Study at Melbourne in 2024
Create your own path

Build a degree based on your interests, strengths, and passions as you discover them. Combine specialist knowledge in your chosen study area with a unique skillset across a range of other subjects.

Develop skills in critical thinking, problem-solving, communicating and leading in the classroom and through industry-based learning and projects, in Melbourne and across our global learning community of over 200 exchange partners.

Graduate with a globally recognised qualification to launch your career in a broad range of professions or pursue a higher qualification with us through one of over 400 specialist graduate degrees.
Melbourne at a glance

**Flexible and focused degrees**
Select majors, electives and breadth subjects that focus on your chosen career from day one. Or, take your time to explore a range of subjects before deciding.

**Your teachers**
Learn from expert academics who are changing the world one project at a time. Your lecturers, tutors and mentors will inspire you and prepare you for your career.

**Your career**
We’re ranked #8 in the world for graduate employability. That’s higher than some of the world’s top universities, including Oxford, Cambridge, Berkeley and the University of Hong Kong.

**Your city**
Consistently ranked as one of the world’s most liveable cities, Melbourne is safe, fun and is a hub for tech, the arts and sport.

**Your networks**
Melbourne draws students from more countries than any other Australian university. We have over 140 nationalities represented on campus, and our graduates join an international network of over 400,000 alumni.

**Health and wellbeing**
We are committed to supporting the health and wellbeing of our students, offering free counselling services, bulk billed medical services, discounted dental care and more.

**Support**
Whatever you need, we’ll be with you every step of the way. Connect with our Future Students team for support and advice.

**Scholarships**
Melbourne has one of the most generous scholarship programs in Australia. Find one that suits you: scholarships.unimelb.edu.au

**Access Melbourne**
Sometimes, your ATAR does not reflect your full potential. If you’re a domestic student, Access Melbourne takes your personal circumstances into consideration when you apply.

Undergraduate study at Melbourne

Build a degree around your interests and strengths

Discover your passions through the Melbourne curriculum, while gaining the experience and expertise to set you apart and prepare you for the future, whatever you choose to do.

The Melbourne curriculum is a journey through higher education aligned with leading universities in Europe, North America and Asia. You start with a three-year Bachelor degree. Once completed, you can enter the workforce with a broad knowledge base and career-ready skills. Or, continue the journey to gain specialised knowledge via a graduate degree or in graduate research.

This flexible model of study allows you to choose subjects from over 100 different study areas to combine focused knowledge in your area of interest with a unique skillset across a range of other subjects.

The Melbourne curriculum gives you an opportunity to figure out what you love to do and who you want to be. You’ll develop skills in critical thinking, problem-solving, communicating and leading in the classroom and through industry-based learning and projects, in Melbourne and across our global learning community of over 200 exchange partners.

How it works

Choose your undergraduate degree

Your first step is to select the degree that interests you most. We offer seven Bachelor degrees in the Melbourne curriculum – Arts, Biomedicine, Commerce, Design, Fine Arts, Music, and Science – covering over 100 different study areas allowing you to design a program that is uniquely yours. We also offer specialist degrees in Agriculture and Oral Health, where everything you study is structured for your chosen discipline.

Choose a major

Making up one third of your subjects, a major is the subject area you’ll focus on during your undergraduate degree. Each degree has a different set of majors. For example, if you’re studying a Bachelor of Design, you might choose to major in architecture or construction. Or in a Bachelor of Commerce, you might pick a major in management or finance. In some of our courses, you can choose to do a double major.

In your first year you can focus on your major straight away or explore other subjects before deciding on what major you want to pursue.

Discovery subjects

Designed to support your introduction to University, Discovery subjects are core first-year subjects within each undergraduate degree that offer varying experiences and delivery modes. These subjects connect your studies to outside the classroom, showing you how your degree can address real-world problems.

Branch out in your studies

Breadth subjects

In addition to the subjects offered in your degree, you can also take subjects from other disciplines – like marketing, genetics or philosophy – or test out subjects you’re thinking of pursuing in a graduate degree, like law, development studies or urban design.

This approach allows you to explore beyond your study area to build an interdisciplinary skillset, so you’ll be capable of critical thinking, problem-solving, communication and leadership in a vastly broad range of professions.

Concurrent diplomas

You have the option to study an extra qualification alongside your degree. If you’re a passionate musician, programmer or mathematician, or have an interest in languages, you can enrol in one of four concurrent diplomas alongside your Bachelor degree - computing, languages, mathematics or music.

