La Trobe University acknowledges our campuses are located on the lands of many Traditional Custodians in Victoria and New South Wales. We recognise their ongoing connection to the land and value their unique contribution to the University and wider Australian society.

La Trobe University is committed to providing opportunities for Aboriginal and Torres Strait Islander people, both as individuals and communities, through teaching and learning, and research and community partnerships across all our campuses.

For over 50 years, La Trobe University has been transforming people and societies.

Striving for excellence in everything we do, we’ve risen to the top one per cent of universities worldwide as we address the major issues of our time – with all our broad areas of research rated ‘at’, ‘above’ or ‘well above world standard’ in the latest QS World University Rankings, we moved up by 46 places – the strongest improvement in Australia.

Whether it’s helping solve issues with global food insecurity, protecting the world’s biodiversity, understanding and preventing disease, or leading social change and equity, La Trobe University is at the forefront of impactful research – especially in science, health and technology. That’s why we’re rated fourth internationally for our research on key diseases and conditions, support for healthcare professions and the health of our students and staff.

At La Trobe, we embrace the power of equality, diversity and inclusivity. We exist for the good we can do and the impact we make for our students and communities, both locally and around the world. The student experience is placed at the centre of everything we do. That means providing a leading academic experience, ensuring your safety and wellbeing, and connecting you to our communities and your future industries.

Our focus on social impact and inclusivity is why we are in the top 20 universities globally for our overall contribution to advancing the United Nations’ Sustainable Development Goals. This includes being in the top 10 universities worldwide for gender equality.

We are problem-solvers by nature and inherently optimistic – continuously improving the way we work and adapting quickly to disruption. That’s why at La Trobe, we’ll help you develop every part of your skill set, including the human skills you’ll need in any workplace – like leadership, collaboration, critical thinking, creativity and adaptability.

We’re committed to ensuring our students, researchers and partners remain at the forefront of innovation and technology. Across our campuses, we continue to invest in state-of-the-art facilities. Our AU$50 million upgrade of the Bendigo Campus was recently completed. In Melbourne’s north, we’re creating a AU$5 billion University City of the Future and we’re also investing AU$10.5 million to redevelop our Shepparton Campus.

At La Trobe University you’ll be surrounded by academics, researchers and industry professionals who make a real impact every day, so you can, too.
Study your way

Whether you’re not completely sure of the career path you want to take, or if you’re ready to explore a niche area, at La Trobe you can tailor your degree to fit your interests, broaden your career options further and gain specialist skills future employers are looking for.

With more than 50 majors, minors and electives now available, you can even include subjects outside your course.¹ You can also use your industry experience towards your course credits to help fast-track your career.

Expand your career options

More majors, minors and subjects
Build the career you want with over 50 majors, minors and electives to choose from. For example, you could add our climate change minor to your degree and become your future organisation’s environmental leader.

Study in areas that go beyond your degree
Combine your degree with a major or minor from another discipline to gain the important cross-skills that are highly sought after. Studying health sciences? Consider adding a management major to boost your employability.

More pathways towards a full degree
Do you need help to meet the academic entry requirements for your preferred undergraduate course? La Trobe College Australia (LTCA) offers foundation studies and Diploma programs to prepare you for undergraduate study.

Stand out from the crowd

86.5%
of our undergraduates found employment within four months of graduating²

More than 230,000 alumni spanning over 100 countries

La Trobe graduates are reputable, with employers giving them an overall rating³ of

87.8%

¹ Not available for all courses.
² Quality Indicators for Learning and Teaching (QILT), 2021, ComparED: Overall undergraduate results for La Trobe University.
³ Quality Indicators for Learning and Teaching (QILT), 2022, 2021 Employer Satisfaction Survey.
Living in Melbourne and Victoria

La Trobe University is proudly located in Australia’s most liveable city.¹

Victoria’s capital city, Melbourne, is rated the #1 city in Australia and #5 in the world for international students.² That means when you study in Melbourne, you’re in the best city in the world for stability, healthcare, culture, environment, education and infrastructure.

Move around easily
Moving around Melbourne and wider Victoria is easy, with a range of transport options to fit your lifestyle.

Public transport
In Melbourne, there are extensive train, bus and tram networks. You can travel inside the city, or out in regional Victoria using a Myki card. Our Melbourne Campus in Bundoora has a bus station on campus, plus a tram line right out the front, so you can get where you need to go. Visit Public Transport Victoria (PTV) for more information: ptv.vic.gov.au

Ridesharing services
If you like convenience, you’ll love the reliable and safe rideshare services available in Melbourne and regional Victoria. You can access these services via a mobile phone app from Uber, Ola and DiDi.

Car sharing services
If you prefer to drive yourself but don’t need a car every day, car sharing services can help you get where you need to go. In metropolitan Melbourne you can hire a car, van or truck via a mobile app from KINTO, GoGet, FlexiCar and Popcar.

