Welcome to UniSC

At UniSC, we are renowned for our personal approach to teaching, whether it’s in class or online. That’s why we are consistently rated one of the top universities in Australia for teaching quality and overall student experience.

We offer hands-on learning and flexible study options across more than 120 programs, at a network of teaching locations from Moreton Bay, just north of Brisbane, to the famous Fraser Coast. Since 1996, we have supported 28,000 graduates achieve their educational and career goals.

As all our programs include practical training or internships and focus on the core skills students need to succeed in the future workplace, we are considered one of the best universities in Australia for employer satisfaction with graduates.

Our students learn from some of the most highly regarded experts in their fields, who are nationally awarded and regularly recognised for excellence in learning and teaching.

UniSC students come from diverse backgrounds but share the same goals: to discover their future path, to become the best they can be, and to make their mark on the world.

We look forward to helping you discover the world of opportunities that await.

Professor Helen Bartlett
Vice-Chancellor and President

An international student is a person who:

• is an international student who holds a visa that has appropriate study rights

An international student visa holder:

• is an international student who holds a Student visa issued by the Department of Home Affairs. Student visa holders should be aware of the ESOS Act 2000 and the National Code, which registered providers offering CRICOS registered programs to international student visa holders need to adhere to.

Welcome to the University of the Sunshine Coast (UniSC)
Welcome to the University of the Sunshine Coast, UniSC for short.

We’re a young, fresh university driven by an unwavering belief that community and culture is just as important as world-class education, given by world-class educators.

We may not be the biggest university, but we’re growing every day, and doing big things. Like ground-breaking research, championing sustainability, and producing award-winning alumni.

Our first campus on the Sunshine Coast opened its doors in 1996. Today, we span five campuses across Southeast Queensland.

Being a young university means you’re never going to be limited by stale traditions or phrases like “That’s the way we’ve always done it”. We prefer innovative thinking that moves everyone forward.

Our students have ranked UniSC as one of the best universities in Australia for teaching quality for 17 consecutive years.

UniSC has 26 specialty areas including environmental sciences, nursing, medical and mental health sciences, biological sciences, engineering, technology, psychology, agriculture, human studies and communication.

Together with our people, community and partners, we’re building a safe, sustainable, supportive, and fun learning environment, where lifelong friends are made, and opportunities are earned.

Join us and build your future, the way you want it.
We’re a UNESCO Biosphere

UNESCO recently recognised the Sunshine Coast as a biosphere. This means the region is an international site of excellence. The exciting accolade was granted for the Sunshine Coast’s commitment to protecting and enhancing the region, communities, the economy and its natural assets.

The Sunshine Coast is committed to staying future-facing. Becoming a biosphere will ultimately help enhance our national and international reputation to better support our economy, lifestyle and environment for future generations.

We’re changing the way universities do energy. Clean energy is more than just a lesson at UniSC – it’s how we power our largest campus. To embrace Australia’s ample sunshine, we’ve installed 6,000+ solar panels to power a “water battery”. This action will cut our energy use by 40 percent – a first for an Australian university.

In the Times Higher Education (THE) Impact Rankings 2022, UniSC placed:

- **1st in Queensland** for ‘Overall Impact’
- **3rd in Australia** for global impact to ‘Life on Land’
- **5th in the world** for our global impact to ‘Clean Water and Sanitation’

**Research**

We want to stay on the front foot – always up-to-date and relevant. This is why our research explores the timeliest topics of our era, with the most meaning for the future. Topics like global warming and plastic pollution, brain science studies focused on mental health, making our roads safer, and Indigenous and social justice policies to name a few.

Our research impacts are being felt on both a regional and global scale through outcomes that make a real difference, transforming communities and lives.

Read more about our research on page 11, or scan the QR code to visit usc.edu.au/research.

---

**UNESCO Biosphere**

**UNESCO recently recognised the Sunshine Coast as a biosphere. This means the region is an international site of excellence.** The exciting accolade was granted for the Sunshine Coast’s commitment to protecting and enhancing the region, communities, the economy and its natural assets.

The Sunshine Coast is committed to staying future-facing. Becoming a biosphere will ultimately help enhance our national and international reputation to better support our economy, lifestyle and environment for future generations.

**We’re changing the way universities do energy. Clean energy is more than just a lesson at UniSC – it’s how we power our largest campus. To embrace Australia’s ample sunshine, we’ve installed 6,000+ solar panels to power a “water battery”. This action will cut our energy use by 40 percent – a first for an Australian university.**
Industry connections and partnerships

The Sunshine Coast has an important role to play as we head towards the 2032 Summer Olympic Games in Brisbane. With the Sunshine Coast International Broadband Network up and running, the region is well-positioned to connect with global markets, boosting our smart city capability and connecting industry to important data networks.

UniSC partners with a range of industries to provide students with opportunities to gain industry experience through Work Integrated Learning (WIL) or industry certification courses, as part of their UniSC program. We’re building industry relationships that will further empower our students with organisations including:

Ingram Micro
Ingram Micro (IM) Cloud’s internship program with UniSC enhances the employability of entry-level technology associates by providing valuable work experience to students to complement their degree. By keeping diversity at the heart of their organisation, this pathway creates more opportunities for students from diverse backgrounds with multilingual skills to gain on-the-job IT experience.

Haven XR
A virtual reality studio is putting down roots at UniSC in a pioneering industry partnership. HavenXR will base its full-scale studio at the Sunshine Coast campus, ensuring their expertise and experience and “regenerative design ethos” are accessible to students, while tapping into the university’s latest research and development for their location-based virtual reality (VR) products.

Microsoft
The UniSC partnership with Microsoft provides ICT students with industry experience during their degree. Students can earn certifications as part of their course at no added cost. This relationship gives students the best chance at securing a job in their chosen field of study.

Dell, Epic Games, Cisco and Smec
Several industry partners provide students with internships as part of their course, or as extra work experience, meaning our students have the added advantage of gaining experience while studying. At UniSC, our aim is for all technology students to experience an internship or dedicated industry project as part of their capstone course.

International Student Guide 2023 – University of the Sunshine Coast, Australia
Study in Queensland

The benefits of living and studying in Queensland are many, and include:

• 7000 km of coastline: You can take part in some of Australia’s favourite water sports, like surfing, paddle-boarding and kite surfing.
• 200 national parks: Explore Queensland’s natural diversity, from rainforests to our famous beaches.
• 7–8 hours of sunshine: On average, per day in the Southeast region.
• 3 million people: Living in Southeast Queensland, with all the benefits of a metropolitan area – shopping, food, culture, theatres, museums and nightlife.
• 30,000 years of history: Australia’s Aboriginal and Torres Strait Islander cultures are among the oldest in the world. Queensland offers plenty of opportunities to experience their history and traditional practices.
• 5 world heritage areas: Including Fraser Island and the Great Barrier Reef.

Our student and graduate successes speak for themselves

90% of UniSC graduates are employed within four months of finishing their degree.
8% of our Southeast Queensland student population are International students.
60% of our students are aged 24 and under.
70% of our students study full-time.
18,275 total UniSC students.
1,255 international students from 72 different countries.
30,625 graduates.
33,700 awards conferred.

1. Graduate Outcomes Survey 2022 (QILT)

The Good Universities Guide 2022/23 rated UniSC 5 stars for Teaching quality, Overall experience, Learning resources and Student support.

We’re also proud of the following accolades in the Times Higher Education (THE) Impact Rankings:
• 1st in Queensland for ‘Overall Impact’
• 3rd in Australia for our global impact to ‘Life on Land’
• 8th in the world for our global impact to ‘Clean Water and Sanitation’
UniSC Sunshine Coast

UniSC’s main campus is in Sippy Downs, right in the heart of the Sunshine Coast, on a beautiful, 100-hectare wildlife reserve that’s home to many Australian native birds and animals.

But, don’t feel limited to this one location, as we offer flexible study options in our network of teaching locations between Brisbane and the Fraser Coast, so you can choose how and where you study.

UniSC Sunshine Coast is close to stunning beaches, numerous shopping centres and eateries, and is home to some of the most innovative learning and visualisation facilities in Australia. These include a $37m Engineering Learning Hub with a 3D CAVE2™ visualisation studio, simulated nursing and paramedic labs, specialised computer, science, manufacturing and design labs, sport science labs, and a range of interactive digital learning spaces. Students also have access to the award-winning UniSC Library (24/7) and Art Gallery, modern teaching and study spaces, a community garden, and a space for multi-faith prayer and quiet reflection.

If sport is your passion, you’ll be in the right place. UniSC Sunshine Coast is a world-class sporting destination with nationally-accredited facilities. The High Performance Sport precinct includes an aquatic centre with a 50-metre Olympic standard swimming pool, six-lane 25-metre pool, cold immersion and warm plunge pool and aquatic recovery equipment. It also features an athletics track, playing fields, courts, and a fully equipped gym. The 3,000-seat indoor UniSC Stadium is home to the premiership-winning Sunshine Coast Lightning netball team.

Privately-owned student accommodation can be found nearby. There is regulated and free parking near campus, as well as public transport options, with the UniSC bus stop and secure bike stations.
UniSC Moreton Bay

1 Moreton Parade, Petrie

Opened in 2020, UniSC’s newest campus is found in Petrie, and is part of “The Mill at Moreton Bay”. One of the fastest growing regions in Australia, Moreton Bay is a vibrant civic, cultural and business precinct offering a wide range of industry experiences for students.

The new campus includes:

• a 460-seat capacity lecture theatre
• $15 million worth of state-of-the-art technology
• nursing simulation labs
• a 120-capacity superlab for chemical experiments
• specialist engineering labs designed for cross-discipline collaboration
• dedicated student study spaces with 24/7 library access

UniSC Moreton Bay facilitates more than 60 undergraduate degrees, including business, engineering, nursing, education and psychology and new programs like computer science and mechatronics, and offers:

• An easy walk to Petrie Train Station, which connects to Brisbane and the local surrounds
• Modern equipment and up-to-the-minute technology
• Lecture theatre and classrooms, study spaces and break-out zones
• Free carpark and paid student parking

UniSC Moreton Bay is becoming our Engineering Hub, offering a range of programs within Civil, Electrical and Electronic, Mechatronic, Mechanical and Honours. Popular programs at this campus include:

• Bachelor of Engineering (Civil) (Honours)
• Bachelor of Engineering (Electrical and Electronic) (Honours)
• Bachelor of Engineering (Mechanical) (Honours)
• Bachelor of Engineering (Mechatronic) (Honours)

UniSC Fraser Coast

181 Old Maryborough Road, Hervey Bay

Choose to study in the heart of beautiful Hervey Bay, with easy access to UniSC’s K’gari Research and Learning Centre.

The campus can be found in the central business district, not far from local shops and cafes and just a few minutes drive to quiet bayside beaches. Facilities include interactive learning technologies, simulated nursing wards, specialist science laboratories, a student library, a Makerspace, collaborative study areas and computer labs.

UniSC Fraser Coast offers all UniSC student services, including academic and study support, library and IT services, counselling, health and well-being support, Indigenous Services and more.

