different campuses, you can find the perfect place to suit your needs.

**Support and security**
Living on-campus is so much more than just a room. It is a safe, secure and fun way to study. All residences include academic, wellbeing and social support.
- Each bedroom has a lock that only you and our staff can access. Only residents have after-hours access to any buildings.
- Security cameras throughout the buildings. JCU security are on-campus and patrol the grounds 24/7 and can escort you back to your residence if you are studying late at night.
- Our on-campus team are here to support you.

**Find the right option for you**
JCU provides on-campus accommodation at JCU Townsville, Bebegu Yumba campus, Douglas and JCU Cairns, Nguma-bada campus, Smithfield. JCU Townsville has five different accommodation options that house over 1,300 students, and JCU Cairns has a complex for 300 students. Whether you need accommodation for a semester or for your full degree, there are plenty of options available.
- All rooms at our on-campus residences are single board, with a single bed, study desk, chair, fan, air-conditioning and Wi-Fi
- Each residence has a different style of living, culture and atmosphere. There are options for fully catered meals, which can be adapted to dietary requirements, or self-catered housing.

Visit [jcu.edu.au/accommodation](http://jcu.edu.au/accommodation) to find out more information on accommodation options and see virtual tours of each residence.
Homestay

With homestay accommodation, you are matched with a local family from the area to live with. All homestay hosts have been:

- Screened by JCU’s homestay provider, and
- Undergo training to provide a high level of service and comfort to the student.

Living off-campus

Off-campus options include student accommodation located near campus, sharing a house with other students or renting an entire property. Before committing to a property or room off-campus, always check:

- What you are getting as part of your lease, or what you are getting within your lease. For example, images of the property with furniture may have been put there for marketing purposes only.
- Dates and length of time you are committing to. You will be signing a legal document, which you may not be able to break if you change your mind.
- The property is located close to the university campus, bus stops and amenities.
When preparing your budget, make sure you do your research and factor in all your possible expenses. To help guide you, we’ve detailed what study costs you may incur as well as costs to think about before you arrive that are related to your studies.

**Tuition Fees**

International tuition fees for all levels of study are detailed from page 36.

**Incidental and Administration Fees**

Some courses have Incidental and Administration Fees for compulsory purchases not covered by your tuition fees such as uniforms, safety equipment and participation in course-related field trips.

**Student Services and Amenities Fee**

The Student Services and Amenities Fee is a compulsory fee for JCU students and is used to provide a range of student support services and facilities.

**Overseas Student Health Cover (OSHC)**

OSHC is insurance to assist international students in meeting the costs of medical and hospital care that they may need while in Australia. As an international student, it is a condition of your student visa that you have OSHC for the entire duration of your stay in Australia.

**Financial Aid**

JCU processes financial aid for students from a variety of countries. JCU is also registered as a provider to certify and administer US Federal Aid for new and continuing US students located at our Cairns and Townsville campuses.

**Living costs**

Knowing the average living costs in Australia is an important part of your financial preparation. The Study Australia Cost of Living Calculator can help you estimate how much it could cost to have the lifestyle you choose in Australia.
Scholarships
We are proud to offer a range of scholarships to international students.

JCU Vice Chancellor’s International Student Scholarship
Provides up to a 100% fee waiver for the minimum course duration.

JCU International Excellence Scholarship
Provides a 25% tuition fee reduction for eligible high-achieving students from North America, Latin America, the United Kingdom, Europe, Asia, PNG and the Middle East.

JCU International Merit Stipend
Provides fortnightly payments of AUD$400 to assist with expenses throughout the duration of study at JCU, for eligible high-achieving students from Africa.

Research Scholarships
JCU offers highly competitive scholarships to students commencing research degrees at Masters or Doctoral level.

“JCU offered a great scholarship that helped me to balance my studies, work and wellbeing. With my studies from JCU, I can come back to my country and register my career.”

Ana Belen Munoz Arteta
ECUADOR
MASTER OF SOCIAL WORK (PROFESSIONAL QUALIFYING)
JCU INTERNATIONAL EXCELLENCE SCHOLARSHIP RECIPIENT

You can browse all scholarships available to international students on the JCU scholarships website, which provides further details on all scholarships including eligibility criteria and application information.
World-class research

Study at a university known for its world-leading research, knowledge infrastructure, partnerships and research findings.