Join a multicultural and inclusive community
Melbourne is one of the safest and most diverse cities in the world to live, study and work. It’s home to people from more than 200 countries, with almost fifty per cent of people living in Victoria either born overseas or with at least one parent who was born overseas.²³

You’ll feel right at home with the vast choice of food options, community groups to join, and multicultural and multifaith events happening all year. Living in Victoria means you’ll meet people from diverse cultures and allow you to grow your understanding of new communities.

Immerse yourself in arts and culture
Both metropolitan and regional Victoria have prominent arts and culture scenes – there’s always something interesting to do and see. Most major galleries and museums are also free to enter.

Some places to explore while in Victoria include:
- National Gallery of Victoria (NGV)
- The Australian Centre for the Moving Image (ACMI)
- Melbourne Museum
- Heide Museum of Modern Art
- Bendigo Art Gallery
- Shepparton Art Museum

Or if you prefer exploring Australian nature and wildlife, there are a range of gardens and national parks near our campuses.

You’ll get the best of both worlds at La Trobe. Live in Melbourne and enjoy an urban lifestyle while surrounded by Australian wildlife and landscape at La Trobe’s very own Nangak Tamborine Wildlife Sanctuary at our Melbourne Campus – the only on-campus wildlife sanctuary in Australia.

Love sport? Whether you like to watch or play, there’s always something sporty going on in Melbourne, the home of Australian football (AFL) and the Melbourne Cricket Ground (MCG).

You can stay fit and explore more about sport at our state-of-the-art Sports Park located at our Melbourne Campus.

Living costs
Other than your course fees, there are some additional costs that you’ll need to consider when thinking about moving to Victoria.

Student visa costs
If you’re studying on campus, you’ll need to get and maintain a valid passport and student visa to study in Australia. If you accept a full-time study offer from us, you can use the Confirmation of Enrolment (CoE) letter we provide you to apply for a student visa. As you go through this process, you’ll need to cover application costs.

During the application process, you also need to prove to the Department of Home Affairs (DoHA) that you have enough money to pay for at least 12 months of your course fees and living costs. The DoHA estimates that 12-month living costs are AU$21,041 for students or guardians, plus an additional AU$3,362 for a spouse or partner coming with you, and an additional AU$135 per child coming with you.

For the latest information about Australian student visas and associated costs, visit the DoHA website: immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500

Overseas Student Health Cover (OSHC)
If you come to Australia on a student visa, you need to pay for an OSHC policy. This covers you and any dependents, and helps you stay healthy and happy while you study with us. We have partnered with Medibank Private to help offer you affordable and comprehensive OSHC.

Our campus network

With a focus on innovation and an eye on the future, we’re investing in our campuses every year to support our growing, welcoming communities.

As Victoria’s only state-wide university, we have close connections to the communities around our campuses in Melbourne, and across regional Victoria and NSW.

At each of our campuses, you’ll find specialist learning and research facilities featuring the latest technologies in industries including health, engineering, science and information technology.

What does that mean for you?

Opportunities for work placements through local and global industry partnerships

Accessibility to unique experiences within a close-knit community

Deeper connections with teachers and students

More cultural, sporting and academic opportunities

Real experience at the centre of world-class, innovative research

Regional study incentives and support

The Australian Government provides additional incentives for international students who study and live in regional Australia, including Destination Australia scholarships worth up to Aus$15,000 and an extension of your post-study work rights.

See latrobe.edu.au/international/fees/scholarships for more information about scholarships, and find out more about post-study work rights at immi.homeaffairs.gov.au/visas/working-in-australia/regional-migration

Campuses

Melbourne Campus
Located in the heart of Melbourne’s growing north, our campus offers a unique setting for learning, research and employment.

Featuring a state-recognised Research and Innovation Precinct, extensive sports facilities and even its own major wildlife sanctuary, the Melbourne Campus also has vibrant culture with cafes, shops and many social events throughout the year.

Constructing a University City of the Future
The AU$5 billion investment is redeveloping the campus into a place to live, learn, work, socialise and stay healthy. Our state-of-the-art Sports Park is the new home to the Australian women’s national soccer team, The Matildas. Our biodiverse waterway corridor — Nangak Tamboree — is linking La Trobe to the wider community and environment. Our new Digital and Bio Innovation Hubs will help businesses grow by boosting access to our world-leading research.

Learn more at latrobe.edu.au/int-melbourne

Bendigo Campus
Enjoy the best of the city and country at La Trobe’s second-largest campus, less than two hours from Melbourne.

With a vibrant campus community, you’ll connect with friendly, like-minded people and be supported every step of the way. Benefit from exciting opportunities with community partners as you prepare for your career. We have a diverse range of partners providing our students with strong links to industry including sport, business, the arts and health.

Transforming our campus with a AU$50 million upgrade
We’re in the process of a AU$50 million Transformation Program at our Bendigo Campus. This upgrade includes a new science and engineering building, bus interchange to make arriving on campus easier, an extension to the library, and new facilities at the sports field.