International students can study undergraduate programs in animal ecology, business, science, nursing, social work and education. You can even study first-year courses from a range of other UniSC programs at UniSC Fraser Coast and then choose to complete your degree at UniSC Sunshine Coast, which offers:

• Direct access to UniSC’s K’gari Research and Learning Centre
• A short walk to Hervey Bay CBD and bayside beaches
• Regular bus services between campus and all major shopping centres and suburbs of Hervey Bay and Maryborough
• Easily accessible by car and bicycle
• Cafe and on campus support services

UniSC Fraser Coast is found on a UNESCO World Heritage site with direct access to K’gari Research and Learning Centre. This offers the perfect opportunity for students to live and study in an area directly focused on animal ecology and the environment. Popular programs at this campus include:

• Diploma in Animal Ecology
• Bachelor in Animal Ecology
• Master of Science
UniSC Caboolture
80-106 Talton Street, Caboolture

Offering the best of both worlds, this campus is conveniently located halfway between the Sunshine Coast and Brisbane, in vibrant Moreton Bay.

UniSC Caboolture offers a hands-on campus experience, including collaborative learning spaces, interactive technologies, computer labs, student common rooms, sporting facilities, and a campus library. It also features the Health Learning and Simulation Centre, where nursing students build practical skills and work with industry-standard equipment in a simulated hospital environment.

UniSC Caboolture offers all UniSC student services, including academic and study support, library and IT services, counselling, health and well-being support, Indigenous Services, and offers a:

- Thriving region with access to industry and a Health Learning and Simulation Centre
- Centrally located campus 25km north of UniSC Moreton Bay and 50km south of UniSC Sunshine Coast
- Library, student common rooms and a bookshop
- Easily accessible by public transport, including bus and train
- Free shuttle bus services between the campus and Caboolture train station during semesters
- Free student parking

With interactive teaching and simulation spaces for hands-on learning within Nursing, UniSC Caboolture gives students placement opportunities with industry partners like Comlink.

Students can choose between the following nursing programs:

- Bachelor of Nursing Science
- Bachelor of Nursing Science (Graduate Entry)

Take a virtual tour of our Caboolture campus: usc.edu.au/usc-caboolture-tour

UniSC Gympie
71 Cartwright Road, Gympie

You can find UniSC Gympie nestled among beautiful natural surrounds.

A daily shuttle bus connects the campus with UniSC Sunshine Coast, which is only an hour’s drive south. The Gympie region (population 50,000 people) sits on the doorstep of the World Heritage listed K’gari Island and Great Barrier Reef. Situated only two hours from Brisbane and 30 minutes from Noosa, it’s home to an abundance of state and national parks and is part of the Great Sandy Biosphere.

Facilities include interactive learning technologies, collaborative study areas and computer labs. UniSC Gympie offers all UniSC student services, including academic and study support, library and IT services, counselling, health and well-being support, Indigenous Services and more, such as:

- Access to the World Heritage listed K’gari Island and Great Barrier Reef
- Simulated learning spaces
- New study and break-out spaces
- Computer access
- Daily shuttle bus to UniSC Sunshine Coast
- 24/7 access to library collection in Building B

At UniSC Gympie, students have the opportunity to study Nursing Science north of the Sunshine Coast campus, giving them the chance to gain placement experience with industry partners such as Comlink.

At this campus, international students can study the three-year Bachelor of Nursing Science program.

Take a virtual tour of our Gympie campus: usc.edu.au/usc-gympie-tour

Research highlight

Associate Professor Kathy Townsend
PhD (Marine Science) Qld., BSc (Marine Biology)  First Class Hons Qld., BSc Qld.

A multi-award-winning researcher, Kathy’s work focuses on marine conservation and human impacts on the marine environment. She has lived and worked on marine research stations for decades, bringing a breadth of knowledge, experience, and community engagement that is highly valued by students and peers.

Kathy’s research programs draw their strength from a multidisciplinary approach and focus on global scale issues, such as the impacts of marine debris and marine pollution. As lead academic of the internationally renowned scientific programs “Project Manta”, “Turtles in Trouble” and “Leaf to Reef”, her research has been featured on multiple international documentaries, including BBC David Attenborough’s “Great Barrier Reef” and Nat Geo Wild’s “Manta Mystery”.

Find out more about Kathy

It’s a uniquely challenging time for humanity and our planet.

At a time when the world is seeking answers, we’re seeking new perspectives and fresh insights through research that propels knowledge, action and impact.

In an industry of new ideas, we’re not bound by doing things the way they’ve always been done. We’re a young university at the epicentre of progress.

Health, medicine and well-being

UniSC research is improving the quality of human life around the world. Teams are tackling disease, improving our understanding of the effects of ageing, and finding new ways to address mental health challenges. Clinical trials bring new discoveries and medical breakthroughs more quickly to those who need them, with life-changing impacts.

Agriculture, aquaculture and forestry

Ensuring our natural landscapes are used responsibly and sustainably is one of our highest priorities. UniSC research is creating a sustainable future, impacting how forests and aquatic environments are managed, protected and best utilised in Australia and around the world. Our research examines how to effectively balance economic and environmental outcomes.

Ecology and environment

Understanding our world and how we interact with it, allows us to create a better and more sustainable future. From forest to ocean floor, UniSC research is making new discoveries and providing solutions for environmental and ecological challenges worldwide. UniSC is ranked among the world’s best for our commitment to sustainable development.

Thompson Institute

A world-class facility for mental health and neurological research, teaching, advocacy and clinical services. Located in Birtinya, the institute is approximately a 15-minute drive by car from the main UniSC Sunshine Coast campus. Students studying either the Master of Psychology (Clinical) or Master of Professional Psychology will be based at this location.

Watch now

UniSC’s Thompson Institute delivers postgraduate programs in Mental Health and Neuroscience

Human behaviour, work and society

Better understanding of individual, organisational and societal behaviour, brings innovations and discoveries that can create a brighter and more sustainable future for us all. UniSC researchers are advancing new ways to deter dangerous and criminal behaviour, designing more sustainable urban environments, and finding opportunities to optimise and manage complex systems and behaviour in workplaces and communities.

Our centres and institutes

• Australian Centre for Pacific Islands Research
• Centre for Bioinnovation
• Centre for Human Factors and Sociotechnical Systems
• Forest Industries Research Centre
• K’gari Learning and Research Centre
• National Centre for Timber Durability and Design Life
• Tropical Forests and People Research Centre
• Forest Research Institute
• Thompson Institute

1. Times Higher Education (THE) Impact Rankings 2022
2. Excellence in Research for Australia (ERA)
UniSC is a premier sporting destination with nationally-accredited facilities and support from leading health and sports scientists.

High performance champions train side-by-side with beginners in a supportive sports community that drives excellence. Resident teams at UniSC Sunshine Coast include the Sunshine Coast Lightning (netball), Sunshine Coast Thunder (netball), the Australian Cycling Academy, and UniSC Spartans (swimming).

2032 Olympics
The Sunshine Coast is proud to be a delivery partner of the Brisbane 2032 Olympic and Paralympic Games. The region will be home to four key venues and several exciting sporting events. The marathon, kiteboarding and cycling events will take place around the beautiful Alexander Headlands; the Kawana Precinct will host football matches; and the Sunshine Coast Athletics Village will be right in the heart of the Maroochydore City Centre. Other events taking place on the Sunshine Coast include basketball and mountain biking.

Student teams and social sport
UniSC offers many student-run sporting clubs and teams from elite to social level. You can represent the UniSC Spartans at the UniSport Nationals and other intervarsity events, or join free social sporting programs. Student sporting clubs and teams include AFL, badminton, basketball, rugby league and even quidditch. Learn more at usc.edu.au/sport

High Performance Sport
UniSC supports athletes and teams at the highest levels of sporting competition. Our rising champions achieve their personal best in sport, competition and study, surrounded by the right expertise, people and facilities. Emerging and world-class sport and exercise scientists use the latest technology and facilities to harness the power of human movement to impact fitness, performance and recovery.

UniSC also has the High Performance Student Athlete (HPSA) program where students receive:
- Access to UniSC Sport Performance Clinic Services
- Complimentary use of UniSC’s sport and fitness facilities
- Access to the High Performance Student Athlete Lounge
- 12-month UniSC Gym membership
- Sports Science testing laboratories
- UniSC High Performance Student Athlete shirt

As well as the above services, students can access personal development opportunities and tailored academic and career support. Learn more about the HPSA program at usc.edu.au/hpsa

Facilities at UniSC Sunshine Coast include:

Sports stadium
The $24 million sports stadium is the only facility of its kind in the region. It’s fully air-conditioned, and seats 3,000 spectators with national standard facilities for netball, basketball, futsal, hockey and badminton.

Aquatic
UniSC Sunshine Coast has an Olympic-standard, 10-lane, 50-metre heated pool, a six-lane 25-metre pool, cold immersion and warm plunge pool and aquatic recovery equipment. The elite training ground is used year-round by recreational swimmers and Olympic and Paralympic champions alike.

Gyms
Two fully equipped indoor gyms offer the latest equipment including indoor and outdoor functional training zones. Gym instruction caters to all fitness levels from beginner to high-performance athletes.

Track and field
The IAAF-standard athletics track has eight and ten lane running tracks and equipment for hurdles, steeplechase, javelin, shot put, discus, hammer throw, high jump, long jump, triple jump, pole vault and throw events for athletes with disability.

Outdoor courts
UniSC has outdoor hard courts for tennis, basketball and netball. Night lighting is available for after-dark competition.

Playing fields
Multipurpose playing fields for rugby union, rugby league, football, cricket and AFL training are available with lighting for night-time play.
Attend student life events
Make sure you check out the social activities happening during orientation — it’s a great way to connect, build friendships and learn about UniSC life. You don’t need to book in for these activities, just show up and get involved in student life at UniSC.

Previous events included:
• Welcome to Country by our traditional custodians
• campus tours
• student clubs and sporting activities
• market day with stalls and activities

See our VC’s Welcome to UniSC video: usc.edu.au/orientation

Talk to our international students
Do you have questions about a specific UniSC program, want to know what it’s like living on the Sunshine Coast, or simply want to connect with someone in your native language?
Via the Unibuddy app, you can get in touch with our current students, alumni and staff.
Visit usc.edu.au/unibuddy

Study Sunshine Coast
Study Sunshine Coast offers numerous support services, workshops, programs and scholarships to students, helping to cement the Sunshine Coast’s reputation as a leading Australian study destination and proving it’s the place to live, learn and kickstart your future.
Find out more about Study Sunshine Coast at studysunshinecoast.com.au

Supporting you on your university journey
There are a number of different support services available to you at UniSC. From study and career support, through to counselling and other student services, you’ll have the assistance you need to thrive, and excel in your studies.

Academic and study support
UniSC offers learning resources including online advice, one-to-one support and academic skills workshops.

Health and well-being
Take care of yourself while studying in UniSC’s range of health and well-being services.

Careers and employment
Arm yourself with the information and advice you need to get your career heading in the right direction.

Student Success team
The Student Success team can connect you with resources to help you become a more successful student.

Counselling
A free, confidential counselling service with a qualified psychologist is available to all students.

Disability and equity
If your studies are affected by a disability, learning disorder, injury or illness, Accessibility Services can provide assistance, advocacy and academic support.

Unique learning spaces
We’re creating unique learning environments and opportunities for our students to contribute to new knowledge, at locations like the Sunshine Coast Health Institute (SCHI), and UniSC’s K’gari Research and Learning Centre.
Find more information about each campus’s facilities, locations, program offerings and support services on our website usc.edu.au.

Orientation and Connect Week
Orientation at UniSC is held the week before the start of each semester. Orientation is a mix of workshops to help you settle into your studies, and fun activities where you can meet other students and explore the local area. If you’re studying online, don’t worry, you won’t miss out – orientation is also held online³.