JCU aims to create a brighter future for life in the Tropics and beyond, through education and research that make a difference locally, and globally.

But don’t just take our word for it. Excellence in Research for Australia (ERA) rated 83% of JCU’s research fields as world-class or above.

JCU received the highest possible rating, well above world standard, in the research areas of ecological applications, ecology, environmental science and management, fisheries sciences, geology, medical microbiology, organic chemistry and plant biology. Every field of research in medical and health sciences was rated world-class or above.

JCU received a rating of world-class or above in the following research areas:
- Anthropology
- Applied Mathematics
- Archaeology
- Biochemistry and Cell Biology
- Cardiorespiratory Medicine and Haematology
- Classical Physics
- Clinical Sciences
- Criminology
- Ecological Applications
- Ecology
- Electrical and Electronic Engineering
- Environmental Science and Management
- Evolutionary Biology
- Fisheries Science
- Geochemistry
- Geology
- Human Geography
- Human Movement and Sports Science
- Immunology
- Inorganic Chemistry
- Law
- Linguistics
- Materials Engineering
- Medical Biochemistry and Metabolomics
- Medical Microbiology

Unrivalled access to environmental sites

JCU campuses and research hubs are on the doorstep of some of the world’s most spectacular environments, including:

- The Great Barrier Reef Marine Park
- The rainforests of the Wet Tropics
- The savannahs of Cape York Peninsula
- The deserts of the arid outback.

These living laboratories provide JCU staff and students with unlimited opportunities. Governments and global businesses consider JCU’s research as central to the future of the Tropics.

JCU has strong links with rural, remote and Indigenous communities in the Asia Pacific region. Many local, national and international research organisations and industry groups collaborate with JCU. These linkages help ensure our courses are research-rich and reflect the latest innovations. Many of our staff and students are co-located with researchers from partner institutions.

JCU research sites

Study and research in JCU’s innovative research facilities across Northern Queensland.

- ARC Centre of Excellence for Coral Reef Studies  
coralcoe.org.au
- Australian Institute of Marine Science - AIMS@JCU  
aims.jcu.edu.au
- JCU Advanced Analytical Centre  
jcu.edu.au/aac
- JCU Australian Institute of Tropical Health and Medicine  
aithm.jcu.edu.au
- JCU Cairns Institute  
jcu.edu.au/cairnsinstitute
- JCU Daintree Rainforest Observatory  
jcu.edu.au/dro
- JCU eResearch Centre  
eresearch.jcu.edu.au
- JCU Fletcherview Research Centre  
jcu.edu.au/fletcherview
- JCU Orpheus Island Research Station  
jcu.edu.au/oirs
- JCU Marine and Aquaculture Research Facility  
jcu.edu.au/marf

JCU’s proximity to the Great Barrier Reef means students have easy access to a diversity of marine and coastal ecosystems.
JCU students explore, discover and grow through research and teaching that makes a difference to people and societies, the natural world and built environment. Follow your passion and find a course that fits you.
Business, Law and Finance

JCU Business, Law and Finance is a leader in practical, professional skills and knowledge. A strong focus on professional development and multidisciplinary education enables JCU graduates to excel.

Bachelor of Business

Students can tailor this degree to suit their interests and career goals through a flexible combination of core subjects and a range of majors and minors.

Work integrated learning opportunities are embedded from year one and prepare students for a final year work placement to develop practical skills and make industry connections.

Majors available:
- Business Intelligence and Information Systems
- Hospitality and Tourism Management
- Human Resources Management
- International Business
- Management
- Marketing for the Digital Age
- Sports and Events Management.

Can also be studied via a joint degree:
- Bachelor of Business-Bachelor of Laws
- Bachelor of Business-Bachelor of Psychological Science
- Bachelor of Arts-Bachelor of Business
- Bachelor of Business and Environmental Science.

Master of Business Administration [2-year]

This flexible course can be tailored to suit a range of professional interests and career goals across fields including economics, marketing, international business or entrepreneurship. Students learn from leading industry experts and develop industry experience to prepare for global career options via a research project or a professional internship.