Learn more at latrobe.edu.au/int-bendigo

Albury-Wodonga Campus
Become part of a welcoming community, while enjoying the backdrop of the Murray River.

Enjoy a personalised learning experience with friendly staff, modern facilities and placements with industry partners. Surrounded by snowfields, historic towns, cultural and sporting events, Albury-Wodonga also has promising employment opportunities.

Researching what matters for the local community
Our campus is home to two significant and highly productive research centres, where we focus on issues impacting our community, such as water management and ageing.

Learn more at latrobe.edu.au/int-aw

Mildura Campus
Be a part of a strong arts and agricultural community situated on the Murray River.

Studying at La Trobe’s Mildura Campus offers you the best of both worlds – a leading university and a welcoming and supportive campus.

We’ve got close ties to the local community through industry partnerships and placement opportunities, which means you’ll get a practical learning experience with promising employment outcomes.

Shaping healthy living with world-class research
We’re exploring how social, community, genetic and environmental factors influence the health outcomes of people with chronic disease.

Learn more at latrobe.edu.au/int-mildura

Shepparton Campus
In the heart of Shepparton, our campus has great facilities, dedicated staff and strong connections to our diverse, multicultural community.

Enjoy a vibrant and supportive campus culture and access to industry placement opportunities with local partners that will equip you with job-ready skills before you graduate.

Announcing a AU$10.5 million campus redevelopment
The future-proof design will include high-tech clinical teaching spaces, an expanded library, modern study areas and a flexible space for community and cultural events.

Learn more at latrobe.edu.au/int-shepparton

Sydney Campus
Our AU$10 million Sydney Campus is close to work and internship opportunities, located in the heart of the Sydney CBD.

From foundation studies to full degrees, our Sydney Campus is a vibrant environment to build your skills and knowledge.

Learn more at latrobe.edu.au/sydney

City Campus
Our City Campus is in the centre of Melbourne’s business district and offers a range of postgraduate degrees.

You can choose to move your career forward with a postgraduate course in business, health or law. Benefit from access to career and study support in our modern facilities surrounded by our multicultural city.

Learn more at latrobe.edu.au/int-city
Living at La Trobe
Student accommodation

We’re excited to welcome students from all over the world back on campus.

Before you arrive in Australia, we’re here to help you find somewhere to live that suits your lifestyle, is convenient for travel and study, and matches your budget. We offer on-campus accommodation at our Melbourne, Bendigo and Albury-Wodonga campuses. For many international students, it’s the ideal choice. Here’s why.

Join a diverse and welcoming community
As soon as you arrive, you’ll feel at home. There’s a diverse community of friendly students ready to meet you. From day one, there are orientation events and cultural activities for you to explore. It’s a great way to make friends and be part of campus life.

Our residential colleges have common spaces where you can chat with friends, watch a movie or even challenge someone to a game of table tennis. We also have social activities throughout the year. Think wildlife tours, yoga, cooking classes, rock climbing and more.

Excellent entertainment, services and facilities
Take the worry out of setting up home in Australia by moving into fully furnished accommodation. It’s set up with everything you need: gas, electricity, internet and all the other essential services. All your utilities, including laundry, are included in your weekly rent price when you live on campus.

You’ll also have access to study areas, computer labs, gyms, gaming rooms, home cinemas, chill-out areas and every on-campus event you can imagine. There are food truck days, cultural events, public lectures and so much more. Most of it’s free, so you’ll have fun and save money at the same time.

Affordable accommodation options for your lifestyle
Whether you’re looking for a quiet place to study or a vibrant, social atmosphere, we’ve got accommodation options to suit you at our Melbourne, Bendigo and Albury-Wodonga campuses.

For a social vibe, you might choose a residential college. Or maybe a self-contained unit is more your style.

Great support
We’re here to help settle you into campus life and guide you through any challenges. Need help with your studies? We’ve got you covered with free academic mentoring. We also care about your health and wellbeing, so there’s 24-hour accommodation staff on-site to help, as well as a 24-hour student support hotline, one-on-one counselling and self-help resources.

Safe, secure and convenient
Campus accommodation is safe and secure. You’ll have peace of mind, with security buses and security escorts available if you’re ever travelling late at night or walking by yourself on campus after dark.

Did we mention convenient? There’s no need to worry about sleeping through your alarm again, with classes only minutes away. Not to mention the money you’ll save on transport. You’re also perfectly placed to make the most of the amazing events and facilities on campus.

Want to find out more?
Visit latrobe.edu.au/int-accommodation

Off-campus accommodation
If you want to study at one of our other campuses, or just want to see what alternative accommodation options are out there, there’s off-campus options which are affordable and convenient. It’s just about finding the right fit for you.