During orientation, you can get to know your campus, student support services, academic expectations and requirements. These events are a great way to make new friends and begin your Australian study experience. There’s also live music, entertainment, and information about UniSC’s sporting teams, interest groups and other activities.
UniSC also hosts Connect Week in Week 2, which gives students an opportunity to get to know fellow students and attend workshops, events and much more.
Students starting in a session have their own, smaller orientations. The dates for these are available closer to the time.

See the relevant academic calendar for more info: usc.edu.au/calendars

1. Student support services may vary across UniSC campuses. Check individual study locations for more information: usc.edu.au/about/locations
2. Only a full-time option is available to international students on a Student visa. Online programs are not available to Student visa holders.

CRICOS Provider Number: 01595D
International Student Guide 2023 – University of the Sunshine Coast, Australia
Accommodation

It’s essential for international students to organise either short or long-term accommodation before you arrive so you have the security of somewhere to stay.

There are a variety of accommodation options close to campus whether you want to live in a student village, share a house or find a place of your own.

Privately owned accommodation providers on the Sunshine Coast

Many students studying at the UniSC Sunshine Coast campus choose to live in one of the three privately-owned, fully furnished accommodation complexes that are conveniently located next to the University.

UniCentral, Varsity Apartments and The Village all offer modern self-contained accommodation in resort-style complexes and are linked by a pathway to the campus, just an easy three-minute walk away.

You can book directly through the private accommodation providers’ websites. Once you’ve signed a lease, it can be difficult and expensive to change your accommodation, so it’s important you understand the terms and conditions of your lease arrangement.

Students studying at our other campuses, or those who’d like to find a place of their own, should visit our accommodation and housing page for more information.

If you’re studying at our main UniSC Sunshine Coast campus, you can choose between the three private accommodation providers listed below:

**Varsity Apartments**
Tel: +61 7 5450 2000
varistyapartments.com.au

Varsity Apartments is a four-star, resort style property. All four-bedroom apartments are self-contained with shared lounge and kitchen. Each bedroom has a private bathroom, double bed, telephone and internet access. The apartments are fully furnished and the complex has on-site managers.

Facilities include:
- lap pool and resort-style swimming pool with spa
- gym, beach volleyball, basketball and tennis courts
- barbecue areas
- Varsity apartments also offers short-term student accommodation for a minimum of two-nights at competitive rates (subject to availability).

**UniCentral**
Tel: +61 7 5373 0000
unicentral.net.au

UniCentral offers four-share accommodation in modern, self-contained apartments. Each unit has a shared lounge, kitchen and laundry, and a courtyard or balcony. Each private bedroom has a double bed, bathroom, telephone, study desk and chair, internet connection, free UniSC intranet, and an intercom.

Facilities include:
- six-lane, 25-metre swimming pool and tennis/basketball court
- outdoor recreational area with barbecues and a recreational pavilion with pool tables, table tennis, and more
- on-site managers and night security

**The Village**
Tel: +61 7 5430 2500
thevillagesippydowns.com.au

The Village features both two- and three-bedroom share villas. Each apartment is furnished with a shared living room, kitchen and laundry. Each private bedroom has a double bed, some with a private bathroom, telephone, study desk and chair, internet connection and intercom system.

Facilities include:
- three pools including a four-lane 25-metre lap pool
- a tennis court/basketball court
- outdoor recreation areas and barbecues
- secure gated complex with on-site managers and night security

Other accommodation¹

UniSC campuses are close to suburbs where off-campus accommodation is easy to find. If you’d like to rent your own house, apartment or townhouse, real estate agents and private providers advertise on the following websites:

- flatmates.com
-domain.com.au
-realestate.com.au
-easyroommate.com.au

If you’re looking to live in Brisbane City and commute to some of our campus locations, accommodation providers such as Student One, UniLodge and Iglu accommodation are also popular options.

Homestay

Living with an Australian family gives you the opportunity to experience Australian culture and speak English daily.

You can search for homestay providers and listings online. One option, the Australian Homestay Network (AHN), gives international students the opportunity to be hosted by a specially trained AHN homestay host for their introduction to accommodation and living in Australia.

For details, costs and applications, visit homestaynetwork.org

Sunshine Coast weather and seasons

**Summer**: December to February, 18-30°C, hot, humid and stormy

**Autumn**: March to May, 11-27°C, becoming cooler

**Winter**: June to August, 7-22°C, becoming warmer

**Spring**: September to November, 10-27°C, becoming warmer

Please note:
The University of the Sunshine Coast doesn’t provide accommodation or screen information; nor does it act as an agent in the provision of accommodation information. It’s your responsibility to determine whether the housing arrangements are suitable. Any person utilising third party information, such as the privately owned accommodation provider information, is advised to read UniSC’s Disclaimer ucs.edu.au/disclaimer

Insider guides has a calculator designed to help you discover how much it would cost to have the lifestyle you want in Australia. You can choose your city of study (best indicator for UniSC students would be Brisbane), choose the type of accommodation, and much more. You can also compare accommodation arrangements, transportation options, and entertainment activities. To use the calculator, head to: insiderguides.com.au/cost-of-living-calculator

Living costs
An international student at UniSC would typically need around A$380 to A$450 per week to live comfortably in South East Queensland.1 This covers normal accommodation costs, food, transport and other daily life expenses. This amount is in addition to airfares, visa application, health cover and tuition fees and will vary depending on your lifestyle and preferences.

<table>
<thead>
<tr>
<th>Expenses</th>
<th>Approximate cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Private share accommodation</td>
<td>A$130–$250 (per week)</td>
</tr>
<tr>
<td>Homestay accommodation (includes some meals)</td>
<td>A$235–$325 (per week)</td>
</tr>
<tr>
<td>Food</td>
<td>A$80+ (per week)</td>
</tr>
<tr>
<td>Gas, electricity</td>
<td>A$35–$40 (per week)</td>
</tr>
<tr>
<td>Telephone (depending on number and operator)</td>
<td>A$20–$45 (per month)</td>
</tr>
<tr>
<td>Transport</td>
<td>A$20–$55 (per week)</td>
</tr>
</tbody>
</table>

1. Prices vary depending on individual circumstances and study location.
2. Food costs are approximate only, taken from a local supermarket website and are current at the time of publishing.
Other costs are based on approximate estimates from Insider Guides at time of publishing.

Find out more about living expenses by visiting usc.edu.au/living-costs

Other study costs
Overseas Student Health Cover (OSHC)
OSHC is compulsory for most international students who are studying in Australia on a Student visa. The costs for OSHC vary depending on the type of cover (single, couple/single parent or family) and the duration of your studies. This cost is separate to your tuition fees. You can review the benefits of Medibank’s Comprehensive OSHC policy and pricing at medibank.com.au

Textbooks and study materials
In addition to general living costs, you’ll need things like textbooks, a computer, memory stick and stationery. Also remember to budget for course-related equipment such as lab coats or uniforms, and regular expenses like printing costs, parking or public transport.

Some professional programs (eg education, health) may require memberships, certifications, licences and/or immunisations, while design program students should allow additional money for materials and printing costs. Check your program page for details.

Second-hand textbooks are often available at reduced prices (check the student forums on Blackboard) or your textbook might be available for loan in the library (English Language Program students are loaned textbooks for the duration of their course).

Do you have questions about living costs, fees and expenses?
Via the Unibuddy app, you can get in touch with a current UniSC student. usc.edu.au/unibuddy
Become workforce-ready

UniSC has a wide range of opportunities for employers to connect with our students, through internships, work experience, careers fair, events and more.

Work integrated learning (WIL)

Whether it’s called an internship, practicum, placement, clinical placement, project, wider field experience, professional experience, professional practice or work experience, most UniSC degrees have opportunities for WIL. To find out more, visit usc.edu.au/WIL.

Work Experience Scheme (WES)

The UniSC WES provides current UniSC students in approved programs with support and insurance coverage, and the opportunity to obtain unpaid work experience relevant to their course of study. WES enables placements for a maximum of 30 days or 240 hours within a calendar year, in a supervised skill development capacity. You can find out more about WES at usc.edu.au/careers.

Micro credentials

Students can earn in-demand industry certifications and badges to secure jobs and internships in the booming technology sector as they study – and graduate with high-level, job-ready professional skills. UniSC has embedded several industry certifications and badges from Microsoft, ITS and CISCO, equipping ICT students with additional professional skills. To find out more, please visit the Science, technology and engineering page at usc.edu.au/internationalprograms.

Partnerships and opportunities

The Centre for International Development, Social Entrepreneurship and Leadership (CIDSEL) identify international partnerships, programs and projects that align with UniSC’s engagement principles, to enable UniSC to be one of Australia’s most globally engaged universities. The international partnerships take many forms, including joint research and development centres, licensing deals, scholarships, internships, graduate employment programs and philanthropic foundations. To find out more see usc.edu.au/cidsel.

Volunteering

Get involved on campus by partnering with UniSC in leadership, representative or volunteer roles. The UniSC Students as Partners (SaP) is a volunteer program that enables you to participate in extra-curricular activities on campus or online. The program is flexible to fit into your busy student life, and you can register at any stage throughout your studies. You can find out more at usc.edu.au/students-as-partners.

Employability in South East Queensland

Our Careers and Employability team here at UniSC can help you look for a job, provide resume feedback, and prepare you for an interview.

Post-study work opportunities

International students who have completed their studies can contact the Department of Home Affairs directly for detailed information on applying for a Temporary Graduate visa (subclass 485). This visa lets you live, study and work in Australia temporarily. Study Australia has a range of useful information for students regarding post-study options, post-study jobs and understanding employment contract information which can be found via studyaustralia.gov.au/english/work/post-study-work-opportunities.
**Pathways to higher education**

There are lots of pathways to study at university. Whether you’re still in school or haven’t studied in a while, UniSC can help you brush up on your academic skills before embarking on a full degree.

For more information visit usc.edu.au/international or scan the program QR code.

---

**UniSC offers programs taught by experienced TESOL-qualified English language teachers on our UniSC Sunshine Coast campus.**

**English Language Programs (EAP)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Location</th>

<th>2023 Tuition Fee</th>
<th>2023 Estimated total tuition fee</th>
<th>CRICOS code</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 semester</td>
<td>Sunshine Coast</td>
<td>Hybrid mode (10 weeks)</td>
<td>$10,750</td>
<td>$10,750</td>
<td>059941A</td>
</tr>
</tbody>
</table>

Successful completion of UniSC’s EAP programs, with the required passing grade, meets English language requirements to study for most undergraduate or postgraduate degrees. UniSC offers programs taught by experienced TESOL-qualified English language teachers on our UniSC Sunshine Coast campus. Each EAP program runs for a total number of 10 weeks (25 hours per week, 250 hours total).

Students who are studying in Australia on a Student visa must attend face to face.

In this program you will:
- choose between Pre-Intermediate, Intermediate, Upper Intermediate and Advanced.

---

**Tertiary Preparation Pathway (TPP)**

<table>
<thead>
<tr>
<th>Duration</th>
<th>Location</th>
<th>Commence</th>
<th>2023 Tuition Fee</th>
<th>2023 Estimated total tuition fee</th>
<th>CRICOS code</th>

<td>Semester 1 or 2, Session 8</td>
<td>$10,750</td>
<td>$10,750</td>
<td>022808B</td>
</tr>
</tbody>
</table>

TPP is a bridging program that allows you to experience university life before jumping into a full degree. If you haven’t studied in a while, TPP helps you brush up on essential study skills like critical reading, assignment writing and referencing. It can also build your knowledge and confidence in the subject areas you’ll need for your degree, like science, business or maths.