Majors available:
- Conflict Management and Resolution
- Economic Resilience
- Entrepreneurship
- Finance (external only)
- Leadership
- Project Management.

Master of International Tourism and Hospitality Management - Master of Business Administration

Gain the business management skills essential to becoming a leader in the hospitality and tourism sector. Advance your career with this specialist JCU postgraduate course that equips you for management-level roles. You will gain expert knowledge of business operations and administration relevant to the tourism and hospitality sector and beyond.

“I looked at JCU and I was really impressed by the way JCU represents itself in the global market. Another thing that attracted me to JCU was the location.”

Noah Enrique Thomas

INDONESIA

BACHELOR OF BUSINESS AND ENVIRONMENTAL SCIENCE

CRICOS Provider Code 00117J

Please note: Information is subject to change | 27
“One of the reasons I picked JCU is the amazing amount of clinical hours that you just don’t find in the US or Canada. In total, JCU prepares you with 2,200 hours of clinical hands-on experience treating patients so you feel very work-ready the minute you graduate.”

Tanner Pachal
CANADA
BACHELOR OF DENTAL SURGERY
**Medicine and Dentistry**

*Be equipped with the skills to make an impact. JCU Medicine and Dentistry students gain valuable skills and experience through extensive clinical practice. Graduates have the confidence to take on any challenge after completing placements in diverse communities.*

**Bachelor of Medicine, Bachelor of Surgery**

The Bachelor of Medicine, Bachelor of Surgery is the first step to a career as a medical practitioner.

Our teaching combines integrated instruction in biomedical and social sciences, professional practice, and clinical medicine, in a tropical context.

Students gain the knowledge to diagnose and treat human injuries and disease. Modern facilities and extensive clinical training create a superior learning environment for Medicine students.

JCU’s Townsville campus medical precinct is adjacent to the Townsville University Hospital, which is the largest teaching hospital in regional Australia. Other clinical locations include Cairns Hospital, Mackay Base Hospital, the Mater hospitals in Townsville and Mackay, and numerous smaller teaching centres in rural and remote communities.

**Bachelor of Dental Surgery**

JCU’s Bachelor of Dental Surgery provides students with the knowledge and skills for a rewarding career.

Our broad-based program includes all aspects of dental practice, with a focus on tropical, rural and Indigenous practice.

Students develop practical work skills in JCU’s world-class dental teaching complex, with a state-of-the-art clinical simulation laboratory. Within these facilities and through placement opportunities, students benefit from over 2,000 hours of clinical practice in a range of settings, from rural and remote communities to city areas.

The course is fully accredited with the Australian Dental Council – the national accreditation and standards body. Dentistry graduates are eligible for professional registration within Australia, New Zealand and Canada.

“JCU provides an exceptional educational experience, with plenty of placement opportunities and interactions with all walks of life.”

**Srikaveri Sriram**

BOTSWANA

BACHELOR OF MEDICINE, BACHELOR OF SURGERY

---

CRICOS Provider Code 00117J

Please note: Information is subject to change | 29
Bachelor of Nursing Science [Pre-registration]

The JCU Bachelor of Nursing Science [Pre-registration] prepares students for careers in multiple settings from large metropolitan hospitals to rural practice clinics.

Students learn how to assess clients, communicate with people from diverse cultural backgrounds, plan and implement nursing interventions, and manage and evaluate nursing care in this professionally-accredited degree.

Extensive supervised professional practice and clinical experience in real world settings starts from year one.

Benefit from JCU’s reputation as the Centre for Nursing and Midwifery Research, and the World Health Organisation’s Collaborating Centre for Nursing and Midwifery Education and Research Capacity Building.

Graduates will be eligible for registration as a Registered Nurse (Division 1) with the Nursing and Midwifery Board of Australia.

Master of Social Work (Professional Qualifying)

Our Master of Social Work (Professional Qualifying) program is recognised by the Australian Association of Social Workers.

Subjects cover the unique and complex challenges of social work, including global issues and international perspectives.

Students gain practical professional experience and acquire valuable hands-on experience working with individuals, families, groups and communities through on-campus classes and residential workshops.