Explore your options at latrobe.edu.au/accommodation

When you’re preparing to rent, it’s helpful to consider your living costs and budget. Your preferred accommodation location, lifestyle needs and choices will affect your costs. You can discover more about living expenses at latrobe.edu.au/study/life/living/costs
Staying safe and healthy

We want to help you stay safe, healthy and happy while you’re studying at La Trobe.

On-campus safety
La Trobe’s campuses are a safe, welcoming and inclusive environment, and our security team is available across all campuses 24 hours a day, 7 days a week, to keep it that way.

Whether you need help navigating campus after-hours, or have a minor accident and require first aid, our friendly security team is always nearby ready to help. If you come to Australia on a student visa, you aren’t eligible for the Government Health Directions COVIDSafe. Compliance with the University’s COVIDSafe plan is an important part of creating a safe environment for everyone. By taking simple precautions, like staying home if you feel unwell, practicing good hygiene and informing the university if you’re COVID-positive, we can keep each other safe.

For more information about what we’re doing to keep you safe visit latrobe.edu.au/about/novel-coronavirus

Moving to a foreign country can be daunting, but don’t worry – we have a range of services and initiatives put in place to help you stay safe, healthy and happy while you’re studying at La Trobe.

Counselling and mental health
University life can be fun and rewarding, but at times can also be tough. With pressures, demands and life experiences sometimes impacting our studies and everyday life. La Trobe has a diverse team of professional counsellors that can help provide you with confidential short term individual counselling.

It’s completely free and available to all students. We also offer specialist counselling services in LGBTIQA+ and men’s health.

For more information visit latrobe.edu.au/students/support/wellbeing

Multifaith services
Each person’s faith journey is unique and La Trobe embraces and respects people of all religious and spiritual beliefs. We have a range of multifaith services available to help you stay connected and feel supported, including worship/prayer rooms, multifaith spiritual advisors and other faith and spirituality wellbeing resources.

Find out more at latrobe.edu.au/students/support/wellbeing/services/multifaith

Being COVIDSafe
All students and staff have a responsibility to keep our La Trobe campuses COVIDSafe. Compliance with the Government Health Directions and the University’s COVIDSafe plan is an important part of creating a safe environment for everyone. By taking simple precautions, like staying home if you feel unwell, practicing good hygiene and informing the university if you’re COVID-positive, we can keep each other safe.

For more information about what we’re doing to keep you safe visit latrobe.edu.au/about/novel-coronavirus

Health insurance
If you come to Australia on a student visa, it’s essential to have the correct level of health insurance. This will ensure you have access to appropriate help if something goes wrong. The minimum level of health insurance for international students studying in Australia is known as Overseas Student Health Cover (OSHC). If you’re on a visa other than a student visa, you aren’t eligible for OSHC and need to arrange your own health insurance.

For more information visit latrobe.edu.au/international/prepare/visa/insurance

Feats and scholarships

Studying overseas can offer you a range of exciting opportunities.

But it’s important you’re prepared for the costs involved. You’ll need to manage tuition fees and costs of living, as well as other potential expenses associated with overseas study.

Here’s the good news: we offer a wide range of scholarships that can help you out.

Scholarships
International study is a big decision, especially when the future can look a little uncertain. So we’ve designed our range of scholarships to give you the support you need in a changing world. Our generous scholarships mean you could access financial support to study with us. From tuition fee reductions to cash grants, these scholarships recognise your achievements and reward your commitment to your future. We’ve increased the range and amount of scholarships we offer, so whether you’re interested in undergraduate and postgraduate coursework or postgraduate research, there’s a La Trobe scholarship for you.

La Trobe International scholarships
La Trobe International Scholarships reward your academic excellence by offering up to a 25 per cent reduction on tuition fees for the normal duration of your course.

To find out whether you could be eligible, visit latrobe.edu.au/scholarships/destination-australia-international-students

Regional Victoria Experience Bursary
This is a top-up bursary for a prospective international student who is willing to undertake an undergraduate or postgraduate coursework degree in our Regional campuses.

To find out whether you could be eligible, visit latrobe.edu.au/scholarships/destination-australia-international-students

Postgraduate research scholarships
We offer a range of postgraduate research scholarships. Find out more about applying for a research degree and the scholarships available to you at latrobe.edu.au/study/apply/international/research

ELICOS Scholarship
International students undertaking an English for Further Studies (ELICOS) course with La Trobe College Australia (LTC) followed by an undergraduate or postgraduate degree at La Trobe University.

To find out more visit latrobe.edu.au/scholarships/destination-australia-international-students

Regional Scholarship
If you study at one of our regional campuses, you could be eligible for a one-off payment of AU$500, which will be deducted from your first semester tuition fees.

To find out whether you could be eligible, visit latrobe.edu.au/scholarships/destination-australia-international-students

Sponsorships
As well as our scholarships, some international students can be sponsored by overseas governments, organisations or companies.