In this program you will:
- brush up on essential study skills like critical reading, assignment writing and referencing
- gain direct entry into most UniSC degrees on successful TPP completion.

---

**Postgraduate Qualifying Pathway (PQP)**

<table>
<thead>
<tr>
<th>Duration</th>

</tr>
</tbody>
</table>

Supercharge your ability to make a meaningful impact over the duration of your career. The PQP program is for international students who either require or would benefit from additional undergraduate study in English before entry into a UniSC postgraduate qualification.

Program features:
- this non-award pathway is part of a packaged offer with a UniSC Masters degree, and is available to specifically identified students
- students usually complete 48 units (four courses)
- Courses are determined by the discipline focus of the Masters degree in which enrolment is sought, and by course availability in the semester of study.

---

**CRICOS Provider Number: 01595D**
Diploma programs

UniSC offers a variety of Diploma programs from disciplines such as animal ecology, business, communication, general studies, outdoor environmental studies and social sciences. The UniSC Diploma is a university qualification under the Australian Qualifications Framework (AQF). The courses you can study are at Bachelor level.

If you're eligible, you could earn up to 50 percent credit for your prior study and complete the Diploma in one semester.

---

**Diploma in Animal Ecology**

- **Duration (full-time):** 1 year
- **Location:** Sunshine Coast, Monatlon Bay, Fraser Coast
- **Commence in semester:** 1 or 2
- **2023 Tuition Fee:** $24,400
- **2023 Estimated total tuition fee:** $24,400
- **CRICOS code:** 10195F

Learn about animals and turn your love of nature into a meaningful career. Study animals in their natural habitats to better understand how we can protect their future. The first step in a career in animal conservation.

**In this program you will:**
- learn about biodiversity, conservation, human-animal interactions, and the impacts of a changing environment
- study a wide range of marine and terrestrial wildlife, including sharks, snakes, birds, turtles and whales.

---

**Diploma in Communication**

- **Duration (full-time):** 1 year
- **Location:** Sunshine Coast
- **Commence in semester:** 1 or 2
- **2023 Tuition Fee:** $22,900
- **2023 Estimated total tuition fee:** $22,900
- **CRICOS code:** 08489E

A great opportunity to improve your communication skills and study overseas. Our Diploma in Communication is offered over eight courses and gives you the option to tailor your studies to suit your interests. Choose from a wide range of courses available to Study Abroad students including creative writing, media, public relations, journalism and design.

**In this program you will:**
- gain knowledge and learn communication concepts in your chosen area through face-to-face teaching supported by online resources
- have the option to use your courses to complete a minor.

---

**Diploma in Business Innovation**

- **Duration (full-time):** 1 year
- **Location:** Sunshine Coast, Moreton Bay, Fraser Coast
- **Commence in semester:** 1 or 2
- **2023 Tuition Fee:** $22,900
- **2023 Estimated total tuition fee:** $22,900
- **CRICOS code:** 109234K

Kickstart your business career in just one year. Enter the business field with a broad introduction to the core ideas that drive growth, including entrepreneurship, marketing, management, and more.

**In this program you will:**
- gain hands-on experience by developing an innovative business idea, including market research, developing a project ‘pitch’, and writing a business plan
- build the skills you’ll need to stand out in the business world, including critical thinking, communication and time management
- learn how to use technology to achieve your study and career goals, including working with different technology platforms, managing information and creating an online profile.

---

**Diploma in Business**

- **Duration (full-time):** 1 year
- **Location:** Sunshine Coast, Moreton Bay, Fraser Coast
- **Commence in semester:** 1 or 2
- **2023 Tuition Fee:** $22,900
- **2023 Estimated total tuition fee:** $22,900
- **CRICOS code:** 08489F

A flexible study option that lets you choose any eight courses available to you from UniSC’s Bachelor of Business degree.

**In this program you will:**
- get insight into a fast-paced, dynamic and exciting business world
- follow your own interests with a wide range of subjects in management, marketing, accounting, economics and finance, and more.

---

**Diploma in Criminology and Justice**

- **Duration (full-time):** 1 year
- **Location:** Sunshine Coast
- **Commence in semester:** 1 or 2
- **2023 Tuition Fee:** $22,900
- **2023 Estimated total tuition fee:** $22,900
- **CRICOS code:** 0100425

Study overseas and gain a qualification in criminology and justice. The Diploma in Criminology and Justice is offered over eight courses and gives you the option to tailor your studies to suit your interests.

**In this program you will:**
- study courses including criminal profiling and intelligence, crime prevention, youth justice, restorative justice, international justice and human rights.
Double degree programs

Maximise your study by earning degrees from both UniSC and your home university simultaneously.

By transferring credits from your home university toward a UniSC program, you could earn a UniSC Bachelor degree in just two semesters or a UniSC Masters degree in just one semester, while completing your home degree at the same time. Completing a degree at UniSC will further enhance your English language skills enabling you to experience Australian culture while providing you a competitive advantage in the global business environment.

For more information visit www.usc.edu.au/international-double-degrees

Credit Transfer

UniSC offers you the opportunity to apply for recognition of prior studies towards a UniSC Diploma. The Diploma is usually completed in two semesters, but if you have already completed studies at your home university you could receive credit for up to four courses towards the UniSC Diploma. This means you can graduate with an Australian Diploma qualification after successfully completing only one semester (4 courses) of study at UniSC.

The courses you study at UniSC may be eligible for credit transfer to your home institution. Please check with your home institution if Diploma courses are also credited towards your home degree.

For students applying via their home institution

If you’re currently enrolled at a tertiary institution, you need to check with your home institution about the possibility of credit transfer for courses studied at UniSC. Choose your courses and have them approved by UniSC and your home institution before you arrive.

Information for students interested in study abroad (postgraduate)

UniSC offers a limited number of Postgraduate level courses to students who are currently enrolled in a Master-level program at their institution or who have completed their undergraduate studies.

Diploma in General Studies

Duration (full-time) Location Commence in semester 2023 Tuition Fee 2023 Estimated total tuition fee CRICOS code

1 year Sunshine Coast Fraser Coast 1 or 2 $22,900 $22,900 084896D

Enjoy the experience of overseas travel while simultaneously receiving an Australian qualification.

In this program you will:
• a recognised 1-year (96 units) Australian Qualification Framework (AQF) award program.
• a great option if you’ve just finished high school and want to study abroad without committing to a 3-year or 4-year degree.

Diploma in Social Sciences

Duration (full-time) Location Commence in semester 2023 Tuition Fee 2023 Estimated total tuition fee CRICOS code

1 year Sunshine Coast 1 or 2 $22,900 $22,900 084897C

Earn a diploma in social science and study overseas. Choose from a wide range of social sciences fields such as counselling, social work, history, psychology and urban planning. Our diploma is offered over eight courses and gives you the option to tailor your studies to suit your interests.

In this program you will:
• have the option to use your courses to complete a minor
• have the unique opportunity to study from a diverse range of social sciences areas and experience what it’s like to live and study in another country.

Diploma in Outdoor Environmental Studies

Duration (full-time) Location Commence in semester 2023 Tuition Fee 2023 Estimated total tuition fee CRICOS code

1 year Sunshine Coast 1 or 2 $24,300 $24,300 088627D

A career that combines environmental studies, exploration and adventure. This diploma equips you with the skills, knowledge and experience to contribute to the leadership of transformative outdoor environmental experiences in natural settings as a guide and scientific interpreter.

In this program you will:
• learn to navigate diverse terrain using non-motorised modes of travel
• develop an understanding of environmental management objectives, and learn about unique terrestrial and marine ecosystems and the organisms that inhabit them
• complete supervised outdoor environmental studies fieldwork (depending on elective choices) in local natural environments and World Heritage Areas.

Popular course option: OES104 Learning in Australian Landscapes
Go global with UniSC

As a UniSC student you can go global with an overseas study experience. Whether you’re an inbound student coming to UniSC or a UniSC student looking to study overseas, we’re here to support you in your journey. If you’re eligible, you could earn up to 50 percent credit for your prior study and complete the Diploma in one semester.

To find out more, visit usc.edu.au/globalmobility

Study areas

UniSC programs include a strong focus on the core skills you’ll need in the future workplace. No matter what you study, you’ll learn to communicate well, solve problems and think creatively.

Our students benefit from a friendly and supportive campus environment, access to highly qualified teaching staff, personal attention, and modern technology and facilities.

Increase and deepen your range of management skills. This program covers the latest trends and influences in business and builds on your skills in critical thinking and analysis.

In this program you will:
- Learn in a team environment where you and the other program participants share real-life management challenges and application of problem-solving skills.
- Complete six courses in the fundamentals of accounting, economics, corporate finance, strategic management and marketing.

Possible careers: account executive, chief financial officer, general manager, senior project manager or work in high level managerial roles.

Iori Forsyth
Bachelor of Business Graduate

"I would not have been able to get to where I am without my degree. Not only did my UniSC degree provide me with a direct pathway into my career through my internship subject, but earning a degree itself boosted my confidence and provided me with a sense of achievement. In my final semester I participated in an internship that led to my first job after graduation, as a marketing assistant at Visit Sunshine Coast. After a year there, I ventured to Tokyo to explore opportunities in Japan–Australia relations (my two home countries)."

Sebastian Kind – Germany
Master of Business Administration/Master of International Business Forsyth

"After the completion of an internship back in Germany, I ended up choosing UniSC Sunshine Coast for my postgraduate studies to further broaden my horizon and enable me to expand my knowledge. The combination of the small coastal community charm of the Sunshine Coast region and the motivated lecturers who design their courses with the students learning in mind, has all together been a great experience for me and I’m proud to have had the opportunity to be part of UniSC during my studies."

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

**In this program you will:**
- Research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis.
- Challenge your intellectual capacities through critical, analytical, lateral and creative thinking.

**Possible careers vary, depending on your field of study.**
If you have an eye for good design, a talent for creating compelling stories, and an entrepreneurial mind, a Creative Industries degree is for you. Creative Industries covers the design, communication, media and performance sectors. It's an exciting, rapidly growing, and fast-paced field that drives innovation and change. Learn to create your future with our flexible programs that let you find your own niche and build advanced skills in creative and critical thinking. A career in Creative Industries can take you anywhere in the world in any field you can name.

Our programs within communication, design and creative industries can lead to careers in:
• Business administration and development
• Change management
• Consultancy
• Digital futures
• Economics and finance
• Entrepreneurship
• Human resource management
• Investment
• Management consultancy
• Marketing
• Marketing analysis
• Project managerial roles
• Small business management
• Social media
• Tourism, leisure and event management

For more information visit usc.edu.au/international or scan the program QR code.
Bachelor of Design

Discover your creativity and develop your critical thinking through experimentation in an inclusive, exploratory environment. Design plays an increasingly important role in the world, with opportunities to specialise in interactive media, digital culture, game design or visual communication. Become equipped with theory, creative skills, cultural awareness and critical thinking to shape a rapidly changing future.

In this program you will:
- learn about latest interdisciplinary design practices and new technologies
- work with industry experts and organisations to deliver projects for diverse audiences
- apply design thinking, ethical practice, and inclusive design to innovate in diverse contexts
- develop cultural sensitivity, embrace sustainability, acknowledge Indigenous protocols and perspectives.