“...We don’t only study what’s written in the book. They invite guest lecturers from the profession, from the field itself, so it gives us knowledge of what is going on currently in the market. The entire course curriculum is outstanding and that’s the reason I’m here.”

Chandandeep Patel

INDIA

MASTER OF SOCIAL WORK (PROFESSIONAL QUALIFYING)
'It is refreshing to find the curiosity and interest in every student on campus. We are all here because we want to learn and not because we must. And that willingness to learn reflects in everyone’s engagement and openness.’

Carmen Bittner

GERMANY

BACHELOR OF NURSING SCIENCE (PRE-REGISTRATION)
Science, Marine Science, Technology, Engineering and Maths

With access to a unique tropical learning environment and the Great Barrier Reef right on our doorstep, JCU students are ready to lead in a fast-paced world.

**Bachelor of Science**

The JCU Bachelor of Science is a flexible program, allowing students to tailor their studies to suit their interests and career plans. The degree covers the fundamentals of science in year one. Students then select one or two majors to continue to build knowledge and skills in their chosen discipline areas.

Students undertake research in unrivalled locations including the World Heritage listed Great Barrier Reef and Daintree Rainforest, and learn in state-of-the-art research and teaching facilities such as JCU’s Science Place.

Students can choose one or two majors.

Majors available:

- Aquaculture Science and Technology
- Chemistry
- Data Science
- Earth Science
- Internet of Things
- Marine Biology
- Mathematics
- Molecular and Cell Biology
- Physics
- Zoology and Ecology

A Bachelor of Science (Honours) degree is available to high-achieving students.

**Master of Science 1.5 years (full-time)**

This flexible course includes a range of diverse majors and electives to allow students to extend and specialise core knowledge components.

Students learn from research and industry experts through practical experiences in varied environments. An Employability Program is embedded in the degree, enabling students to advance their career prospects and develop industry connections.

Majors available:

- Aquaculture Science and Technology
- Environmental Earth Science
- Environmental Management
- Fisheries Science and Management
- Geology
- Global Change Biology
- Tropical Biology and Conservation.

**Master of Science (Professional) 2 years (full-time)**

The Master of Science (Professional) includes the same majors as the Master of Science, but also includes advanced coursework subjects and either an independent research project or an industry-based project. The research project is a pathway towards a PhD by research program.

Majors available:

- Aquaculture Science and Technology
- Environmental Earth Science
- Environmental Management
- Fisheries Science and Management
- Geology
- Global Change Biology
- Tropical Biology and Conservation.
“There are so many opportunities to get hands-on experience in the field. If you are interested in volunteering and going on field trips, you just need to look, you will find them!”

Sanna Perrson
SWEDEN
BACHELOR OF MARINE SCIENCE

“James Cook University has a very good support system, so there is always someone to ask for help if you need it, whether it’s with academic writing or if you just want to talk to somebody. Café International on Tuesday mornings is a great way to meet other international students studying at JCU.”

Vesla Hauan Nilsen
NORWAY
BACHELOR OF SCIENCE
“In the villages where I grew up, when the sun sets, people are left in the dark. Shops and markets have no choice but to shut down until the next day. I wanted to help villages like mine to tap into readily available solar energy to light up the night.”

Douglas Muthamia
KENYA
MASTER OF ENGINEERING (PROFESSIONAL)

“After I graduated college, I heard things from people about JCU in the environmental world and how they loved the program as well as the researchers. I researched the university and fell in love with the marine biology program and the opportunities to be on the Great Barrier Reef.”

Katrina Dutton
USA
MASTER OF SCIENCE (PROFESSIONAL)
Master of Marine Biology

Where better to study Marine Biology than at the university ranked number one in the world for Marine and Freshwater Biology?

Students gain unrivalled practical experience in unique locations including the JCU Orpheus Island Research Station on the Great Barrier Reef, and work with emerging technologies for marine ecosystem monitoring.

Professional experience can be further developed via an internship option with leading organisations in North Queensland, further afield in Australia, or internationally. An optional research project is also available.

Master of Engineering (Professional)

This robust postgraduate program develops advanced skills and knowledge highly-valued within the engineering sector.

