In Australia for full-time employment

TOP 2% University worldwide

In the world for Marine and Freshwater Biology
### Why JCU?

- **Get a world-class education**
- **Join global leaders in research, marine sciences, biodiversity and tropical ecology**
- **Develop job-ready skills in state-of-the-art facilities**
- **Achieve exceptional employment outcomes**
- **Benefit from small class sizes**
- **Utilise financial support through JCU Scholarships**
- **Make friends and enjoy on-campus accommodation options**
- **Hands-on learning in spectacular, World Heritage listed reefs and rainforests**

Your world-class education begins here
Welcome to James Cook University

Education is vital to our shared future. It is only through education that we deepen our understanding of the world, gathering the skills needed to use knowledge effectively and grow as people able to contribute to society and shape a brighter future. Education also provides a route to access more challenging and rewarding careers. Yet education is also so much more: it can let us dream, explore exciting new concepts, have fun, and make lifelong friends.

As you start your international education journey, our commitment to you is that JCU is about all of these things. We are about great student experiences and exceptional academic and career outcomes. All Australian universities will make the same promises, but with JCU there is one big difference. While you study you can experience authentic learning in our own backyard across the Great Barrier Reef, Daintree Rainforest, and the great Australian outback. You can also work with regional and remote communities, explore ecosytems as living laboratories, or work in areas where climate change and the awesome power of nature are both fearsome and challenging. That’s why JCU is Uni, but not as you know it.

For over 50 years, JCU has helped create that brighter future through students and graduates who make a difference. We are committed to bringing together our natural world, the built environment, people and societies, through experiential learning. We do so with a view to living the United Nations’ Sustainable Development Goals and were ranked #5 in the world for our commitment to health and wellbeing. As you explore this guide, consider the opportunities available to you and how they might enable your journey of discovery. We are committed to you having a student experience that is life-changing, whether it is in one of the most fascinating places in the world or online in the comfort of your own home.

The COVID-19 global pandemic and international travel restrictions have resulted in changes to teaching and learning at JCU, in order to keep everyone safe and adhere to Australian Government guidelines. We have made adjustments to our course offerings to enable students in some courses to study online, and will continue to work closely with our students to ensure they gain the best possible outcome from their time studying with us, and develop the skills, knowledge and confidence to launch their careers.

As you start your international education journey, our commitment to you is that JCU is about all of these things. We are about great student experiences and exceptional academic and career outcomes. All Australian universities will make the same promises, but with JCU there is one big difference. North Queensland offers a unique combination of a stunning climate, pollution-free environment, multicultural population, and a significantly lower cost of living than Australian cities such as Brisbane, Melbourne and Sydney.

North Queensland is one of the world’s leading hubs for coastal and tropical science and environmental studies. If you’re interested in the future of the planet, there are few better places to study.

Explore the great outdoors
Explore reefs, rainforests, coastal, mountain and outback ecosystems and Indigenous centres. Enjoy the stunning tropical climate and take part in a range of outdoor recreational activities including hiking, mountain biking, and snorkelling and scuba diving. Or simply relax on one of our many famous beaches, where white sand and crystal-clear waters await you.

Welcoming communities
The international student populations in Cairns and Townsville are diverse and close-knit, and the local communities are multicultural and welcoming.

International students have many opportunities to become part of the local community and enjoy the Australian lifestyle, and meet new friends from all around the world.

Enjoy hands-on learning opportunities in unique and spectacular locations – including UNESCO World Heritage listed rainforests and the Great Barrier Reef. Explore, discover, grow and make unforgettable memories.
Students in Cairns have access to modern teaching facilities and resources in a tranquil, rainforest location.

Cairns is the only place in Australia where two UNESCO World Heritage Sites are located side-by-side. The gateway to the Great Barrier Reef and Daintree and Wet Tropics Rainforest – Cairns is an inspiring place for students who want to make a difference and spend time with like-minded eco-aware people.

The city centre sits on the waterfront, with parks, restaurants, bars, sport and recreation areas and a 4800m² lagoon along the Esplanade.

Close to the main JCU campus are a chain of relaxed seaside suburbs including Trinity Beach and Palm Cove. Picture sandy beaches dotted with palm trees, and lifeguard patrolled swimming areas.

Cairns is a clean, green city and its residents are passionate about protecting and advancing the understanding of the region’s outstanding natural environment. Industries that drive Cairns are diverse, ranging from tourism and health through to agriculture and education.

A nature lover’s wonderland
The 100 million year old UNESCO World Heritage-listed Wet Tropics Rainforest is right on the doorstep of Cairns. Take an easy walk or long hike and explore the rich and unique biodiversity within this 894,420 hectare wonder. The Cairns Regional Council provide residents with a great range of sports grounds, walking and cycling tracks and free exercise classes.

A region buzzing with arts and culture
Cairns is world renowned for its reef and rainforest but if you scratch the surface you will also discover a region buzzing with arts and culture. Take in a show at the Cairns Performing Arts Centre, Munro Martin Parklands or Tanks Arts Centre, explore the various bars and restaurants, check out one of the ocean-side markets, or explore the rich history of the world’s oldest living cultures.