Find out more at latrobe.edu.au/int-sponsorships

Study costs
Tuition fees
Tuition fees are the primary cost of studying one of our courses. They’re different for every course and are based on your study load – typically 60 credit points per semester, totalling 120 credit points per year for a full-time load. You can find indicative annual fees in this guide. These are based on an annual study load of 120 credit points, except where we indicate they’re based on a different study load. You can estimate a total cost for your course based on these indicative fees but remember – fees can change year by year. If we do change the fees for a course, the change takes effect on 1 January the next year.

Find out more at latrobe.edu.au/int-tuition

Other course costs
You may also need to pay other course costs, such as field trips or buying equipment. If a course requires you to pay additional costs, it will be outlined in the Fees and scholarships section on our course pages at latrobe.edu.au/int-courses
Student support

We’re there for you every step of the way with advice, information and support.

Choosing a course

If you have any questions about choosing a course or the application process, contact our team. You can find our contact details on the back cover and on our website: latrobe.edu.au/int-contact

Studying in Australia

Pre-departure

Our Welcome to La Trobe website has all the information you need to prepare for your arrival to Australia. The website has up-to-date information tailored to support your transition to Australia, including a pre-departure checklist and even scholarship information. Check it out at latrobe.edu.au/international/welcome

You can also visit our on-demand orientation program for more information on arriving in Australia: latrobe.edu.au/students/getting-started/orientation/on-demand

Once you’ve accepted your offer, we’ll contact you about how to complete your pre-arrival online enrolment. If you have questions along the way, we’re here to support you.

Find out more at latrobe.edu.au/int-enrol

Living in Australia webinar

Our comprehensive Living in Australia webinar offers you support and advice on every question you need to know before leaving your home to transition to Australia. It covers valuable information regarding accommodation, transport, food, working, health services and staying safe.

Entering Australia

Information regarding the requirements to enter Australia is found on the Department of Home Affairs website. It is your responsibility to read and follow the requirements of the Australian Government.

Checking in

When you’re on campus for the first time, we invite you to our welcome zone at Ask La Trobe. This is the best way to meet our team face-to-face and get your questions answered, so you can start your studies at La Trobe.

Find out more at latrobe.edu.au/students/ask-us

Orientation

Orientation is full of important sessions and social activities, so you’ll need to attend it at the start of semester. You’ll make new friends, learn important information about campus life and set yourself up for your time here.

Learn more at latrobe.edu.au/int-orientation

Supporting you to graduation

Student Advising

Want to reach your full potential? La Trobe’s Student Advising team is here to help guide your transition into university and enable you to develop a sense of connection and community at La Trobe. They can help you with anything from clarifying career goals, developing a sustainable educational plan, connecting with appropriate support and building resilience, motivation and self-efficacy.

Find out more at latrobe.edu.au/learning-and-teaching/student-success/student-advising

Personal support

Our Advising team can help you with almost any personal issue you encounter, whether it’s social, financial, cultural or anything else. You can book a confidential one-on-one appointment with our supportive and professional staff.

Learn more at latrobe.edu.au/learning-and-teaching/student-success/student-advising

Career support

All La Trobe students have access to our leading Career Ready Advantage program. Graduate with experience, confidence and a career portfolio that’s sure to impress.

Find out more at latrobe.edu.au/int-career

Overseas study programs

Make the world your campus. Study with one of our 130 overseas study partners to help you broaden your horizons and make global connections while you gain credit towards your La Trobe degree.

Learn more about programs and funding at latrobe.edu.au/int-overseas

Connect with other students

There are plenty of ways to connect with on-campus and off-campus communities while you’re studying with us – whether you’re in Australia or studying online from home.

You’ll build friendships, grow your professional networks, and meet people from around the world with our social programs and cultural events.

Find out more at latrobe.edu.au/int-social

Always available

Well stay connected with you for the entire time you’re at La Trobe. We even have a 24-hour student support hotline where we can help you with anything you may be concerned about.

Learn more at latrobe.edu.au/int-support-services

When you choose La Trobe, we’re here for you every step of the way with advice, information and support.

Our International Student Services team will help you feel at home at La Trobe – whether you’re in Australia or studying online – and support you to succeed in your studies.
Prepare for your career

Want to gain an exciting and fulfilling career once you’ve finished your degree?

At La Trobe, we design our courses with industry to make sure you build the skills your future employers need. We also partner with industry to offer you placement opportunities in your chosen field. And our Career Ready Advantage program means you’ll graduate with experience, confidence and a career portfolio that’s sure to impress.

Career Ready Advantage

You can get the skills employers are looking for with Career Ready Advantage: designed with industry partners such as PwC, one of the world’s largest professional services firms; Optus, one of Australia’s three biggest telecommunication firms; and the Commonwealth Bank, Australia’s largest banking organisation.

Career Ready Advantage Award

With the Career Ready Advantage Award, you’ll be rewarded as you develop industry-relevant skills during your degree and outside the classroom. As you study, you can work towards a Silver, Gold or Platinum award and have your achievements formally recognised. At the same time, you’ll access opportunities to connect with your chosen industry and develop your leadership skills.