Students study general and advanced engineering and develop professional skills in risk engineering, asset management, safety in design, business leadership and data analytics.

An Employability Program is embedded in the degree, enabling students to advance their career prospects and develop industry connections. Students learn from research and industry experts through practical experiences in varied environments, and plan and execute either a substantial research-based project, capstone experience or scholarship piece within a professional workplace environment.

Master of Information Technology

JCU Master of Information Technology graduates are highly skilled and well equipped to solve technology challenges of the future.

The degree includes foundation and core subjects to foster advanced critical analysis skills and develop comprehensive knowledge of tools and technologies. Students benefit from the opportunity to gain hands-on experience applying new skills to practical problems and learn from industry experts.

Graduates are eligible to become an Associate Member of the Australian Computer Society (ACS).

“"The Master of Marine Biology will provide graduates with the skills most sought after by marine sector employers. Students develop specialist knowledge in different fields of marine science, and gain hands-on experience of professional practice with either a focus on knowledge discovery or work integrated learning.”

Associate Professor Mia Hoogenboom

LECTURER
MARINE BIOLOGY DISCIPLINE, COLLEGE OF SCIENCE AND ENGINEERING
**Undergraduate courses and fees**

The fees listed are in Australian dollars and may increase each year. Annual (per year) international tuition fee equates to 24 credit points.

Some majors and subjects are not available on all campuses, and some courses and subjects are not available in every semester or trimester intake.

**Please Note:** Tuition fees listed are for 2023, as fees for 2024 were not available at time of print. Prospective students should visit [jcu.edu.au](http://jcu.edu.au) for the most up-to-date information on courses, intakes, majors, subject availability and fees.

* Fees for 2024 are not available at time of print. Please check [jcu.edu.au](http://jcu.edu.au) for the latest fee information.

¹ Not all subjects are available internally. Students will need to take some subjects offered only in external mode.

² If you plan to practice as a registered psychologist, you will need additional studies beyond a Bachelor of Arts in Psychology Studies.

³ Hospitality and Tourism Management major is offered at JCU Townsville and JCU Cairns campus in mixed mode. Students will need to undertake some External mode subjects.

⁴ Sports and Events Management major is offered at JCU Cairns campus in mixed mode. Students will need to undertake some subjects offered only in External mode.

⁵ All applicants for initial teacher education courses must satisfy both academic and non-academic entry criteria. QTAC assesses applicants' non-academic capabilities using an instrument developed with the Australian Council of Deans of Education. Students must meet English language proficiency requirements for teacher registration in Australia, either on entry to or graduation from the program.

**Scores provided are indicative minimum thresholds only. Admission is based on special entry requirements in addition to academic achievement.**

* Please refer to the relevant course page on the JCU website www.jcu.edu.au for the entry score threshold.

**Successful completion of a course of study equivalent to an Australian Year 12 Certificate**

**Successful completion of the above qualifications**

**PNG Upper Secondary Certificate from approved high schools are eligible for direct Bachelor entry**

***Applicants must also provide evidence of successful completion of the USA High School Diploma**

**Admissions not available to students graduated from this qualification:**

Bangladesh Higher Secondary Certificate: Grade average of final year results: A+ = 90-100; A = 80-89; B = 70-79; C = 60-69; D = 50-49; E = 40-39; F = 30-29; G = 20-19; H = 10-9; I = 0-9.

Canadian Secondary School Diploma: Average of the best 5 final year subjects as a %. Only examined subjects to be included in the calculation. Note: Ontario Secondary School Diploma (OSSD or OAC) to be calculated on an average of the best 6 final year subjects at a %. Ontario Secondary School Graduation Certificate: Calculated as a grade average of Senior Year 12 results.

Danish Upper Secondary School: Grade average of final year results where A = 90, D0 = 6, D = 5, T = 4, 3, 2, 1, 0, i.e. A = 90, D0 = 6, D = 5, T = 4, 3, 2, 1, 0.