Campuses
JCU Cairns, Nguma-bada campus, Smithfield, is located near the popular northern beaches and approximately a 20-minute drive from the city centre. Study facilities can also be accessed at the JCU Cairns, Bada-jali campus, Cairns City.

Population
City: 240,190
JCU Campus: 3,309 students

Transport
Bus, drive or cycle between campus and home. Cairns also has an international airport.

Places of worship
JCU’s Multifaith Chaplaincy Centre.

Medical
JCU students can access local healthcare services including dental, medical and psychological services. The Cairns Hospital provides 24 hour acute care.

On-campus sport
Gymnasium, basketball courts, sport fields and a world-class mountain bike track.
At the heart of a tropical health and knowledge precinct, JCU Townsville offers a unique study experience.

A thriving coastal port city, Townsville is the largest city in northern Australia and one of Australia’s fastest growing regional centres. The region has a strong and diverse economic base including mining, mineral processing, agriculture, manufacturing, tourism, healthcare, government and defence.

Leading hub for marine research
Townsville is renowned for marine research and is home of the headquarters of major marine research and management authorities including The Great Barrier Reef Marine Park Authority and The Australian Institute of Marine Science. Take advantage of JCU’s research sites on Orpheus Island and the Daintree Rainforest as part of your studies.

Vibrant lifestyle
Visit ‘The Strand’, a 2.2km beachfront promenade in the heart of Townsville. Along this palm tree lined stretch are bike and walkway paths, safe swimming beaches, picturesque picnic spots, playgrounds, exercise stations, and restaurants and bars with water views. Townsville offers an eclectic mix of cafes, restaurants, boutiques and bars, as well as fresh food markets.

Outdoor adventures
There’s so much to explore in Townsville. Grab a snorkel and explore the kaleidoscopic colours of the Great Barrier Reef; jump on a ferry and visit nearby Magnetic Island or walk up Castle Hill - a giant pink granite monolith standing proud in the centre of the city.

Campus
JCU Townsville, Bebegu Yumba campus, Douglas, is approximately a 20-minute drive from the city centre. Study facilities can also be accessed at the Townsville City Campus.

Climate
Summer (December–February) 24°–32°C/75°–90°F Hot and humid
Winter (June–August) 13°–26°C/56°–79°F Mild and dry

Population
City: 229,031
JCU Campus: 11,637 students

Transport
Bus, car, cycle or walk between campus and home.

Places of worship
JCU’s Multifaith Chaplaincy Centre.

Medical
JCU students have access to a range of on-campus services including dental, medical, psychological, physiotherapy, occupational therapy, speech pathology and exercise physiology clinics. Students can also access nearby healthcare services including the Townsville University Hospital which is located adjacent to the JCU campus and provides 24-hour acute care.

On-campus sport
Gymnasium, basketball courts, tennis courts, squash courts, netball courts, rugby and soccer fields, hockey fields and cricket pitches.

The Strand offers a range of fun outdoor activities.

Enjoy the 360-degree views of Townsville from the top of Castle Hill.
JCU Brisbane

JCU Brisbane is a modern, metropolitan campus located in the centre of Brisbane. Experience a world-class education, work opportunities and a balanced lifestyle in a welcoming and multicultural city. JCU Brisbane hosts many student clubs, associations and events where students can socialise with university staff and students from over 88 countries.

jcu.edu.au/brisbane

Brisbane fast facts
• Brisbane is the capital of Queensland and the third largest city in Australia
• Brisbane has been officially selected to host the 2032 Olympics
• Brisbane is close to some of Australia’s best beaches on the Gold Coast and Sunshine Coast
• Brisbane is one of the most affordable cities in Australia and is known for being safe and friendly.

Climate
Summer (December–February)
21°–30°C/69°–85°F
Warm with rainy periods
Winter (June–August)
11–21°C/51.6°–69.8°F
Dry and mild

Population
2.5 million (city)

Transport
Bus, train and ferry services are available within a short walking distance of the campus. The Brisbane International Airport is open 24/7 and is Australia’s third largest airport in terms of passenger traffic.

Places of worship
A prayer room is available on-campus for student use.

Medical
There are hospitals, medical clinics, psychology clinics and more off-campus.

Perfect weather and proximity to some of the world’s most beautiful natural wonders are just some of the reasons you will love studying in Brisbane.

JCU Singapore

James Cook University in Singapore was established in 2003, as JCU’s first international campus. The Singapore campus boasts cutting-edge facilities, collaborative learning spaces, and internationally renowned lecturers to help you succeed every step of the way. You will get the same quality educational programs and senior academic staff as JCU students in Queensland.

jcu.edu.sg

Singapore fast facts
• As an ever-evolving city, Singapore is at the forefront of global health, technology and economic advancement
• Be a part of this rich multicultural community.

Climate
Dry season (March–August)
25°–32°C/77°–90°F
Wet season (September–February)
24°–32°C/75°–90°F

Population
5.45 million (city), 4,000 (campus)

Transport
Two MRT (train) stations are a 10-minute walk from campus, and there are three bus stops within a short walking distance to the campus.

Places of worship
Two prayer rooms are available on-campus for student use.