Develop the skills employers want

La Trobe’s Career Ready Advantage expands on the technical skills you learn in your course. It helps you develop the qualities employers are looking for: passion, empathy, curiosity and resilience. You’ll also:

- Enhance your communication and literacy skills to confidently engage, build relationships and work effectively with diverse groups of people.
- Build personal and professional skills to manage yourself and others in the workplace with integrity, adaptability and emotional intelligence.
- Develop critical thinking and research skills to interpret data and create innovative solutions for complex problems.

Build your Career Ready Advantage

To get started, download the MyLaTrobe app or visit latrobe.edu.au/int-career

Support from day one

As you prepare for your future career, we’ll be there every step of the way with:

- Support finding work through our on-campus recruitment service, with hundreds of casual and graduate opportunities advertised every year.
- Industry placement opportunities with our wide network of partner organisations.
- Industry mentoring with our high-profile graduates and partners.
- Opportunities to connect with potential employers through networking events, showcases and industry panels.

Develop critical thinking and research skills to interpret data and create innovative solutions for complex problems.

Industry experience

Industry-based learning

You’ll increase your employability while gaining the industry experience we’ve embedded into our teaching. Depending on your course and your eligibility, you’ll build first-hand industry experience through:

- Guest lectures from industry experts.
- Real-world case studies and professional simulation activities.
- Industry projects guided by our staff.
- Field trips and study tours, both in Australia and overseas.
- In-class activities preparing you for work, like portfolio development, interview practice and resume writing.

Find out more at latrobe.edu.au/int-career

Industry placement opportunities

We offer a wide range of industry placement opportunities where you can build the skills and experience to set you apart from the crowd. Options for eligible students include placements, leadership programs, career workshops, overseas study and more.

Best of all, many of our work-based learning opportunities are also available online through experiential learning platforms like Practera. This means you’ll have access to a much wider range of experiences – whether they’re on the other side of town or the other side of the world. Taking part in online placements also gives you the chance to develop the remote working skills that have become invaluable in the modern workforce.

Find out more at latrobe.edu.au/int-career

Academic and English language requirements

Before you can enrol in to your course, you’ll need to meet our entry requirements.

Here’s everything you need to know about the academic and English requirements you’ll need to meet before you can study at La Trobe.

**Academic requirements**

We have minimum academic entry requirements for our courses, which are listed here. You can also find more information about our academic requirements at latrobe.edu.au/int-academic

**Undergraduate**

Whether you have your dream job in mind or are still figuring it out, an undergraduate degree from La Trobe will give you the knowledge, experience and connections you need to build your career. Undergraduate courses available at La Trobe include:

- Diploma programs
- Bachelor’s degrees.

To enter our undergraduate programs, at a minimum you’ll need to have completed Australian Year 12 (or an accepted international equivalent) with a certain grade. You may also need to meet subject prerequisites.

**Postgraduate coursework**

Already completed a Bachelor’s degree (or international equivalent) or have significant professional experience in a relevant field? Take your next step by choosing a postgraduate degree that suits your career aspirations and your educational and professional background. Higher degree research options available at La Trobe include:

- Graduate Certificate programs
- Graduate Diploma programs
- Master’s degrees by coursework.

To enter our postgraduate degree programs, at a minimum you’ll need to have completed an Australian Bachelor’s degree (or international equivalent) with certain grades. For some degrees, we may also consider prior learning that you’ve developed through relevant work experience or professional accreditation, if we deem it to be at least equivalent to the education you’d receive in a Bachelor’s degree.

Some courses may have additional entry requirements. Please refer to specific course requirements at latrobe.edu.au/int-courses

**Higher degrees by research**

Do you have proven research capabilities? We offer three types of graduate research degrees, also known as higher degrees by research, depending on your goals and your educational and professional background. Higher degree research options available at La Trobe include:

- Masters degrees by research
- Professional Doctorates
- Doctors of Philosophy (PhD).

Find out more at latrobe.edu.au/research/graduate-research/apply/degrees

**English language requirements**

We’re proud to welcome students from all over the world to La Trobe. To help all our students succeed academically, we have English language requirements for entry into our courses.

We have minimum language requirements for undergraduate, postgraduate and graduate research study at La Trobe. However, some La Trobe courses need a higher level of English language proficiency than these minimum scores.

Our course pages list the required English levels and accepted test methods needed for entry. If you know the course you want to study, you can search for your course and check its specific entry requirements.

Find out more at latrobe.edu.au/international/study

**Other proof of English proficiency**

We may also consider other factors when assessing if you meet the language requirements for your course, such as whether you’ve studied or worked in an English-speaking country.

---

**International student pathways**

**Found your ideal course, but don’t quite meet the academic or English requirements?**

Don’t worry. If you’re an international student, you may be eligible for a pathway program to get you into a La Trobe course.