Possible careers: creative producer, digital strategist, professional designer, visualisation designer, media specialist and more.

Bachelor of Music

UnSC’s Bachelor of Music is your ticket to a sustainable career in the modern music industry. Taught by award-winning industry professionals and recording artists, this degree builds your creative, technical, performance and entrepreneurial skills to prepare you for a dynamic future.

In this program you will:
- hone your songwriting and performance craft under the guidance of leading industry practitioners, including ARIA award-winning artists
- develop your music production and sound design skills by managing recording sessions in UnSC’s custom-built recording and editing studios
- learn about all aspects of the modern music economy, including music management, intellectual property management, public relations, and agency operations.

Possible careers: composer, music producer, publisher, performer, record label operator, songwriter and more.

Master of Creative Arts

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:
- research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis
- challenge your intellectual capacities through critical, analytical, lateral and creative thinking.

Possible careers: working with art and digital design, creative writing or interactive technologies and games.

Doctor of Philosophy

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:
- research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis
- challenge your intellectual capacities through critical, analytical, lateral and creative thinking.

Possible careers vary, depending on your field of study.

Jamison Kehl
Bachelor of Music

“This course is super interesting, broad and catered for what I wanted to achieve within the music industry – plus, it is run by some of the best people in the industry. Such a win-win situation!”

Magnus Eriksen – Norway
Bachelor of Design (Game Design)

“Majoring in Game Design has enabled me to dive deeper into my own creative mind with the help of an amazing team and some of the best equipment there is. From programming to modelling, this degree has helped me visualise and create games and assets that I am truly proud of. It has also helped me create a solid portfolio for my professional development.”
As a teacher, you’ll encourage young people to achieve their best and make a real difference in your community. Because of our growing population and the age of the current teaching workforce, demand for qualified teachers is increasing across Australia, with a particular need for specialist teachers in science, maths and languages.

Our programs within education can lead to careers in:
- Children’s advocacy
- Consultancy
- Early childhood centre leader/director
- Early Childhood teaching
- Education consultancy
- Entrepreneurship
- Investment
- Management consultancy
- Marketing analysis
- Primary school teaching
- Project managerial roles
- Social media
- Tutoring
- Youth support

The early years of children’s lives are incredibly important. This nationally accredited program focuses on children aged 0-8 years. Develop competence and expertise to contribute to young children’s sense of agency, well-being and learning capabilities.

In this program you will:
- learn the importance of well-being, play and supportive environments in early learning
- qualify to work and lead in childcare, kindergarten and primary school (focusing on Prep to Year 3)
- connect knowledge and practice through Supervised Professional Experiences in a range of early childhood and school settings
- engage with community projects and work with children and their families to gain valuable Wider Field experience.

Possible careers: early childhood teacher or leader/director, tutor, youth support, children’s advocate and more.

Learn to plan, teach and assess children, and integrate ICT in your teaching. Develop curriculum knowledge in English, maths, science, technology, arts, health and physical education, history, and geography. Develop valuable skills and experiences through Wider Field experiences, engaging with community projects, working with children, families and communities.

In this program you will:
- complete 90 days’ supervised teaching in local schools (and rural and remote settings if desired)
- complete a subject focus in science or English/literacy
- work with children and families in community projects
- complete a minimum of 30 hours Wider Field experience.

Possible careers: primary school teacher, private practice tutor, youth support worker, education consultant and more.

You will love this program if you want to upgrade your skills and knowledge in a collaborative environment with other like-minded educators. Develop higher levels of expertise in pedagogy, curriculum development, assessment, and action research.

In this program you will:

- have an opportunity to link theory to education practice
- work under the supervision of UniSC’s highly trained staff, all with doctoral qualifications in education.

Possible careers: academic, education advisor or consultant, head of department or school/program leader.

**Graduate Certificate in Education Research**

**Pathway to Master of Education**

Make a difference in the field of education and expand your career possibilities. Whether looking to explore an aspect of pedagogy, or looking for a pathway to a PhD, this program provides opportunity to deepen your knowledge in a collaborative environment.

In this program you will:

- work under UniSC’s highly trained staff to develop ideas into a researchable topic
- develop advanced postgraduate skills in research methods, information literacy, proposal writing and research dissemination.

Possible careers: academic, education advisor or consultant, head of department or school/program leader.

### Master of Teaching (Primary)

Make an impact on young people’s lives. The Master of Teaching (Primary) program qualifies graduates with non-education bachelor degrees to teach in primary schools with students in Prep to Year 6.

In this program you will:

- study core courses that prepare you to teach English, maths, science, technology, arts, history, geography, health and physical education (K-6)
- learn how to motivate and encourage young students through curriculum design, teaching strategies and behaviour management
- enhance your knowledge and skills through ongoing professional development seminars and employment forums.

Possible careers: education consultant, primary school teacher or tutor, youth support worker, college/university lecturer and more.

### Master of Teaching (Secondary)

This program is for graduates with non-Education bachelor degrees wanting to qualify to teach disciplines in secondary schools. For admission, your bachelor degree disciplines must align with the current subject offerings of Queensland schools.

In this program you will:

- build on existing subject knowledge with discipline-specific courses preparing you for the classroom
- assess students’ learning needs, design lesson plans and manage a diverse classroom
- have an opportunity to gain experience rurally and remotely
- attend ongoing professional development seminars and employment forums.

Possible careers: corporate trainer, education consultant or teacher in secondary schools (years 7-12).

Please note:
1. The following study areas are not available at UniSC Moreton Bay: Theatre and Performance, Music, Japanese Studies.
2. The Japanese Studies Extended Minor and the Psychological Sciences Extended Minor are only available for students admitted in the program in Semester 1.
3. The Psychological Sciences Extended Minor is only available for students admitted in the program in Semester 1.
4. The Master of Education is not available to international student visa holders. Student visa holders should refer to the Master of Education by Research.
Want to help preserve natural ecosystems, design public spaces, or address the challenges of climate change? Find it working with animals, conservation and sustainability, environmental science, environmental management and protection, or urban design and town planning.

Our programs within environmental studies can lead to careers in:

- Catchment management agencies
- Collectors and curators in museums
- Environmental consultancy
- Environmental education
- Native resource management
- Policy and legislation development
- Practitioners in environmental monitoring and management
- Wildlife management and conservation organisations as rangers and managers
- Research and development of environmental technologies
- Government and non-governmental agencies as research assistants and managers
- Resource management
- Restoration and conservation
- Specialist ecotourism as guides

Learn about animals and turn your love of nature into a meaningful career. In this program, you'll study animals in their natural habitats to better understand how we can protect their future. The Undergraduate Certificate in Animal Ecology provides a direct pathway (subject to meeting all other entry criteria) to the Bachelor of Animal Ecology.

In this program you will:

- Learn about biodiversity, conservation, human-animal interaction, and the impacts of a changing environment
- Study a wide range of marine and terrestrial wildlife, including sharks, snakes, birds, turtles and whales

Possible careers: collectors and curators in museums, environmental educators, practitioners in environmental monitoring and management and more.

Bachelor of Animal Ecology

Care about how animals are impacted by the environment and humans, and what we can do to protect their future? Develop analytical and research skills to better understand conservation and management.

In this program you will:

- Build your knowledge of animal conservation, biodiversity and animal behaviour
- Work with leading researchers on field trips and in the laboratory, becoming work-ready
- Undertake a guided research project in Animal Ecology, working as an intern animal ecologist as part of your studies, or take advantage of opportunities to travel abroad.

Possible careers: environmental education, specialist ecotourist guide, ranger or managers in wildlife and more.

Attend fieldwork and complete in only 6 months

Start fieldwork from 1st year of study

</table>

Plan better spaces and land uses for our next generation. A career in urban design and town planning enables you to plan and design good places for people to live, work and play. This is not just a planning degree.

In this program you will:
- manage urban growth and plan for sustainable development, infrastructure and services
- choose a specialisation such as environmental management or geospatial analysis
- get hands-on experience through practical projects each year and a five-week full-time placement in final year
- undertake placement in local government, state government, planning consultancies, non-government or environmental organisations.

Possible careers: community development, place maker, property development, strategic planning and policy, and more.
Master of Regional Planning by Research

Duration | Location | Commence in semester | 2023 Tuition Fee | 2023 Estimated total tuition fee | CRICOS code
--- | --- | --- | --- | --- | ---
2 years | Sunshine Coast | Any time | $29,400 | $58,800 | 070697D

Drive change for regions of the future via research. The planning profession demands real-world solutions for the constantly changing environment we live in. Conduct research that advances the way town planners approach complex issues, and provide insights into the evolving needs of diverse communities and regions, in Australia and globally.

In this program you will:
- complete one required research course and an original thesis on a topic of your choice, from coastal management to water allocation and planning, urban planning, design issues, dispute resolution, and more
- develop advanced skills in research design, analysis and written communication
- advance the way town planners approach complex issues, and contribute to future planning practice.

Possible careers: community development, place maker, property development, strategic planning and policy, and more.

Master of Climate Change Adaption by Research

Duration | Location | Commence in semester | 2023 Tuition Fee | 2023 Estimated total tuition fee | CRICOS code
--- | --- | --- | --- | --- | ---
2 years | Sunshine Coast | Any time | $29,400 | $58,800 | 083014F

Lead the fight against climate change. Climate change is increasingly seen as a major threat to the health of the planet, with long-term hazards and implications for many communities.

In this program you will:
- look deeply at the social, cultural, political and economic impact of climate change
- focus on people who live in areas where climatic conditions threaten water and food security, public health, public amenities, quality of life and living conditions
- via research, develop an appreciation of international and national obligations and trends in the assessment and management of climate change
- discover how to effectively examine complex agricultural, industrial, infrastructure and urban development proposals to meet predicted impacts of climate change.

Possible careers: include working with climate change in relation to climatic conditions, infrastructure, urban development and more.

Masters of Climate Change Adaption by Research

My UniSC experience studying the Master of Climate Change Adaption by Research boosted my confidence. The course content was really rich, and I had the opportunity to study with other international students from all around the world. The teachers were excellent too, and I had the best time at UniSC.”

Doctor of Philosophy

Duration | Location | Commence in semester | 2023 Tuition Fee | 2023 Estimated total tuition fee | CRICOS code
--- | --- | --- | --- | --- | ---
3 years | Sunshine Coast | Any time | $30,400 | $68,800 | 076976D

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:
- research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis
- challenge your intellectual capacities through critical, analytical, lateral and creative thinking.

Possible careers vary, depending on your field of study.
Prepare for a career as a lawyer, legal researcher, criminologist, forensic psychologist, law enforcement officer, youth or community justice worker, or in community corrections.

Our courses are taught by experienced legal practitioners and criminologists with a focus on practical skills, to give you a real-world understanding of crime, justice and the law.

Our programs within law and criminology can lead to careers as:

- Barrister
- Business and public service administrator
- Community corrections officer
- Corporate in-house counsel
- Criminal justice policy officer
- Criminologist/crime researcher
- Custodial corrections officer
- Government legal officer
- Judge’s associate
- Police or law enforcement officer
- Security/intelligence analyst
- Solicitor
- Youth justice officer

Help solve complex legal problems for individuals, businesses, firms, corporations, and not-for-profit organisations. This program is designed to produce law graduates with a practical focus, covering academic courses required for admission as a legal practitioner in Australia.