Medical
The JCU Singapore Psychology Clinic is located on campus. A hospital is available 15 minutes from the campus, as well as several medical clinics around the city.

Sporting facilities
A wide range of sporting facilities are available on campus, including a gymnasium, cricket pitch, multi-purpose sports courts (basketball, volleyball and tennis), and an indoor multi-purpose hall for badminton games.

Perfect weather and proximity to some of the world’s most beautiful natural wonders are just some of the reasons you will love studying in Singapore.

jcu.edu.au
International Student Support
The JCU International Student Support team are dedicated to ensuring every international student gets the most out of their time at JCU. A range of social events are held on a regular basis, to help international students develop friendships, meet staff, and become familiar with campus services. The team provide a range of services, including pre-departure information, an airport arrival service, accommodation advice, and international student mentor programs. An International Student Orientation is held at the start of each semester. This is a great opportunity to make new friends, meet JCU staff, and hear important information about life at JCU. The team provide support and assistance in emergencies, and all JCU international students can access a 24/7 after-hours student hotline.

Events
Social gatherings, sporting activities, talent competitions and celebrations are organised for students on campus, and are also hosted by community organisations.

On-campus convenience
Cairns and Townsville campuses both offer a range of food outlets for your coffee, snacking and lunch needs.

Clubs and societies
Meet new people with common cultural, political, religious, sporting, recreation and academic interests.

Support services 90.8% satisfaction rate
Arrival services 91.6% satisfaction rate

The International Student Barometer Survey measures decision-making, expectations, perceptions and intentions from application through to graduation.

The JCU Student Association and JCU International Student Association provide a range of social, sporting and academic clubs and societies meaning there are plenty of ways to meet like-minded students. All JCU students receive membership to the JCU Student Association, offering discounts, events and amenities.

Sport and recreation
Access a range of on-campus sporting clubs and facilities including gyms, basketball courts, sporting fields and world-class mountain bike tracks.

Trips and tours
Looking for a bit of adventure? Take a break from study and explore beautiful North Queensland’s mountains, beaches, reefs and rainforests. Cuddle a koala, go skydiving or bungee jumping, or just find the best cafe in town. There is plenty to do for all tastes and personalities.

Volunteering
If you’re passionate about sustainability and the environment, our award-winning TropEco program could be perfect for you. Collaborate with like-minded people and volunteer in a range of TropEco activities, from running campaigns to maintaining on-site community gardens. Volunteer opportunities abound, and are a great way to make friends and spend time with like-minded people. You could volunteer at Orpheus Island Research Station near Townsville, or at the Fitzroy Island Turtle Rehabilitation Centre near Cairns.

The Learning Centre
The Learning Centre supports students with a range of resources. Our Learning Advisors help build academic skills and provide study tips, numeracy and basic statistics development, help with academic reading and writing, or run programs to further develop your English language skills with workshops or online programs.

The JCU 2021 JCU International Gala and Awards Night celebrated and recognised the achievements and contributions of JCU’s international students. A number of awards were announced at the event. Pictured above from left to right are the award recipients: Christopher Eric MacDonald - winner of the Spirit of Australia Award, Thibault Enrik Thime Eddie - winner of the Community Engagement Award, Lucas Leo Lutzenkirchen - winner of the Undergraduate International Student of the Year Award, Deborah Anne Burn - winner of the Inspirational Leader Award, and Nnamdi Chidiebere Mgbemena - winner of the Postgraduate International Student of the Year Award.

Your dream career starts with JCU

JCU graduates have the perfect balance of technical skills and creative outside-the-box thinking. We emphasise practical, immersive learning – making JCU graduates highly employable.

Professional experience is key
Take part in field trips, clinical placements, practicums and internships, and network with leading industry professionals via student placements and projects. You will transition into the workforce with the practical skills and knowledge you need to succeed.

Careers and employability services
We offer services including career planning, events and workshops, assistance with finding work while studying, job application tips and support, and much more.

Go global
Moving to Australia to commence your studies at JCU is an adventure in itself, but why stop there? Interstate and international study, work placement and volunteering opportunities give you the global perspective you need to take your degree to the next level.

Volunteering
Build your skills, experience and your resume via a range of extracurricular volunteering opportunities. Make a valuable difference to the community, have fun, gain work experience and network with friends and professionals. From protecting the environment to assisting at events, there is a volunteering opportunity to suit everyone.

JCU Bachelor of Medicine, Bachelor of Surgery student Dinuka Ariyarathna from Sri Lanka completed a placement at the Innisfail Hospital in Far North Queensland, providing essential services to the community during the COVID-19 pandemic.

Dinuka Ariyarathna

BACHELOR OF MEDICINE, BACHELOR OF SURGERY

Professional Employability Program
Enhance your employability and advance your career through our Professional Employability Program, delivered in partnership with employability experts Career Ahead.

The Program is available within the following degrees and includes industry involvement via keynote speakers, industry panels, work-based simulations and case studies:
- Master of Data Science (Professional)
- Master of Engineering (Professional)
- Master of Science
- Master of Science (Professional)

Program elements
1. Professional Employability Subject
Covers career planning, employability skills, professional networking and navigation of the recruitment process.