**Pathways**

We offer pathway programs through our on-campus partner La Trobe College-Australia (LTCA). You’ll study at our Melbourne and Sydney campuses, so you’ll be immersed in the university experience from day one. You’ll be supported by expert teachers who understand the unique needs of international students and can help prepare you to progress into university studies. Enjoy access to free services including one-on-one tutoring and English improvement sessions.

For some degrees, we may also consider prior learning that you’ve developed through relevant work experience or professional accreditation, if we deem it to be at least equivalent to the education you’d receive in a Bachelor’s degree. 

Some courses may have additional entry requirements. Please refer to specific course requirements at latrobe.edu.au/int-courses

**Undergraduate pathways**

Do you need help to meet the academic entry requirements for your preferred undergraduate course? LTCA offers Foundation Studies and Diploma programs to prepare you for undergraduate study.

These programs provide pathways to a broad range of undergraduate courses. The Foundation Studies programs are equivalent to an Australian secondary school qualification and prepare you to enter the first year of your course. The Diploma programs help you transition into the second year.

**Explore your options at latrobecollegeaustralia.edu.au**

1. IELTS General Training is not accepted for admission into our courses.
2. EOI will be taken before 31 Dec 2023.
4. Formerly known as Cambridge English: Proficiency (or Certificate of Proficiency in English)

---

**Articulation arrangements**

If you want some extra certainty about your future, our articulation arrangements with partner institutions around the globe can help you guarantee your path to La Trobe. Completing one of the approved articulation courses with a partner institution guarantees that when you enter an eligible La Trobe course, you’ll receive credit for your previous studies (also known as ‘advanced standing’). This can shorten the duration of your study and reduce the cost of your La Trobe study.

You may also be entitled to two awards when you graduate – one from us, and one from your home institution. Certain pathways may have additional requirements or restrictions that affect admission into our degrees, or the credit you’re awarded upon admission, or your progression within the degree.

Please note:

Some courses may have additional costs and intake dates could change throughout the year and may vary between campuses. In some instances, courses will have additional admission requirements - we always keep the latest information on our course pages online, so check course listings on our website.
Research at La Trobe

When you research at La Trobe, you’re choosing to be at the centre of a globally renowned research community that’s making a real impact, right here and now.

You’re also choosing:
- World-class facilities and partnerships connecting health, science and technology education with industries.
- Dedicated support network preparing researchers for successful careers.
- To be part of a group of leading Australian and international researchers who are working together with their community.

We’re proud to be known for excellence in every aspect of our research – we’re top-rated nationally and rated well-above world standard in 23 fields of research.1

We develop creative and innovative responses to the fundamental challenges facing our world. When you join us, you will too.

Our degrees
We offer Doctor of Philosophy (PhD), Professional Doctorate and Masters by research programs depending on your goals and your educational and professional background.

Find out which degree is right for you at latrobe.edu.au/int-research-degrees

Research themes
Our research is focused on five priority areas linked to the United Nation’s Sustainable Development Goals. Our expertise across disciplines, combined with our commitment to digital innovation, positions us to excel in these areas:
- healthy people, families and communities
- understanding and preventing disease
- sustainable food and agriculture
- resilient environments and communities
- social change and equity.

Learn more at latrobe.edu.au/int-research-themes

How we’ll help you
Research infrastructure
As a graduate research candidate, you’ll be able to access purpose-built and custom-designed research facilities. We’ve invested in infrastructure to help your research make an impact, from physical facilities like the La Trobe Institute for Molecular Science to our research platforms that maximise our strengths.

Find out more at latrobe.edu.au/int-research-facilities

Scholarships
We know what it’s like when you’re focused on your research – you don’t want anything to distract you. Our supportive scholarships for international students can help you cover tuition fees, manage your living expenses and more.

Learn more at latrobe.edu.au/int-research-scholarship

Research support
We have a dedicated Research Education and Education (RED) team that supports graduate researchers in:
- quality research practices
- strategies to achieve
- publication and source funding
- insight into career paths and industry sectors
- excellent research communication skills.

Find out more at latrobe.edu.au/int-red

Industry and community engagement
We know that graduates don’t always remain in academia. That’s why we’ll support you to develop your skills and build contacts outside the university sector. The people you meet at La Trobe will help you build a rewarding career, no matter where life takes you.

If you want to grow your networks while you research, we can assist you to engage with industry partners. We also offer La Trobe PhD with an industry focus, which embeds you in an organisation where you’ll use your research to solve problems and build your professional networks.

You’ll learn from Australian industry leaders and build a track record of delivering results. And when you’re finished, you’ll be amazed at the opportunities that come your way.

There’s more information at latrobe.edu.au/int-industry-community

How to get started
Ready to change the world? Find out how to research at La Trobe online at latrobe.edu.au/int-apply-research

La Trobe has really developed me. I have wonderful supervisors and meet so many people from other cultures. You get to work with these amazing people and broaden your horizons.