In this program you will:

- Engage in active learning experiences and gain practical skills from your first year
- Research answers to legal problems, prepare advice, present legal argument, observe court proceedings, and participate in simulated court presentations in our Moot Court venue
- Further develop your skills by working with Legal Service clients under legal supervision in the elective Law Professional Practice or undertake a legal internship in a law workplace.

Possible careers: barrister, solicitor, government legal officer, judge’s associate and more.
Bachelor of Laws (Graduate Entry)

Take on a new challenge in the legal profession. If you have an undergraduate degree in another discipline, this graduate entry degree gives you the opportunity for a rewarding career in law. Designed to produce qualified lawyers with a practical focus, this degree covers all the academic courses required for admission as a legal practitioner in Australia.

In this program you will:
- research answers to legal problems, prepare advice and present legal arguments, observe court proceedings, and partake in simulated court presentations
- further develop your skills by working with Legal Service clients under legal supervision in law professional practice, or undertake a legal internship.

Possible careers: barrister, solicitor, government legal officer, judge's associate and more.

Master of Arts

Delve within and produce an original contribution in your industry or field. In this program, you’ll learn advanced research skills and enhance your ability to critically review literature and case studies.

In this program you will:
- sharpen your faculties in problem-solving and decision-making in a rigorous environment for intellectual, professional and personal growth.

To be eligible for Master of Arts candidature, applicants are normally required to hold a Bachelor degree with at least Honours Class 2 Division II from a recognised institution.

Possible careers: working with communication and media studies, creative arts, environment and sustainability, law and more.

Bachelor of Criminology and Justice (Honours)

Position yourself as a future leader in the field of criminology and build on the skills and knowledge learned in your undergraduate degree. Develop industry-relevant skills that provide a competitive edge for graduate employment or postgraduate study.

In this program you will:
- learn advanced theoretical concepts and perspectives and engage in critical debate
- exposure to advanced research training methods through coursework and the design and implementation of your own research project
- develop critical thinking and analysis, problem-solving and project management skills, and the ability to work collaboratively, ethically and under minimal supervision.

Possible careers: working within applied crime prevention, corrections, crime analysis, courts, policing, sexual violence and abuse, and more.

Healthcare and medical services are among Australia’s fastest growing industries. From dietitians to public health experts, occupational therapists to clinical technicians, professionals with the skills to diagnose and treat health issues are in high demand.

Our programs within medical and health sciences can lead to careers in:

- Aged care
- Biodiscovery
- Biomedical research and education
- Biotechnology and genetics
- Cardiac, respiratory and sleep diagnostics
- Child and adolescent services
- Clinical embryology clinical trial coordination
- Clinical prosthetics and/or orthotics
- Communicable disease control
- Community health and mental health
- Community nutrition
- Corporate nutrition
- Environmental health
- Food service and menu support
- Health communication
- Health promotion
- Occupational therapy in hospitals

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:
- Complete a thesis in traditional or manuscript format
- First and only program in Queensland that allows you to specialise in this area

Possible careers vary, depending on your field of study.

Please note: Some courses must be completed at the Sunshine Coast Health Institute.

1. Graduate Outcomes Survey 2022 (QILT)
Nursing

Healthcare is one of Australia’s fastest growing sectors. With a degree in nursing, you’ll work to care for people and help keep our communities healthy, happy and strong.

You’ll get hands-on experience in UniSC’s state-of-the-art simulation facilities, with Australia’s newest teaching hospital and health precinct right on your doorstep.

Our programs within nursing and science can lead to careers in:

• Aged care
• Community health
• Indigenous health
• Mental health
• Acute care nursing
• Regional and remote health
• Clinical education
• Clinical practice
• Leadership
• Consultancy
• Entertainment management
• Human resources management
• Industrial production management
• Management analysis
• Operations management
• Project management

Pursue your passion for health care and helping people while developing scientific knowledge of anatomy and physiology, drug therapy, comprehensive health assessment and evidence-based practice. Receive hands-on experience, preparing for work in the healthcare industry upon graduation. After completing our program, apply for registration as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA).

In this program you will:

• learn about anatomy and physiology
• understand the different health requirements for people of all ages and backgrounds
• appreciate cultural differences in delivering health care
• work with registered nurses, who will teach you latest techniques for health care.

Possible careers: working within aged care, community, nursing in acute care, mental health and more.

Switch to a rewarding career in nursing. Learn about anatomy and physiology, drug therapy, comprehensive health assessment and care of people. Learn via placements in hospitals, aged-care facilities, health agencies and community settings. When you graduate from this program, apply for registration as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA).

In this program you will:

• learn about anatomy and physiology, comprehensive health assessment, and drug therapy
• assess and care for patients
• continue learning through an honours or Master’s program to specialise in nursing.

Possible careers: working within aged care, community, nursing in acute care, mental health and more.

Psychology and Social Sciences

If you’re thinking of studying Psychology and Social Sciences, we’ve got your back. And that’s why our students have rated us five stars for student support.

With access to world-leading research from UniSC’s Thompson Institute, the opportunity to work with patients under supervision on placement, and five-star rated teaching, it’s no surprise we’re ranked No. 1 for graduate starting salary in Queensland.

If you’re thinking of studying psychology and social sciences, it’s all happening at UniSC.

Our programs within psychology and social sciences can lead to careers in:

• Aged services
• Child protection
• Community work
• Counselling
• Disability support work
• Government organisations
• Health and education services
• Mental health
• Policy development
• Psychology
• Sociology
• Youth work

For more information visit usc.edu.au/international or scan the program QR code.

Bachelor of Behavioural Science (Psychology)

In this program, you'll learn how to explain human behaviour. Our award-winning staff will teach you about how people develop through the lifespan, what motivates us, how to understand personality, and how to encourage behaviour change.

In this program you will:
• Learn about human behaviour
• Specialise in different areas of the Health Sciences through electives
• Have the opportunity to continue your studies which may result in registration as a psychologist or completing a PhD.

Possible careers: work, disability support officer, exercise science, research, human resource management and more.

Bachelor of Counselling

Help people with their mental health and emotional well-being. The program is designed to provide the skills to become a professionally accredited counsellor. You will be equipped with a wealth of counselling knowledge applicable to a variety of career pathways, as well as being taught skills to work ethically with clients who seek help.

In this program you will:
• Explore counselling theories and skills, positive psychology, communication and relationships, family counselling and crisis intervention, grief and loss and cultural diversity
• Choose electives to link with areas that will expand your career options
• Complete two field education placements (500 hours).

Possible careers: aged services, child protection, counselling individuals, families and groups, mental health and more.

1. Good Universities Guide 2022/23
2. Ranked No.1 in Qld for graduate starting salary in Social Work, Good Universities Guide 2022/23

CRICOS Provider Number: 01595D International Student Guide 2023 – University of the Sunshine Coast, Australia
Bachelor of Human Services

Duration (full-time): 3 years
Location: Sunshine Coast, Moreton Bay
Commence in semester: 2023
Tuition Fee: 1 or 2
2023 Estimated total tuition fee: $24,400
CRICOS code: 087694K

This degree provides a broad overview of many areas of human services and builds knowledge and capacity for various roles in community welfare and social justice. Importantly, this degree forms a strong grounding in the principles of social equity and anti-oppressive practice, which are foundational to the field.

In this program you will:
- Develop practical skills to ensure your success
- Extend your understanding of the nature of contemporary society, and individual, family and community behaviour
- Learn to critically analyse social problems, and intimately understand Australian social welfare

Possible careers: child safety officer, community development officer, government organisations, private sector, youth worker and more.

Complete two field education placements (500 hours)

---

Bachelor of Social Work

Duration (full-time): 4 years
Location: Sunshine Coast, Moreton Bay
Commence in semester: 2023
Tuition Fee: 1 or 2
2023 Estimated total tuition fee: $25,800
CRICOS code: 082664B

This degree produces graduates equipped to work with skill and passion to enhance the social well-being of individuals, groups and communities, both locally and globally. The social issues people experience in an ever-changing world are often complex, and require highly-skilled approaches.

In this program you will:
- Learn through a rich combination of academic and extensive work practice knowledge
- Develop the skills to support change ethically across a diversity of needs, forms of disadvantage, and practice contexts
- Complete two field education placements (1,000 hours in total).

Possible careers: child protection, centrelink, health, mental health, policy development and more.

---

Bachelor of Psychology (Honours)

Duration (full-time): 4 years
Location: Sunshine Coast, Moreton Bay
Commence in semester: 2023
Tuition Fee: 1 or 2
2023 Estimated total tuition fee: $39,800
CRICOS code: 090558E

Explore the professional practice of psychology, including cognitive, social, perceptual, physiological, intercultural, Indigenous and abnormal psychologies. This program is scientifically and ethically based to teach you types of behaviour, examine personality and to do formal personality assessments.

In this program you will:
- Learn from award-winning psychology staff who work in the field
- Undertake an advanced research project
- Gain high-level statistical and research skills.

Possible careers: child protection, correction services, private practice, non-government community organisations and more.

---

Master of Counselling

Duration (full-time): 2 years
Location: Sunshine Coast
Commence in semester: 2023
Tuition Fee: 1
2023 Estimated total tuition fee: $26,400
CRICOS code: 079913F

Do you like to listen? Do you enjoy being with people? Do you want a meaningful and fulfilling career? Learn to provide professional counselling support through the Master of Counselling Program.

In this program you will:
- Immerse yourself in a holistic integrated and evidence-based pathway to becoming a registered counsellor
- Acquire advanced skills, theoretical knowledge and clinical experience through classroom activities, blended learning and internship placements
- Be exposed to advanced counselling skills and theories.

Possible careers: counsellor, health, human services, private practice, researcher and more.

This one-year postgraduate program prepares you for independent work in psychology, focusing on practical experience and skills. Learn at the Thompson Institute, a world-class hub for mental health research, teaching and clinical services, close to the Sunshine Coast University Hospital.

In this program you will:

• Advance your knowledge of psychological assessment with a focus on selection, administration and interpretation of major psychological tests
• Expand your knowledge of appropriate treatments for psychological disorders and how to deliver services ethically and within legal requirements
• Develop skills in writing different kinds of psychological reports.

Possible careers: non-government organisations, private health sector, psychologist with general registration, public health sector and more.

Opportunities to link with the Thompson Institute

Meet the requirements for registration as a psychologist. Learn at the Thompson Institute, a world-class hub for mental health research, teaching and clinical services, close to the Sunshine Coast University Hospital. The Institute addresses mental health in the community, particularly for youth, adolescents and older community members.

In this program you will:

• Complete three major components-coursework in professional and clinical psychology
• Participate in placements involving supervised working as a provisional psychologist
• Review relevant literature, design and conduct a study, data collection and analysis, and prepare a thesis.

Possible careers: non-government organisations, private health sector, psychologist, public health sector and more.

Science, Technology and Engineering

If you’re a logical thinker who likes solving problems and wants to improve the world around you, then one of these degrees might be for you.

ICT courses at UniSC are delivered with embedded industry certifications and badges from Microsoft, ITS and CISCO to equip you with high-level professional skills. Prepare for a career in your chosen industry with plenty of practical experience, including laboratory work, fieldwork, workplace learning and research projects.