2. Employability Passport
Students access a range of resources to support career planning and develop an employability portfolio.

3. Industry Placement
The Industry Placement subject is usually completed towards the end of the degree. JCU works with industry partners Career Ahead, to ensure students can secure a suitable placement to meet their career goals.

Sai Pavan Pandrangi, a JCU international student from India, graduated with a Master of Information Technology and secured employment soon after with Australian telecommunications company Optus.

Sai Pavan Pandrangi
INDIA
MASTER OF INFORMATION TECHNOLOGY
Take advantage of our unique tropical location and take part in field trips to put your learning into practice.

Field trips
Many JCU subjects include field trips to various locations including our very own research stations on Orpheus Island in the Great Barrier Reef and in the Daintree Rainforest. Some of our most popular trips include Wooroonooran National Park, Wambiana Station in Western Queensland, JCU’s Orpheus Island Research Station, Three-mile Creek, Magnetic Island and Reef HQ.

Orpheus Island Research Station
JCU’s Orpheus Island Research Station is located 125km north of Townsville. Many subjects include field trips to the Island, which facilities include accommodation for up to 57 guests, wet and dry labs, temperature control room laboratories, and a range of boating, SCUBA diving and snorkelling equipment.

Daintree Rainforest Observatory
The Daintree Rainforest is one of the oldest rainforests in the world. It has the highest biodiversity of any ecosystem in Australia and is a magical landscape with unique biota, including numerous living fossils. Completely off-grid, the JCU Daintree Rainforest Observatory is the only field station in Australia operating a rainforest canopy crane and is one of only five long-term ecological monitoring sites in Australia. Facilities include a lecture theatre, indoor and outdoor laboratories and accommodation.

Wambiana Station
Wambiana is a fully operational outback cattle station. The Station contains a range of habitats including woodlands, dense thickets, a river, a lagoon, and areas grazed at different densities. It’s a great place to spot lots of Australian wildlife, including varied macropods (kangaroos, wallaroos, wallabies and bettongs), possums, marsupial carnivores, many species of birds and a diverse array of reptiles.

Enjoy nature up close and personal on our tropical campuses.
Each private bedroom has a lock and a range of features to ensure you can rest and study.

Accommodation

Find the right accommodation for you to call home at JCU.

Living on-campus
Living on-campus is a great way to make new friends and immerse yourself into JCU and Australian culture. By living somewhere comfortable and conveniently close to where you study, you can improve your overall student experience. Our on-campus options range from long corridor-style, fully-catered residences to smaller self-catered facilities. With so many options available across our different campuses, you can find the perfect place to suit your needs.

Support and security
Living on-campus is so much more than just a room. It is a safe, secure and fun way to study. All residences include academic, wellbeing and social support:
- Each bedroom has a lock that only you and our staff can access.
- Only residents have after-hours access to any buildings.
- Security cameras throughout the buildings. JCU security are on-campus and patrol the grounds 24/7 and can escort you back to your residence if you are studying late at night.
- Our on-campus team are here to support you.

Find the right option for you
JCU provides on-campus accommodation at JCU Townsville and JCU Cairns. JCU Townsville has five different accommodation options that house over 1,200 students, and JCU Cairns has a complex for 300 students. Whether you need accommodation for a semester or for your full degree, there are plenty of options available.

- All rooms at our on-campus residences are single board, with a single bed, study desk, chair, fan, air-conditioning and Wi-Fi.
- Each residence has a different style of living, culture and atmosphere. There are options for fully catered meals, which can be adapted to dietary requirements, or self-catered housing.

Homestay
With homestay accommodation, you are matched with a local family from the area to live with. All homestay hosts have been:
- Screened by the JCU’s homestay provider,
- Undergo training to provide a high level of service and comfort to the student.

Living off-campus
Off-campus housing can include sharing a house with other students, off-campus student accommodation or renting an entire property. Before committing to a property or room off campus, always check:
- What you are getting is part of your lease. For example, images of the property with furniture may have been put there for marketing purposes only.
- Dates and length of time you are committing to. You will be signing a legal document, which you may not be able to break if you change your mind.
- The property is located close to the university campus, bus stops and amenities.

Further information and virtual tours of each residence
jcu.edu.au/accommodation
When preparing your budget, make sure you do your research and factor in all your possible expenses. To help guide you, we’ve detailed what study costs you may incur as well as costs to think about before you arrive that are related to your studies.

**Tuition Fees**
International tuition fees for all levels of study are detailed from page 36.

**Incidental and Administration Fees**
Some courses have Incidental and Administration Fees for compulsory purchases not covered by your tuition fees such as uniforms, safety equipment and participation in course-related field trips.

**Student Services and Amenities Fee**
The Student Services and Amenities Fee is a compulsory fee for JCU students and is used to provide a range of student support services and facilities.

**Overseas Student Health Cover (OSHC)**
OSHC is insurance to assist international students in meeting the costs of medical and hospital care that they may need while in Australia. As an international student, it is a condition of your student visa that you have OSHC for the entire duration of your stay in Australia.

**Financial Aid**
JCU processes financial aid for students from a variety of countries. JCU is also registered as a provider to certify and administer US Federal Aid for new and continuing US students located at our Cairns and Townsville campuses.