GCE A LEVELS: A total score of calculated from a maximum three A Level subjects or a combination of A Level and AS Level subjects: The A Level subjects scores are calculated as follows: A*/6 = 6, A = 5, B = 4, C = 3, D = 2, E = 1. Advanced Supplementary levels (AS) are the equivalent of half a subject at A Level and therefore have AS level scores can be used in lieu of each A Level subject, calculated as follows: A*/3 = 3, A = 2.5, B = 2, C = 1.5, D = 1, E = 0.5. At least one A Level subject to meet the direct Bachelor entry.

German Abitur: The final mark of the Zeugnis der Allgemeinen Hochschulreife (Abitur) is calculated by incorporating the grades from throughout the two year qualification phase.

Hong Kong Diploma of Secondary Education (HKDSE): Combined total of the best five subjects including 4 core subjects where ST/A = 6, ST/B = 5, ST/C = 4, ST/D = 3, ST/E = 2, ST/F = 1. Advanced Supplementary levels (AS) are the equivalent of half a subject at A Level and therefore have AS level scores calculated as follows: AS Grade A* = 2.5, AS Grade A = 2, AS Grade B = 1.

Indonesia: Calculated on a percentage of the best four academic subjects in XI. Non-academic subjects such as Physical Education, Music, Visual, Vocational subjects, Painting to be excluded into calculation.

India: Calculated as 40% of a grade average of final results on Senior Secondary (SS) and 60% of the National Final Examination certificate (SFCA). From 2020, use the average of their School examination on their final transcripts.

**Diploma:** A total score stated on IB Diploma certificate. Grading scheme of IB Diploma is: 7 = Excellent, 6 = Very good, 5 = Good, 4 = Satisfactory, 3 = Merit, 2 = Poor, 1 = Very poor.

Kenya: Calculated as a grade average of best 7 subjects.

Malaysia STPM: Combined a total of best three academic subjects: A+ = 5, A = 4, A- = 3.75, B+ = 3.5, B = 3.33, B- = 3.13, C+ = 3.0, C = 2.8, C- = 2.6, D+ = 2.3, D = 2.1, D- = 1.9, F = 0.

Nepal: Grade average of final year result.

Norway: Grade average of final year result.

Philippines: Grade average of final year (Grade 12) results.

PNG: PNG Upper Secondary Certificate from approved high schools are eligible for direct Bachelor entry. Grade average of best 5 subjects excluding Personal Development and Religious Education. Calculation must include either Language and Literature or Applied English. A+ = 5, A = 4, A- = 3, B+ = 2.6, B = 2.4, B- = 2.2, C+ = 2, C = 1.8, D+ = 1.6, D = 1.4, E = 1.2, F = 1.

Sweden: Grade average from all subjects on final transcripts/certificate where A+ = 6, B+ = 4, C+ = 3, D+ = 2, E+ = 1. USA: Applicants must also provide evidence of successful completion of the USA High School Diploma. Grade average of final year (Grade 12) results.

Vietnam: Calculated with GPA from grade 12 results; where 9–10 (C+) = Excellent, 7–8.9 (Kha) = Good, 5–6.9 (Trung Binh) = Fair, Below 5 (Kem) = Fail.
Postgraduate coursework courses and fees

The fees listed are in Australian dollars and may increase each year. Annual (per year) international tuition fee equates to 24 credit points.

Some majors and subjects are not available on all campuses, and some courses and subjects are not available in every semester or trimester intake.

Please Note: Tuition fees listed are for 2023, as fees for 2024 were not available at time of print. Prospective students should visit jcu.edu.au for the most up-to-date information on courses, intakes, majors, subject availability and fees.

English entry requirements

English language tests minimum scores

If your native language is not English you are required to demonstrate your English language proficiency by undertaking an English Language Test. Official English test results need to be less than two years old from the commencement date of your studies.

The English proficiency tests outlined below must be undertaken at an approved test centre. JCU do not accept online mode tests including TOEFL Home Edition, IELTS online, and IELTS Indicator.

Other English language tests may be accepted, and some qualifications may satisfy our English language requirements. Please email jcuinternational@jcu.edu.au if you require specific advice.

</table>

* OET is only accepted for the following undergraduate courses: Physiotherapy, Pharmacy, Psychological Science, Occupational Therapy, Nursing Science, Medicine, and Dental Surgery. Approved by Academic Board 29 April 2019.