Our programs within science, technology and engineering can lead to careers in:

- Automotive
- Building industries
- Cloud and mobile technologies
- Construction companies
- Cyber security
- Data communications
- Digital forensic examination
- Engineering
- Government agencies
- Industrial engineering
- Information security
- Manufacturing
- Network investigation
- Project management
- Wearable technologies

For more information visit usc.edu.au/international or scan the program QR code.

Bachelor of Computer Science

Design the technologies of the future. Every day, technology becomes more essential to the way we live, work and play. This creates huge demand for people who understand the how and why of computing, and have the skills to design, build and manage the technologies of the future.

In this program you will:

- Future-proof your career with strong core skills in programming, software development, artificial intelligence, big data, and data science/analysis
- Work with Android, Cloud, JavaScript, Java, Python and C/C++ technologies
- Choose to specialise in mobile computing, cyber security or wearable technologies
- Build a portfolio of software, design and wearables/IoT projects from your first year of study.

Possible careers: working with cloud and mobile technologies, cyber security, engineering, wearable technologies and more.

Bachelor of Engineering (Civil) (Honours)

Design and build the future. Civil engineers plan, design, build and maintain the infrastructure we rely on as a civilisation – including buildings, roads, and water systems. This program develops practical skills in engineering design, project management and sustainability, qualifying you to work as a civil engineer in Australia and overseas.

In this program you will:

- Learn to use mathematical and scientific principles to solve a range of technical problems
- Choose from a wide range of minors including climate change and coastal zone studies, management for engineers, mechatronic engineering and electrical and electronic engineering
- Complete a major final-year research project on a topic of your choice
- Recreate interactive real-life scenarios in UniSC’s state-of-the-art visualisation studio and dedicated engineering laboratories.

Possible careers: working in the building industry, with construction companies, government agencies, mining and more.

1. Graduate Outcomes Survey 2022 (q21)
### Bachelor of Engineering (Electrical and Electronic) (Honours)

- **Duration (full-time):** 4 years
- **Location:** Moreton Bay 1 or 2
- **Commence in Semester:** 2023
- **Tuition Fee:** $30,000 $120,000
- **CRICOS Code:** 080704

**In this program you will:**
- study fundamentals of engineering, including applied maths, physics, statics, and systems design
- complete specialist courses in circuit design and analysis, electrical power systems (including renewable energy), robotics and automation, computer programming and more
- understand social, economic and environmental dimensions of engineering, and the importance of sustainable development
- develop advanced problem solving, communication and project management skills.

**Possible careers:** working in the building industry, with construction companies, government agencies, mining and more.

### Bachelor of Engineering (Mechanical) (Honours)

- **Duration (full-time):** 3 years
- **Location:** Sunshine Coast
- **Commence in Semester:** 2023
- **Tuition Fee:** $24,800 $74,400
- **CRICOS Code:** 080704

**In this program you will:**
- study fundamentals of engineering, including applied maths, physics, statics, and systems design
- develop in-depth skills in electrical and electronic engineering theory, standards and practice
- choose the area you want to specialise in, including electrical or mechanical engineering, management or entrepreneurship.

**Possible careers:** working in agriculture, aviation, automotive, construction, mining and manufacturing, product design and more.

### Bachelor of Engineering (Mechatronic) (Honours)

- **Duration (full-time):** 4 years
- **Location:** Moreton Bay 1 or 2
- **Commence in Semester:** 2023
- **Tuition Fee:** $30,000 $120,000
- **CRICOS Code:** 080704

**In this program you will:**
- study the fundamentals of engineering, including applied maths, physics, statistics and system design
- learn about robotics and autonomous systems, communication engineering, digital logic and computer programming, machine vision and more
- choose the area you want to specialise in, including electrical or mechanical engineering, management or entrepreneurship.

**Possible careers:** working in automotive, robotics engineering, manufacturing, product design and more.

### Bachelor of Information and Communications Technology

- **Duration (full-time):** 3 years
- **Location:** Moreton Bay 1 or 2
- **Commence in Semester:** 2023
- **Tuition Fee:** $24,800 $74,400
- **CRICOS Code:** 080704

**In this program you will:**
- develop vital skills in problem solving, designing artificial worlds and making ideas come to life while working on cutting-edge technology
- study the foundations of computing and business, along with courses in cyber security, programming and project management
- develop specialist skills in data management, and in developing and using information systems to solve business problems
- build hands-on experience through a professional work integrated learning course
- gain industry certification (Microsoft, ITS, Cisco and more).

**Possible careers:** digital forensic examiner, information security officer, network investigator and more.
Science, Technology and Engineering

Master of Cyber Security and Forensics

- **Embedded Industry Certifications**: Research/Industry Dissertation

Technology is expanding into every aspect of people’s lives – which means cyber security is a growing priority for governments, businesses and individuals. Develop the skills and understanding needed to lead a dynamic global field.

In this program you will:

- understand the social environment technology operates within, be guided through digital investigator methods and frameworks, gain expertise in digital forensic examinations, and receive mentoring from experts and innovators in the field while conducting your own cyber research project.
- learn to undertake cyber forensics on current and emerging technologies.
- Understand ethical and legal issues associated with cybersecurity and develop decision-making tools to assess, evaluate and analyse digital data.
- advance your leadership and critical problem-solving skills.

**Possible careers:**
- digital forensic examiner
- network investigator
- security analyst
- and more.

1. Please note, this program has moved from semesters to trimesters.

Master of Information and Communications Technology

- **Embedded Industry Certifications**: Research/Industry Dissertation
- **Work Experience Scheme (WES)**

Supercharge your career prospects by becoming equipped with high-level professional skills. The Master of Information and Communications Technology will develop your understanding in data analytics, data science engineering, data and process management, domain knowledge and research methods.

In this program you will:

- understand the ethical implications with respect to privacy and security in the analysis and use of data.
- understand how the effective management and use of data has, and will continue, to transform organisations through digital innovation.
- apply research methods and skills to develop innovative solutions to business problems.

**Possible careers:**
- working as a business or data analyst,
- or cyber security specialist.

Doctor of Philosophy

- **Research component**: HDR Scholarships

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:

- research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis.
- challenge your intellectual capacities through critical, analytical, lateral and creative thinking.

**Possible careers vary, depending on your field of study.**
Sport and exercise science
Learn to harness the power of human movement and use exercise to help people recover from illness or injuries.

Staff include specialists boasting coaching and sport science roles with international teams.

UniSC supports numerous High Performance Sports teams and individuals.

Build practical skills in UniSC’s AIS-accredited sports science labs, and learn from specialist teachers – many of whom hold major coaching and sports science roles with national and international sporting teams.

The UniSC Sport Precinct is also home to the Sunshine Coast Lightning, Olympic and Paralympic swimming squads, and the Australian Cycling Academy.

Our programs within sport and exercise science can lead to careers in:
• Cancer and renal disease rehabilitation
• Cardiac and pulmonary testing
• Case management and research
• Exercise physiology
• Exercise science
• Musculoskeletal injury prevention and management
• Neurological rehabilitation
• Physical activity and health promotion
• Sport and outdoor activity development
• Sport and tourism event planning
• Sports administration
• Sports coaching
• Sports development
• Sports journalism
• Sports marketing

For more information visit usc.edu.au/international or scan the program QR code.

Bachelor of Clinical Exercise Physiology
Professionally accredited by ESSA
Duration (full-time) | Location | Commence in semester | 2023 Tuition Fee | 2023 Estimated total tuition fee | CRICOS code
--- | --- | --- | --- | --- | ---
4 years | Sunshine Coast | 1 | $20,000 | $84,000 | 09840F

Exercise is a powerful tool to improve human performance and health outcomes. Become qualified to help people live healthier lives. Work with clients in healthcare settings and sports to prevent disease and injuries, and to manage health, lifestyle and behaviour changes.

In this program you will:
• learn how to use exercise to prevent and manage heart disease, diabetes, cancer, osteoporosis and mental health
• train to prevent and manage musculoskeletal injuries in sport and recreation
• study anatomy, physiology, biomechanics, assessment, programming, psychology and nutrition
• test and train athletes in UniSC’s AIS-accredited sport science labs
• qualify to work in hospitals, health clinics, rehabilitation facilities, gyms and more.

Possible careers: working in cancer and renal disease rehabilitation, exercise physiology, neurological and occupational rehabilitation and more.

Wide range of clinical placement opportunities

Bachelor of Sport and Exercise Science
Professionally accredited by ESSA
Duration (full-time) | Location | Commence in semester | 2023 Tuition Fee | 2023 Estimated total tuition fee | CRICOS code
--- | --- | --- | --- | --- | ---
3 years | Sunshine Coast | 1 or 2 | $28,200 | $84,600 | 066289K

Train your mind to help others improve their health. Exercise scientists use the science of human movement to make life more enjoyable and prevent common lifestyle diseases. This program teaches the science and theories behind human movement and sporting performance and provides hands-on skills to work as a qualified exercise scientist.

In this program you will:
• gain in-depth knowledge in areas such as functional anatomy, motor control and learning, exercise physiology and biomechanics
• learn about sports psychology, performance analysis, coaching and exercise rehabilitation.

Possible careers: exercise scientist, sports coach, development officer, strength and conditioning coach and more.

Test and train athletes in UniSC’s nationally accredited sports science labs.

CRICOS Provider Number: 01595D

Turn your passion for sport into a career. Combine core sport science knowledge with complementary skills in areas like sports media, sports journalism, sports administration, event management, marketing, public relations and business management, to prepare you for a range of careers in the growing sport and fitness industries.

In this program you will:
- Learn about the modern sports industry at local, national and international levels
- Tailor your studies with flexible pathways to suit your own interests and career goals
- Gain the skills to be job-ready for a range of sport and fitness careers.

Possible careers: exercise scientist, sports coach, development officer, strength and conditioning coach and more.

Master of Sport and Exercise Science by Research

Extend your opportunities. This program targets the development of research skills in sport and exercise science, in combination with skills required for specialist qualification as an accredited sport scientist (ESSA ASpS Level 1).

Exercise and Sport Science Australia (ESSA), the national accreditation body for exercise and sport science disciplines, defines an Accredited Exercise Scientist (AES) as the base level of qualification in this discipline.

In this program you will:
- Earn the employment accreditation required in most Australian professional sports
- Possible careers: working with Olympic and paralympic sports, lead sports scientist and national federations and more.

Master of Sports Nutrition by Research

Use your knowledge to drive peak performance. In this program you will develop the necessary research skills to work within a broad sports population that strives for peak fitness and elite athletic performance.

In this program you will:
- Develop high level critical thinking, independent research capabilities, and organisational skills to help you work in either clinical or research settings
- Choose a research topic in which application of the principles of nutrition will have a positive outcome on health, well-being and physical performance
- Explore research topics already undertaken including Supplementation practices of elite Australian swimmers, Validity of field-based indices of sweat composition, Factors influencing food choices of triathletes.
- Possible careers: work within a broad sports population that strives for peak fitness and elite athletic performance.

Doctor of Philosophy

Take the next step as a creative professional. Develop specific knowledge and skills about the emerging creative industries.

In this program you will:
- Research and complete the design, construction and presentation of original creative arts products and complete an accompanying exegesis
- Challenge your intellectual capacities through critical, analytical, lateral and creative thinking.
- Possible careers vary, depending on your field of study.
Did you know?
You can study abroad
at UniSC Sunshine Coast!

UniSC’s Study Abroad program is a short
semester-based program, allowing you
the flexibility to study three or four courses
(36 or 48 units) over one semester.

For more information visit usc.edu.au/international
or scan the program QR code.