### Living costs
Knowing the average living costs in Australia is an important part of your financial preparation.

- **Accommodation**
  - Hostels and Guesthouses - $90 to $150 per week
  - Shared Rental - $95 to $215 per week
  - On-campus - $110 to $280 per week
  - Homestay - $235 to $325 per week
  - Rental - $185 to $440 per week

- **Other living expenses**
  - Groceries and eating out - $140 to $280 per week
  - Gas, electricity - $10 to $20 per week
  - Phone and Internet - $15 to $30 per week
  - Public transport - $30 to $60 per week
  - Car (after purchase) - $150 to $260 per week
  - Entertainment - $80 to $150 per week

### Scholarships
We are proud to offer a range of scholarships to international students:

- **JCU Vice Chancellor’s International Student Scholarship**
  Provides up to a maximum of AUD$40,000 per year for the minimum course duration.

- **JCU International Excellence Scholarship**
  Provides a 25% tuition fee reduction for eligible high-achieving students from Asia, Canada, Europe, Latin America, the Middle East, Papua New Guinea and the USA.

- **JCU International Merit Stipend**
  Provides monthly payments of AUD$800 to assist with expenses throughout the duration of study at JCU, for eligible high-achieving students from Africa.

### Research Scholarships
JCU offers highly competitive scholarships to students commencing research degrees at Masters or Doctoral level.

### Funding your studies and scholarships

"JCU offered a great scholarship that helped me to balance my studies, work and wellbeing. With my studies from JCU, I can come back to my country and register my career."

Ana Belen Munoz Arteta
ECUADOR
MASTER OF SOCIAL WORK (PROFESSIONAL QUALIFYING)
JCU INTERNATIONAL EXCELLENCE SCHOLARSHIP RECIPIENT

You can browse all scholarships available to international students on the JCU scholarships website, which provides further details on all scholarships including eligibility criteria and application information.
World-class research

JCU is committed to creating a brighter future for life in the tropics worldwide through discoveries that make a difference. Excellence in Research for Australia (ERA) rated 83% of JCU’s research fields as world-class or above. JCU received the highest possible rating, well above world standard, in the research areas of ecological applications, ecology, environmental science and management, fisheries sciences, geology, medical microbiology, organic chemistry and plant biology. Every field of research in medical and health sciences was rated world-class or above. JCU received a rating of world-class or above in the following research areas:

- Anthropology
- Applied Mathematics
- Archaeology
- Biochemistry and Cell Biology
- Cardiorespiratory Medicine and Haematology
- Classical Physics
- Clinical Sciences
- Criminology
- Ecological Applications
- Ecology
- Electrical and Electronic Engineering
- Environmental Science and Management
- Evolutionary Biology
- Fisheries Science
- Geochemistry
- Geology
- Human Geography
- Human Movement and Sports Science
- Immunology
- Inorganic Chemistry
- Law
- Linguistics
- Materials Engineering
- Medical Biochemistry and Metabolomics
- Medical Microbiology
- Microbiology
- Neurosciences
- Nursing
- Oncology and Carcinogenesis
- Organic Chemistry
- Physical Chemistry and Environmental Geoscience
- Plant Biology
- Public Health and Health Services
- Sociology
- Specialist Studies in Education
- Technology
- Tourism
- Veterinary Sciences
- Zoology

Unrivalled access to environmental sites

JCU campuses and research hubs are on the doorstep of some of the world’s most spectacular environments, including:

- The Great Barrier Reef Marine Park
- The rainforests of the Wet Tropics
- The savannahs of Cape York Peninsula
- The deserts of the arid outback.

These laboratories provide JCU staff and students with unlimited opportunities. Governments and global businesses consider JCU’s research as central to the future of the tropics. JCU has strong links with rural, remote and Indigenous communities in the Asia Pacific region. Many local, national and international research organisations and industry groups collaborate with JCU. These linkages help ensure our courses are research-rich and reflect the latest innovations. Many of our staff and students are co-located with researchers from partner institutions.

JCU research sites

Study and research in JCU’s innovative research facilities across Northern Queensland.

- JCU Cairns Institute
- JCU Australian Institute of Tropical Health and Medicine
- JCU Orpheus Island Research Station
- JCU Marine and Aquaculture Research Facility
- ARC Centre of Excellence for Coral Reef Studies
- Australian Institute of Marine Science - AIMS@JCU

JCU’s proximity to the Great Barrier Reef means students have easy access to a diversity of marine and coastal ecosystems.
Bachelor of Business

Students can tailor this degree to suit their interests and career goals through a flexible combination of core subjects and a range of majors and minors.

Work integrated learning opportunities are embedded from year one and prepare students for a final-year work placement to develop practical skills and make industry connections.

Majors available:

• Business Intelligence and Information Systems
• Hospitality and Tourism Management
• Human Resources Management
• International Business
• Management
• Marketing for the Digital Age
• Sports and Events Management.

Can also be studied via a joint degree:

• Bachelor of Business-Bachelor of Laws
• Bachelor of Business-Bachelor of Psychological Science
• Bachelor of Arts-Bachelor of Business
• Bachelor of Business and Environmental Science.