Course specific English entry requirements

Bachelor of Speech Pathology (Honours): Academic IELTS – 7.0 (with a minimum writing score of 6.0; speaking score of 7.0; reading and listening score of 7.0).

Bachelor of Education (ECE) (Primary) (Secondary): Academic IELTS - at least 6.5 with subscore no less than 7.0 in Speaking and Listening and no less than 6.0 in Reading and Writing or TOEFL iBT overall score of 86 with no less than 24 in Speaking and Listening, no less than 21 in Reading and Writing or Pearson (PTE Academic) overall score of 58 with no less than 65 in Speaking and Listening, no less than 54 in Reading and Writing.

Master of Teaching and Learning (Primary) and Master of Teaching and Learning (Secondary): Academic IELTS - at least 7.5 with subscore no less than 8.0 in Speaking and Listening and no less than 7.0 in Reading and Writing or TOEFL iBT overall score of 108 with no less than 28 in Speaking and Listening, no less than 24 in Reading and Writing or Pearson (PTE Academic) overall score of 73 with no less than 79 in Speaking and Listening, no less than 65 in Reading and Writing.

Higher Degrees by Research (HDR): Competitive JCU scholarships require students to meet Band 3a requirements.

English language pathways

If you do not meet the English language requirements for your chosen JCU degree, an English language pathway may be available to you. Please visit our website for more information.
“My reason to choose JCU was its world-class facilities as well as its high employment rate. What makes JCU special to me is the fact that it is very orientated towards its students.”

Aryan Yadav

MASTER OF BUSINESS ADMINISTRATION
How to apply -
Undergraduate and Postgraduate Coursework

1 Submit your application

You can apply online, through an authorised representative, or via a print application form.

APPLYING ONLINE
You can submit your application online via our application portal. 
jcu.edu.au/international

APPLYING THROUGH AN AUTHORISED JCU REPRESENTATIVE/AGENT
You may also engage the services of one of JCU’s authorised representatives/agents. A list is available at: 
jcu.edu.au/international/apply/jcurepresentatives

2 Assessment

We will assess your application based upon academic and English entry requirements for your preferred course. You will be advised of any additional documentation required.

3 Receive and accept your offer

If your application is successful, you will receive your offer by email. This will include information on how to accept your offer, and next steps.

Application deadlines

We recommend you apply for undergraduate and postgraduate courses as early as possible.

Standard application deadline is six weeks prior to course commencement.

Many courses have specific application due dates, so please check the website for full details.

jcu.edu.au/international

Credit for advanced standing (previous studies)

If you have completed subjects at another institution, or as part of a different degree at JCU, you may be able to transfer credit to your new course. Visit: jcu.edu.au/students/enrolment/study-credit
How to apply -
Higher Degrees by Research

You can submit an application for a Higher Degree by Research at any time.

1 Complete an Expression of Interest (EOI) form
Complete an Expression of Interest (EOI) form for a Higher Degree by Research and check your eligibility for the degree you are applying for.

2 Scholarships
If you are applying for a scholarship, please check the application deadlines at: jcu.edu.au/scholarships

3 Find a potential Research Supervisor/Advisor
Visit the JCU Research Portfolio to find a potential supervisor, learn about our collaborations, and explore current research topics: research.jcu.edu.au/portfolio

4 Submit EOI to your potential supervisor
Submit your completed EOI form for a Higher Degree by Research to your potential research supervisor(s).
If your potential supervisor(s) indicates that they are interested in supervising your research degree, you then commence the Candidature application process online.

5 Submit your Candidature Application online
Apply online at jcu.edu.au/research

6 Assessment
JCU will assess your application based on the documents provided and the course selected. You will be advised of any additional documentation required.

7 Receive and accept your offer
If your application is successful then JCU will send your offer by email. This will include information on how to accept your offer, and next steps.
“I was looking for opportunities to study and conduct research in a thriving research environment. JCU is situated close to the Great Barrier Reef and tropical rainforest World Heritage Sites and provides a great opportunity for my research fields, Tropical Biology and Conservation. My aim is to acquire research skills, build up international networks, and return to Thailand to join a research team to address local environmental issues.”