Study Abroad students are eligible to undertake 3 or 4 courses (36 or 48 units) per semester and can
choose from a wide range of disciplines.

<table>

As a study abroad student, you get the opportunity to select from a range of undergraduate courses and study with the locals. Choose whether to study for 1 semester or a full-year, and a 3 or 4 course option. Study Abroad students generally study four courses per semester, which equates to approximately 30 ECTS or 15-18 US credit points.

Amira Eissa
United States – Salve Regina University

“I studied a tourism and hospitality class during my study abroad semester at UniSC which really opened my eyes to the world of tourism around the globe. The new perspective and broader understanding of the ways tourism vary in different parts of the world helped me in my career of event planning. Learning about the importance of networking in the industry was crucial to my understanding of the hospitality industry, and my studies abroad gave me invaluable insight for my future career.”

Entry requirements

To enrol in a UniSC program as an international student, you must fulfill the following entry requirements:

- be an international student
- be of at least 18 years old when the program commences
- meet the program admissions requirements
- undergraduate program admission requirements
- postgraduate and Higher Degree by Research admissions requirements — check the entry requirements on the relevant program page
- meet the English language requirements
- familiarise yourself with the student rules and information.

As part of your application, you will need to provide supporting documentation, (eg evidence of any previous studies or qualifications).

English language requirements

Standard English language requirements

The table below specifies the standard requirements that will be accepted for most programs. Standard English language entry requirements for all programs (except those specified in Table 2).

English proficiency test results are regarded as valid for two years from the test date. Where more than one English proficiency test result has been submitted for assessment, UniSC may base its assessment on the most recent test. These lists are not exhaustive. Other proof of English proficiency may be considered, and applications are assessed individually.

Students progressing from the Tertiary Preparation Pathway (TPP) program to an undergraduate program, will need to demonstrate the English language proficiency required for entry to the relevant undergraduate program as indicated in either Table 1 or 2.

Students progressing from the Postgraduate Qualifying Pathway (PQP) program to a postgraduate program, will need to demonstrate the English language proficiency required for entry to the relevant postgraduate program as indicated in either Table 1 or 2.

Table 1: Standard English language requirements

1: Meeting this requirement is usually sufficient however, the University reserves the right to call for additional evidence of proficiency in certain instances. For more information visit [usc.edu.au/englishlanguagereqs](https://usc.edu.au/englishlanguagereqs).
English language entry requirements for non-standard programs

English language proficiency for the programs listed in Table 2 may only be met by means of the criteria in Table 2. No other evidence of English proficiency, including online versions of the tests listed, will be considered for these programs.

English proficiency test results are regarded as valid for two years from the test date, unless otherwise specified for the relevant program.

2023 Scholarships

International Student Scholarship
The International Student Scholarship is available to international students commencing in 2023 across all UniSC Queensland campuses. This 15 percent tuition fee reduction applies to the officially scheduled and published tuition fees for the relevant program and study period.

For more information regarding our scholarships including terms and condition, visit usc.edu.au/internationalscholarships, or contact the International Office, or your preferred UniSC agent representative.

English Excellence Scholarship
The English Excellence Scholarship is awarded to commencing international students who have achieved higher than required results in a recognised English language proficiency test. This 20 percent tuition fee reduction applies to the officially scheduled and published tuition fees for the relevant program and study period.

How to apply

Applying to UniSC as an international student is easy, and you can apply to UniSC via the International Application Portal. The portal is open all year round, so you can simply follow the steps below to start your academic adventure.

1. Browse for your preferred degree
Browse this guide or visit usc.edu.au/intapply

2. Check if you meet the entry requirements
Check the undergraduate entry requirements listed in this guide or by visiting usc.edu.au/internationalundergradrequirements
Postgraduate requirements are listed on each specific program page. Check the English language requirements, or alternatively, consider a pathway option (see page 92) if you don’t meet the direct entry requirements.

3. Check eligibility for credit and collect supporting documents
Information regarding supporting documents can be found on www.usc.edu.au/internationalreps
For more information, visit usc.edu.au/internationalreps

4. Find a UniSC agent representative
Many international students prefer to use an education agent to assist them with the application process to UniSC. You can find a complete list of UniSC agent representatives at usc.edu.au/internationalreps

5. Check eligibility for scholarships
UniSC offers a range of scholarships in 2023 for international students. There are also a range of external scholarships available. Visit usc.edu.au/internationalscholarships for more information

6. Apply online
Once you are ready to submit your application, you can head over to our International Application Portal. If you are applying via a registered UniSC agent, they will submit an application on your behalf. Contact your nominated UniSC agent representative for further information.
Admissions checklist

1. Accept your offer
If you receive an offer to study at UniSC, you can accept this offer in the International Application Portal. If you have applied via a UniSC agent, your agent will advise you on how to accept.

2. Pay your deposit
Once we have received your payment, you’ve officially accepted your offer to study at UniSC. For more information on how to pay, refer to your Letter of Offer.

3. Apply for a Student visa
In order to study in Australia, you will need to apply for a Student visa via the Department of Home Affairs (DOHA). If you’re already on another type of temporary visa with study rights, you do not need to apply for a Student visa. See usc.edu.au/beforeyouarrive for more detailed information.

4. Secure your accommodation
Exploring your accommodation options is an important step in preparing to arrive in Australia. There are a variety of options close to UniSC’s campuses whether you want to live in a privately owned accommodation complex, share a house, book a homestay or find a place of your own. See usc.edu.au/accommodation for more detailed information.

5. Check your UniSC Student Email regularly
Every UniSC student is provided a University email account provided by the Microsoft Office 365 for Education system. This is where you will be sent important information from UniSC regarding your studies. Find out more at usc.edu.au/uscmail

6. Fees due date
Payment of fees is required by the due date. Refer to the relevant Academic Calendar found at usc.edu.au/calendars for key administrative dates, including the fee due date and census date.

Important information

Education Services for Overseas Students (ESOS) Framework
The ESOS Act and National Code ensure international students in Australia get the education they desire. To access the National Code of Practice 2018, or for a description of the ESOS framework for students, visit education.gov.au

Overseas Student Health Cover (OSHC)
OSHC is health insurance to assist international students meet the costs of medical and hospital care that they may need while in Australia. The Department of Home Affairs requires overseas students to maintain OSHC for the duration of the time they are in Australia. UniSC can organise visa length OSHC cover for you, with our preferred provider Medibank, or you can arrange your own OSHC with an alternative provider. Costs for OSHC vary depending on the type and length of cover you choose. Fees can range from A$376 for one semester to A$2,170 over three years for a single cover policy.1

Visas
If you’re not an Australian or New Zealand citizen, or an Australian permanent resident, you’ll need a visa that has study rights before you can enter Australia and undertake study. If you intend to study in a program that is longer than three months, you will normally need a Student visa. If you hold or are going to apply for any other visas, contact the Department of Home Affairs for advice regarding your eligibility to study.

To find out what type of visa you need and how to apply, visit:
• Department of Home Affairs (DOHA) homeaffairs.gov.au
• Migration Agents Registration Authority (MARA) mara.gov.au

Working in Australia
Student visa holders are normally allowed to work up to 40 hours per fortnight during semester, and full-time during semester breaks. Students undertaking Higher Degrees by Research have unlimited work rights. For more information, visit homeaffairs.gov.au

1. Information pertaining to fees is correct at the time of publication.
UniSC terminology

Admission
The process of administrating the applications to programs of study, including assessing applicants’ academic history, checking program entry requirements and making offers to applicants.

Application
Application to a program is a process undertaken by students. This process includes submission of personal and educational information by students, and verification of the accuracy of the submitted information by UniSC as well as approval of the application by UniSC staff.

Articulation pathway
Two programs that are constructed in such a way that completion of the first program allows credit from that program to be transferred to the second program (eg articulation from TAFE).

Award
An award (or award program) is a recognised certification of achievement that is granted to a student after the completion of all requirements of a program of study (eg Bachelor of Arts).

Bachelor
Bachelor is the title for an undergraduate program (eg Bachelor of Business). Generally, a bachelor degree at UniSC comprises 288 units (24 courses) and normally takes three years of full-time study or six years of part-time study to complete. Four-year undergraduate programs are also available.

Census data
The census data is the date by which students must finalise their enrolment in each semester or session. The census dates for semesters and sessions are listed in the Academic Calendars. Census data is also used to confirm that students are enrolled to receive their scholarship or bursary payments.

Combined degree
A combined degree is a combination of two undergraduate degrees undertaken simultaneously (eg Bachelor of Arts/Bachelor of Science). A combined degree at UniSC comprises 384 units (generally 32 courses) and normally takes four years of full-time study or eight years of part-time study to complete.

Course
A course (commonly known as a subject) is a component of an award program that is normally one semester in length. Each course is generally 12 units in value. The standard enrolment for a full-time student is four courses per semester.

Credit points
The number of credit points defines the academic weighting assigned to a course. Most courses at UniSC have a weighting of 12 credit points.

Credit transfer
Credit transfer is the process of assessing prior academic work in order to determine whether those studies have one or more units of credit, or courses approved at UniSC. A successful credit transfer application will reduce the number of courses required to complete an award program. Also known as Advanced Standing. See also Recognition of Prior Learning.

Cross-institutional enrolment
Cross-institutional enrolment is where a student enrolls in a course/s through another institution which, on successful completion, can be credited to the student’s award program at their home institution.

Domestic student
Domestic students are Australian citizens, New Zealand citizens (including a diplomatic or consular representative of New Zealand), a member of the staff of such a representative or the spouse or dependent relative of such a representative or holders of an Australian permanent visa.

Elective
Many programs include elective courses, where students have the flexibility to study courses outside of their required courses that counts towards their degree. Electives may be from other UniSC Schools depending on the program requirements.

English language requirements
UniSC requires students to be sufficiently proficient in English to successfully undertake tertiary study. Students who have not previously undertaken secondary or tertiary study where the medium of instruction was English may need to demonstrate their English language proficiency eg through an IELTS or TOEFL test.

English prerequisite
Some UniSC programs require successful completion of English subject in Year 12, or equivalent, depending on the program requirements.

Enrolment
Enrolment is the process where an applicant, having received a offer to study a program at UniSC, chooses the courses to study in that program, pays the appropriate fees, and is issued with a Student ID Card. See also Recommended enrolment pattern.

Equivalent Full Time Student Load (EFTSL)
An Equivalent Full Time Student Load (EFTSL) unit is the measure of the course workload of a student. EFTSL is equivalent to 8 courses.

Fee due date
The date by which student fees must be paid.

Fee exempt
Fee exempt students are students who are partially or fully exempted from paying tuition fees.

Fee schedule
The fee schedule shows the fees that are applicable to students at UniSC for a particular academic year.

Fee waiver
The fee waiver is a financial assistance measure provided to eligible students.

Graduate
A graduate is a student who has completed all the requirements of an award program and has received their award (degree certificate).

Honours program
An honours program is usually two semesters (one year full-time) of coursework, seminars and supervised research undertaken after a bachelor degree. It advances a student’s knowledge and experience and helps to prepare for future research work or postgraduate study.

Introductory courses
Introductory courses provide a sound knowledge of essential areas, and a foundation for studies in majors and/or minors within an award program. They are normally coded as 100-level courses (eg UNP100).

Major
A major is a sequence of eight courses from one particular area of study.
Have any questions, or want to learn more? Contact the International Office and we would be happy to assist you further.