Direct your learning experience

Undergraduate (Bachelors) Degree

3 years duration

Arts, Biomedicine, Commerce, Design, Fine Arts, Music or Science

Depth 75%
Major and core subjects (over 100 areas of study)

Breadth 25%
Subjects outside core discipline

Agriculture or Oral Health

100% Specialist
Major and core subjects

Specialised Graduate Program

1+ years’ duration (depending on the program)

Professional masters
Accredited world-leading qualifications to help you enter a wide range of professions

OR

Research specialisation

Bachelor of Arts

“The degrees at Melbourne encourage learning through exploration.”
Undergraduate degrees and majors

There are over 100 study areas to choose from in your undergraduate degree. Below is a list of majors, minors and specialisations within your chosen field of study.

### Bachelor of Agriculture
- Agricultural Economics
- Plant and Soil Science
- Production Animal Science

### Bachelor of Arts
- Ancient World Studies
- Anthropology
- Arabic Studies
- Art History
- Asian Studies
- Chinese Societies
- Chinese Studies
- Classics
- Creative Writing
- Criminology
- Development Studies
- Digital Studies
- Economics
- English and Theatre Studies
- English Language Studies
- Environmental Studies
- European Studies
- French Studies
- Gender Studies
- Geography
- German Studies
- Hebrew and Jewish Studies
- History
- History and Philosophy of Science
- Indigenous Studies
- Indonesian Studies
- Islamic Studies
- Italian Studies
- Japanese Societies
- Japanese Studies
- Knowledge and Learning

- Law and Justice
- Linguistics and Applied Linguistics
- Media and Communications
- Medieval and Early Modern Studies
- Philosophy
- Politics and International Studies
- Psychology
- Russian Studies
- Screen and Cultural Studies
- Sociology
- Spanish and Latin American Studies

### Bachelor of Biomedicine
- Biochemistry and Molecular Biology
- Biomedical Engineering Systems
- Biotechnology
- Cell and Developmental Biology
- Genetics
- Human Nutrition
- Human Structure and Function
- Immunology
- Infection and Immunity
- Microbiology
- Neuroscience
- Pathology
- Pharmacology
- Physiology
- Psychology

### Bachelor of Commerce
- Accounting
- Actuarial Studies
- Economics
- Finance
- Management
- Marketing

Double major available
Study area available as a minor only.
Bachelor of Design
- Architecture
- Civil Engineering Systems
- Computing and Software Systems
- Construction
- Digital Infrastructure Engineering
- Graphic Design
- Landscape Architecture
- Mechanical Engineering Systems
- Performance Design
- Property
- Urban Planning
- User Experience Design

Bachelor of Fine Arts specialisations
- Acting
- Animation
- Dance
- Film and Television
- Music Theatre
- Production
- Screenwriting
- Theatre
- Visual Art

Bachelor of Music
- Composition
- Interactive Composition
- Jazz Improvisation
- Musicology and Ethnomusicology
- Music Studies
- Performance

Bachelor of Oral Health
- Dental Science
- Clinical Dentistry
- Social Science and Preventative Dentistry
- Vocational Clinical Practice

Bachelor of Science
- Agricultural Science
- Animal Health and Disease
- Animal Science and Management
- Biochemistry and Molecular Biology
- Bioengineering Engineering Systems
- Biotechnology
- Cell and Developmental Biology
- Chemical Engineering Systems
- Chemistry
- Civil Engineering Systems
- Climate and Weather
- Computing and Software Systems
- Data Science
- Digital Infrastructure Engineering Systems

- Infection and Immunity
- Marine Biology
- Mathematical Physics
- Mathematics and Statistics
- Mechanical Engineering Systems
- Mechatronics Engineering Systems
- Microbiology
- Neuroscience
- Pathology
- Pharmacology
- Physics
- Physiology
- Plant Science
- Psychology
- Veterinary Bioscience
- Zoology
Undergraduate entry pathways

Diploma in General Studies (DiGS)
For domestic students, the Diploma in General Studies (DiGS) is a great way to explore your study options, build academic skills, meet university subject prerequisites and get ready for your next step. DiGS can be used as a guaranteed pathway (with possible credit) into University of Melbourne undergraduate degrees in arts, agriculture, biomedicine, commerce, design and science. DiGS is taught at our Dookie campus, where you’ll be part of a closely-knit community dedicated to helping you succeed.

go.unimelb.edu.au/rjy6

Specialised degrees for Indigenous students
If you aspire to study at Melbourne but feel unsure about meeting the entry requirements, the Bachelor of Science (Extended) or the Diploma in General Studies (Extended) could be for you.