MBA [2-year]

This flexible course can be tailored to suit a range of professional interests and career goals across fields including economics, marketing, international business or entrepreneurship. Students learn from leading industry experts and develop industry experience to prepare for global career options via a research project or a professional internship.

Majors available:

• Conflict Management and Resolution
• Entrepreneurship
• Finance (external only)
• Project Management.

Master of International Tourism and Hospitality Management

Become a leader in the hospitality and tourism sector with this specialist JCU postgraduate course. Advance your career and become a management-level professional with expert knowledge of business operations and administration.

The Master of International Tourism and Hospitality Management can be combined as a joint degree with the Master of Business Administration.

“I looked at JCU and I was really impressed by the way JCU represents itself in the global market. Another thing that attracted me to JCU was the location.”

Noah Enrique Thomas
INDONESIA
BACHELOR OF BUSINESS AND ENVIRONMENTAL SCIENCE
Bachelor of Medicine, Bachelor of Surgery

The Bachelor of Medicine, Bachelor of Surgery is the first step to a career as a medical practitioner. Our teaching combines integrated instruction in biomedical and social sciences, professional practice, and clinical medicine, in a tropical context. Students gain the knowledge and expertise to diagnose and treat human injuries and disease and benefit from modern facilities, extensive clinical training and a superior learning location.

JCU’s Townsville campus medical precinct is adjacent to the Townsville University Hospital, which is the largest teaching hospital in regional Australia. Other clinical locations include Cairns Hospital, Mackay Base Hospital, the Mater hospitals in Townsville and Mackay, and numerous smaller teaching centres in rural and remote communities.

Be equipped with the skills to make an impact. JCU Medicine and Dentistry students gain valuable skills and experience through extensive clinical practice and graduate with the confidence to take on any challenge after undertaking placements in diverse communities.

Bachelor of Dental Surgery

JCU’s Bachelor of Dental Surgery provides students with the knowledge and skills for a rewarding career. Our broad-based program includes all aspects of dental practice, with a focus on tropical, rural and Indigenous practice. Students develop practical work skills in JCU’s world-class dental teaching complex, with a state-of-the-art clinical simulation laboratory, and benefit from over 2,000 hours of clinical practice in a range of settings from rural and remote communities to city areas. The course is fully accredited with the Australian Dental Council – the national accreditation and standards body. Dentistry graduates are eligible for professional registration within Australia, New Zealand and Canada.

“JCU provides an exceptional educational experience, with plenty of placement opportunities and interactions with all walks of life.”

Srikanveri Sriram
BOTSWANA
BACHELOR OF MEDICINE, BACHELOR OF SURGERY

“One of the reasons I picked JCU is the amazing amount of clinical hours that you just don’t find in the US or Canada. In total, JCU prepares you with 2,200 hours of clinical hands-on experience treating patients so you feel very work ready the minute you graduate.”

Tanner Pachal
CANADA
BACHELOR OF DENTAL SURGERY
Bachelor of Nursing Science [Pre-registration]

The JCU Bachelor of Nursing Science [Pre-registration] prepares students for careers in multiple settings from large metropolitan hospitals to rural and isolated practice clinics. Students learn how to assess clients, communicate with people from diverse cultural backgrounds, plan and implement nursing interventions, and manage and evaluate nursing care in this professionally-accredited degree. Extensive supervised professional practice and clinical experience in real world settings starts from year one.

Benefit from JCU’s reputation as the Centre for Nursing and Midwifery Research, and the World Health Organisation’s Collaborating Centre for Nursing and Midwifery Education and Research Capacity Building. Graduates will be eligible for registration as a Registered Nurse (Division 1) with the Nursing and Midwifery Board of Australia.

NO. 2
in Australia for Median Salary
2022 Good Universities Guide UG Nursing

CRICOS Provider Code 00117J

Master of Social Work (Professional Qualifying)

Our Master of Social Work (Professional Qualifying) program is recognised by the Australian Association of Social Workers. Subjects cover the unique and complex challenges of social work, including global issues and international perspectives. Students gain practical professional experience and acquire valuable hands-on experience working with individuals, families, groups and communities through on-campus classes and residential workshops.

JCU is a leader in regional, rural and tropical healthcare sciences with an emphasis on authentic learning and compassionate care.

JCU Humanities, Creative Arts and Social Sciences programs empower critical and creative thinking. Graduates have strong analytical skills and a solution-based approach.

Society and Culture

“We don’t only study what’s written in the book. They invite guest lecturers from the profession, from the field itself, so it gives us knowledge of what is going on currently in the market. The entire course curriculum is outstanding and that’s the reason I’m here.”

Chandandeep Patel
INDIA
MASTER OF SOCIAL WORK (PROFESSIONAL QUALIFYING)

NO. 2
in Australia for Median Salary
2022 Good Universities Guide UG Nursing

“It is refreshing to find the curiosity and interest in every student on campus. We are all here because we want to learn and not because we must. And that willingness to learn reflects in everyone’s engagement and openness.”