La Trobe

---

Please note:
Some courses may have additional costs and intake dates could change throughout the year and may vary between campuses. In some instances, courses will have additional admission requirements - we always keep the latest information on our course pages online, so check course listings on our website.
How to apply

1. Choose your course
   Find a course in this guide, then head online to find out all the details. Want to speak to someone about which course is right for you? We’re here to help. Get in touch at latrobe.edu.au/int-contact

2. Check the entry requirements
   Make sure you understand your course’s entry requirements, including academic and English language requirements. This guide lists indicative requirements for our courses. If you know the course you want to study, check its full entry requirements online at latrobe.edu.au/int-courses

3. Check your pathway options
   Need support to meet your course’s entry requirements? We offer English language and pathway programs through our on-campus provider La Trobe College Australia latrobe.edu.au/int-pathways. You may also choose to do Honours so they can continue to postgraduate studies. Depending on your course, this may involve an additional year of study, although some courses have it built in.

4. Get your documents ready
   You’ll need to scan and upload your documents to the International Online Application System. The documents required include:
   - copies of your academic qualifications in your language and in a certified English translation
   - evidence of your English language proficiency
   - any other information specified in the entry requirements for your course
   - your course syllabus, if you’re applying for advanced standing (credit)
   - copy of passport
   - current visa (if applicable)
   - any additional forms required

5. Submit your application
   We accept applications throughout the year. Our International Online Application System can be accessed at student.latrobe.studylink.com. La Trobe University requires students from certain regions to apply via an authorized agent. If you are unsure whether you will need to apply via an agent or not, please check with us via email at LTUGlobal@latrobe.edu.au. If you need any help completing your online application as direct student, or have any questions about the process, we’re always here to help. Email us at LTUGlobal@latrobe.edu.au

6. Accept your offer
   Once we’ve assessed your eligibility and if you’re successful, we’ll provide you with a letter of offer and offer acceptance form. We’ll also provide a guide on the next steps to accept your place in your course. Learn more at latrobe.edu.au/int-accept

7. Prepare for study at La Trobe
   Our International Student Services team will help you prepare for study, and when it’s time to join us on campus, they’ll help you get ready for life in Australia. Find out how at latrobe.edu.au/int-prepare

Find an agent
Want some extra support? Our authorised agents can help you with advice and information on the application process. Find an authorised La Trobe University agent at latrobe.edu.au/int-agents

Key terms

There’s a lot to learn at university — including how to talk about it.

Here are the meanings of some of the key words and phrases we use in this guide.

Advanced standing
If you’ve completed relevant, formally recognised studies at another uni or TAFE, including a Diploma or Associate Degree, or have suitable work experience, you may get advanced standing (also known as ‘credit’) for some or all of your studies when you enrol at uni. This means you may finish your degree faster.

Australian Tertiary Admissions Rank (ATAR)
If you’re completing Year 12 in Australia, VET or UAC gives you an ATAR (a number between 0.00 and 99.99) to rank your Year 12 results against other students’ results.

Entry requirements
Each course has different entry requirements you need to meet to be granted entry. These requirements include language proficiency, academic and professional experience. To understand different entry and academic requirements, please visit latrobe.edu.au/international/requirements/scores

Honours
Honours studies are advanced studies attached to undergraduate degrees that give you a higher qualification than a three-year degree. Many people do Honours so they can continue to postgraduate studies. Depending on your course, this may involve an additional year of study, although some courses have it built in.

ELICOS
ELICOS is an acronym which stands for English Language Intensive Courses for Overseas Students. These courses are designed for students who require English language training before they commence tertiary study in Australia and can be undertaken at a La Trobe University’s on-campus partner, La Trobe College Australia (LTCA).

Industry placements
Industry placements integrate educational theory and workplace experience, preparing you to be work ready, world ready and future ready.

Major
A major is a way to specialise in your undergraduate course. It’s made up of a sequence of related subjects spread over the duration of an undergraduate course. You’ll usually undertake at least one subject from your major each semester, and you must pass each subject to move on to the next one in the sequence.

Specialisation
A specialisation is a way to specialise in your postgraduate course. It’s made up of a sequence of related subjects spread over the duration of a postgraduate coursework course. The amount, structure and duration of subjects you need to undertake to secure a specialisation differs depending on the course.

OSHC
OSHC is an acronym which stands for Overseas Student Health Cover. You and your dependants must have OSHC as a condition of your student visa, unless you are one of the exceptions described below.

Pathways
Pathways let you enter your chosen course through another qualification. For example, the Diploma of Arts is one pathway to a Bachelor of Arts. Going from Year 12 to TAFE and then uni is another. You can also start at La Trobe with a lower entry requirement and apply for a transfer to your preferred degree.

Tuition fee
When you study at La Trobe, your tuition fees are the monetary amount you need to pay for your course. This does not include living costs, books, stationary, transportation, visa or any other costs associated with studying abroad.

VET
VET is an acronym which stands for Vocational Education and Training.