Bachelor of Science (Extended)
The Bachelor of Science (Extended) is a degree for Aboriginal and Torres Strait Islander students who may not meet the regular Bachelor of Science entry requirements. This four-year course is your first step towards a dream career in science or technology, with exclusive learning opportunities and tailored academic support to get you closer to your goals. The Bachelor of Science (Extended) is offered at our Parkville campus, on Wurundjeri Country.

go.unimelb.edu.au/2ry6

Diploma in General Studies (Extended)
DiGS Extended is an expanded version of the DiGS program, exclusively for Aboriginal and Torres Strait Islander students. It offers the same benefits as DiGS, including possible guaranteed entry into undergraduate degrees at Melbourne. DiGS Extended is available to both school leavers and mature age students, with no ATAR required to apply.

The 18-month DiGS Extended curriculum was designed to incorporate Indigenous perspectives and develop skills for lasting academic success. It is taught at our Dookie campus, on Yorta Yorta Country.

go.unimelb.edu.au/2d3e

Get access to support and mentoring
Murrap Barak, Melbourne Institute for Indigenous Development provides support to all Indigenous Australian students wishing to apply for or are enrolled at the University of Melbourne. With a dedicated team of student support professionals, the Institute offers information, advice and support on a wide range of academic, cultural and personal matters to help make your transition to University studies easier.

murrupbarak.unimelb.edu.au

Be considered for scholarships
You may be eligible for an Access Melbourne scholarship to help with the costs of study and living in Melbourne. You could be guaranteed entry to select undergraduate degrees.

access.unimelb.edu.au

Other pathways available
Non-school leaver entry
If you successfully completed an Australian Year 12 (or equivalent) in recent years, you can still apply for a University of Melbourne undergraduate degree using your Year 12 results. You’ll lodge your application directly with the Victorian Tertiary Admissions Centre (VTAC).

go.unimelb.edu.au/oey6

Non-school leaver entry: at least 7 years away from study
The University of Melbourne offers a special pathway to non-school leavers via our Special Entry Access Scheme (SEAS), Access Melbourne (see page 20). You must also satisfy academic requirements.

go.unimelb.edu.au/z38e

Tertiary transfers
If you commenced a degree at another university or TAFE after Year 12, you can apply for a University of Melbourne degree directly with the Victorian Tertiary Admissions Centre (VTAC). Your entire academic record will be used for selection and you must meet any prerequisite subject requirements.

go.unimelb.edu.au/oey6

To find out more scan this QR code
Experience uni while you’re still at school

Gain a head start now with a taste of university before you finish high school.

Events on campus
There are plenty of things going on all year at the University of Melbourne, from future student events to free public lectures and performances. Most are free, and you are welcome to come along. If you want to see the campus, we have self-guided campus tours.

Events in Australia and around the world
Our staff and students are always on the move, and our alumni work in almost every country across the globe. Wherever you are there is sure to be an event happening near you. Browse online events near your home, as well as online events that you can join from anywhere.

study.unimelb.edu.au/student-life/events

Kwong Lee Dow Young Scholars Program
If you’re a Year 10 student studying in Victoria or the border regions of New South Wales or South Australia, apply for the Kwong Lee Dow Young Scholars Program for an exciting uni experience that will push you to achieve your best. Applications are open from August to October each year.

Benefits include:
- Exclusive events and activities to expand your academic and personal horizons
- If you go on to study at Melbourne, you could be awarded a Melbourne Global Scholars Award to study at one of more than 200 partner institutions in over 45 countries on exchange, or anywhere in the world on study abroad
- $2500 allowance to help with the costs of moving to Melbourne from a regional area.

unimelb.edu.au/kld

University of Melbourne Extension Program (UMEP)
Are you a high-achieving student in Victoria? You can study a university subject during your final year of high school. It’s free to join. You’ll not only experience uni life and make new connections and friends, but you could also receive a valuable contribution to your ATAR aggregate (depending on your results) and earn credit toward your Melbourne degree. This could mean that you finish your degree faster or have a lighter study load in your first year. Applications are open from late September to December each year.

unimelb.edu.au/extension-program

VCE Summer School
The VCE Summer School (VCESS) is a two-week tutoring program that takes place in January and aims to help high school students who have experienced disadvantage gain a head start on their final years of education. It’s run by students for students, with a focus on creating a healthy study-life balance, helping to correct the disadvantage in the Victorian education system and providing tutoring on a wider range of subjects than any other academic service provider.

umsu.unimelb.edu.au/getinvolved/summerschool
Combining undergraduate and graduate study at the University of Melbourne is a pathway to limitless opportunity. Here are just some of the doors it can open across our broad range of study areas. For entry requirements and more information about pathways and where they can take you, visit study.unimelb.edu.au

| 3 year option is now via Veterinary BioSciences major              |                                                      |                                          | 2. The Veterinary Bioscience major is only available to students who have received a provisional/conditional course offer to commence the Doctor of Veterinary Medicine following successful completion of the Bachelor of Science. For (BSc) students intending to apply for the Doctor of Veterinary Medicine via the Veterinary Bioscience major it is a requirement that students have previously completed VCE Physics Units 3/4 or equivalent, or a 12.5 point Level 1 Physics subject. Students must complete four breadth subjects over the first two years of the Bachelor of Science degree. Students may complete one or two breadth subjects at first year level and two or three breadth subjects at second year level.
Set yourself apart through specialist graduate study.