Carmen Bittner
GERMANY
BACHELOR OF NURSING SCIENCE (PRE-REGISTRATION)
Science, Marine Science, Technology, Engineering and Maths

With access to a unique tropical learning environment and the Great Barrier Reef right on our doorstep, JCU students are ready to lead in a fast-paced world.

Bachelor of Science
The JCU Bachelor of Science is a flexible program, allowing students to tailor their studies to suit their interests and career plans. The degree covers the fundamentals of science in year one. Students then select one or two majors to continue to build knowledge and skills in their chosen discipline areas.

Students undertake research in unrivalled locations including the World-Heritage listed Great Barrier Reef and Daintree Rainforest, and learn in state-of-the-art research and teaching facilities such as JCU’s Science Place.

Students can choose one or two majors.

Majors available:
- Aquaculture Science and Technology
- Chemistry
- Data Science
- Earth Science
- Marine Biology
- Mathematics
- Molecular and Cell Biology
- Physics
- Zoology and Ecology

A Bachelor of Science (Honours) degree is available to high-achieving students.

Bachelor of Marine Science
Pursue your passion for the ocean and marine life while studying in JCU’s advanced research aquariums and laboratories.

Undertake research at the JCU Orpheus Island Research Station, or at coral reefs, islands and seagrass and mangrove environments. Build capabilities in the use of seabed mapping and fish assessment sonar, oceanographic sensors, and use a range of technologies to gather data above and below the waves.

High achieving students can continue their studies through the Bachelor of Science (Honours) degree.

Master of Science 1.5 years (full-time)
This flexible course includes a range of diverse majors and electives to allow students to extend and specialise core knowledge components. Students learn from research and industry experts through practical experiences in varied environments. An Employability Program is embedded in the degree, enabling students to advance their career prospects and develop industry connections.

Majors available:
- Aquaculture Science and Technology
- Environmental Earth Science
- Environmental Management
- Fisheries Science and Management
- Geology
- Global Change Biology
- Marine Biology
- Tropical Biology and Conservation.

Master of Science (Professional) 2 years (full-time)
The Master of Science (Professional) includes the same majors as the Master of Science, but also includes advanced coursework subjects and either an independent research project or an industry-based project. The research project is a pathway towards a PhD by research program.

Majors available:
- Aquaculture Science and Technology
- Environmental Earth Science
- Environmental Management
- Fisheries Science and Management
- Geology
- Global Change Biology
- Marine Biology
- Tropical Biology and Conservation.

“James Cook University has a very good support system, so there is always someone to ask for help if you need it, whether it’s with academic writing or if you just want to talk to somebody. Café International on Tuesday mornings is a great way to meet other international students studying at JCU.”

Vesla Hauan Nilsen
NORWAY
BACHELOR OF SCIENCE

“No. 1 in the world for Marine and Freshwater Biology
2017 Center for World University Rankings (CWUR)

TOP 100 in the world for Earth and Marine Sciences
2017 QS World University Rankings

No. 25 in the world for Ecology
2017 Global Ranking of Academic Subjects (ARWU)
“After I graduated college, I heard things from people about JCU in the environmental world and how they loved the program as well as the researchers. I researched the university and fell in love with the marine biology program and the opportunities to be on the Great Barrier Reef.”

Katrina Dutton
USA
MASTER OF SCIENCE (PROFESSIONAL)

“In the villages where I grew up, when the sun sets, people are left in the dark. Shops and markets have no choice but to shut down until the next day. I wanted to help villages like mine to tap into readily available solar energy to light up the night.”

Douglas Muthamia
KENYA
MASTER OF ENGINEERING (PROFESSIONAL)

www.youtube.com/jamescookuniversity

“The Master of Marine Biology will provide graduates with the skills most sought after by marine sector employers. Students develop specialist knowledge in different fields of marine science, and gain hands-on experience of professional practice with either a focus on knowledge discovery or work integrated learning.”

Associate Professor Mia Hoogenboom
LECTURER
MARINE BIOLOGY DISCIPLINE, COLLEGE OF SCIENCE AND ENGINEERING
### Undergraduate courses and fees

The fees listed are in Australian dollars and are based on the annual international tuition fee for students commencing in 2023. Annual (per year) international tuition fee equates to 24 credit points. Tuition fees may increase each year.

Please note that some majors and subjects are not available on all campuses and that some courses or subjects are not available every semester or trimester intake.

Please visit [jcu.edu.au](https://jcu.edu.au) for the most up-to-date information on courses, intakes, majors, subject availability and fees.

*All applicants for initial teacher education courses must satisfy both academic and non-academic entry criteria. QTAC assesses applicants’ non-academic capabilities using an instrument developed with the Australian Council of Deans of Education. Students must meet English language proficiency requirements for teacher registration in Australia, either on entry to or graduation from the program.

### Postgraduate coursework courses and fees

The fees listed are in Australian dollars and are based on the annual international tuition fee for students commencing in 2023. Annual international tuition fee equates to 24 credit points. Tuition fees may increase each year. Please note that some majors and subjects are not available on all campuses and that some courses or subjects are not available every semester or trimester intake. Please visit jcu.edu.au for the most up-to-date information on courses, intakes, majors, subject availability and fees.

</tbody>
</table>

Other English language tests may be accepted as proof of English language proficiency. Some qualifications may satisfy our English language requirements.

* IET is only accepted for the following undergraduate courses: Physiotherapy, Pharmacy, Psychological Science, Occupational Therapy, Nursing Science, Medicine, and Dental Surgery.

Approved by Academic Board 29 April 2019.

Course specific English entry requirements

Bachelor of Speech Pathology: Academic IELTS - 7.0 (with a minimum writing score of 6.0, minimum speaking score of 8.0, minimum reading and listening score of 7.0).

Bachelor of Education (B.Ed) (Primary) (Secondary): Academic IELTS - at least 6.5 with subscore no less than 7.0 in Speaking and Listening and no less than 7.5 in Reading and Writing; or TOEFL-iBT over all score of 86 with no less than 24 in Speaking and Listening; no less than 21 in Reading and Writing or Pearson (PTE Academic) overall score of 58 with no less than 65 in Speaking and Listening, no less than 54 in Reading and Writing.

Master of Teaching and Learning (Primary) and Master of Teaching and Learning (Secondary): Academic IELTS - at least 7.5 with subscore no less than 8.0 in Speaking and Listening and no less than 7.0 in Reading and Writing; or TOEFL-iBT overall score of 108 with no less than 28 in Speaking and Listening, no less than 24 in Reading and Writing or Pearson (PTE Academic) overall score of 73 with no less than 79 in Speaking and Listening, no less than 65 in Reading and Writing.

Higher Degrees by Research (HDR): Competitive JCU scholarships require students to meet Band 3a requirements.

English language pathways

If you do not meet the English language requirements for your chosen JCU degree, an English language pathway may be available to you. Please visit our website for more information.

“My reason to choose JCU was its world-class facilities as well as its high employment rate. What makes JCU special to me is the fact that it is very orientated towards its students.”

Aryan Yadav
INDIA
MASTER OF BUSINESS ADMINISTRATION
How to apply - Undergraduate and Postgraduate Coursework

1 Submit your application
You can apply online, through an authorised representative, or via a print application form.

APPLYING ONLINE
You can submit your application online via our application portal.
www.jcu.edu.au/international

APPLYING THROUGH AN AUTHORISED JCU REPRESENTATIVE/AGENT
You may also engage the services of one of JCU’s authorised representatives/agents. A list is available at:
jcu.edu.au/international/apply/jcurepresentatives

2 Assessment
We will assess your application based upon academic and English entry requirements for your preferred course. You will be advised of any additional documentation required.

3 Receive and accept your offer
If your application is successful, you will receive your offer by email. This will include information on how to accept your offer, and next steps.

Application deadlines
We recommend you apply for undergraduate and postgraduate courses as early as possible. Standard application deadline is six weeks prior to course commencement. Many courses have specific application due dates, so please check the website for full details.

www.jcu.edu.au/international

Credit for advanced standing
If you have completed subjects at another institution, or as part of a different degree at JCU, you may be able to transfer credit to your new course. Visit:

jcu.edu.au/students/enrolment/study-credit

How to apply - Higher Degrees by Research

You can submit an application for a Higher Degree by Research at any time.

1 Complete an Expression of Interest (EOI) form
Complete an Expression of Interest (EOI) form for a Higher Degree by Research and check your eligibility for the degree you are applying for.

www.jcu.edu.au/graduate-studies

2 Scholarships
If you are applying for a scholarship, please check the application deadlines at:

jcu.edu.au/scholarships

3 Find a potential Research Supervisor/Advisor
Visit the JCU Research Portfolio to find a potential supervisor, learn about our collaborations, and explore current research topics:

research.jcu.edu.au/portfolio

4 Submit EOI to your potential supervisor
Submit your completed EOI form for a Higher Degree by Research to your potential research supervisor(s).

If your potential supervisor(s) indicates that they are interested in supervising your research degree, you then commence the Candidature application process online.

5 Submit your Candidature Application online
– Select ‘Apply International’ and register as a first time user on JCU’s application portal using your full legal name as it appears on your passport
– Prepare electronic copies of your documentation as requested on the website – for example, academic transcripts, academic English proficiency results, and your advanced standing (credit) application
– Please note: Your academic transcripts must be accompanied by the grading scale used at the institution where you undertook your studies. If your documents are not in English, you must include an official translation
– If your native language is not English you need to demonstrate your English language proficiency, please see page 14. Applicants who have successfully completed two years of full-time study in which the language of instruction was English may satisfy the English requirement
– Complete all the questions and upload all your documents. You can save and continue the application later if you need to
– Submit your application

6 Assessment
JCU will assess your application based on the documents provided and the course selected. You will be advised of any additional documentation required.

7 Receive and accept your offer
If your application is successful then JCU will send your offer by email. This will include information on how to accept your offer, and next steps.
“I was looking for opportunities to study and conduct research in a thriving research environment. JCU is situated close to the Great Barrier Reef and tropical rain forest World Heritage Sites and provides a great opportunity for my research fields, Tropical Biology and Conservation. My aim is to acquire research skills, build up international networks, and return to Thailand to join a research team to address local environmental issues.”