If you’re ready to deepen your knowledge following your Bachelor degree - to accomplish career goals or to just keep learning - our graduate courses give you the opportunity to develop specialist expertise while broadening your perspectives. You’ll graduate with a globally-recognised qualification, whether you’re seeking accreditation for your chosen profession or aiming to build your skills at a higher level.

Our graduate courses are closely connected to globally-leading research and industry expertise. Combine expert knowledge with critical leadership, communication and collaboration skills to be prepared for success in any workplace. Our partnerships create incredible opportunities for our students, through real-world projects and placements during study, and connections that power your career.

We offer more than 400 graduate courses across a broad range of disciplines, with specialist Graduate Schools in medicine, dentistry, health sciences, education, law, arts, design, plus Melbourne Business School.

Our graduate study areas include:
- Architecture, building, planning and design
- Arts, humanities and social sciences
- Business and economics
- Education
- Engineering and information technology
- Environment
- Health
- Law
- Music, and visual and performing arts
- Science
- Veterinary and agricultural sciences.

Through regular connection with peers, researchers and our global network of industry partners, you’ll develop strong connections with community and industry that open the door to an outstanding future.

study.unimelb.edu.au/study-with-us/graduate-courses

Graduate Degree Packages

If you are graduating high school and know the career pathway you want to follow, you can bundle your undergraduate degree offer with a graduate degree offer in a Graduate Degree Package.

Graduate Degree Packages are available to school leavers who complete an Australian Year 12 or the International Baccalaureate Diploma in Australia, and to Australian citizens outside Australia who are completing the same qualifications. Applicants must enrol in their preferred Graduate Degree Package immediately after Year 12, unless granted a deferral by the University.

Pathways to graduate study

If you don’t yet know which area you’d like to study, or meet the required ATAR for a Graduate Degree Package, there are a range of entry pathways available to you. You can apply for our graduate degrees once you have completed your undergraduate studies at the University of Melbourne, or another institution. For 2024 entry selection criteria details, and more information on pathways to graduate study, visit: study.unimelb.edu.au/study-with-us/graduate-courses

12 Profile Brochure 2024
Who says you can’t change the world? We expect nothing less.

Our reputation as Australia’s leading comprehensive research-intensive university enables us to attract and cultivate the most promising researchers from around the world.

We collaborate with industry partners, other institutions, research organisations, the community, and government and not-for-profit organisations to achieve research outcomes with global impact. We remain at the forefront of innovation in Australia.

Melbourne is a place where world-class researchers choose to work, and, as a graduate research student, you’ll be supervised by leading experts in your field.

Our research degrees
Our graduate schools offer research programs in most major disciplines.

Master of Philosophy
The Master of Philosophy (MPhil) is an internationally recognised masters degree by research and requires the completion of a thesis of 30,000-40,000 words.

Masters by Research
Masters by research degrees differ from the MPhil in that they may have a coursework component, along with a shorter thesis of about 30,000 words.

Doctor of Philosophy
Graduating with a Doctor of Philosophy (PhD) marks your admission to the community of scholars in your discipline and requires the completion of a thesis of 80,000-100,000 words on a specialised topic.

You will work under the guidance of at least two supervisors, who will provide advice and support throughout your research degree.

For help in finding supervisors, see: unimelb.edu.au/research-supervisors

Outstanding support
Research training is a core activity of the University. Our comprehensive support and award-winning professional development programs will help you become a more effective researcher. We offer access to dedicated research centres, advanced research facilities, generous scholarships and established student support networks.

unimelb.edu.au/study/graduate-research

Scholarships and fees

Domestic students
Most domestic graduate research students are funded by the Australian Government Research Training Program Fee Offset Scholarship (RTP), meaning you are exempt from paying tuition fees. Additional scholarships can provide annual living allowances, relocation grants and paid maternity, parental and sick leave.

International students
More than 400 scholarships are available to international graduate researchers. Many cover tuition fees, as well as a living allowance and paid maternity, parental and sick leave.

scholarships.unimelb.edu.au
Living in Melbourne

There’s just something about living in Melbourne that can’t be described – it has to be experienced.

As a University of Melbourne student, you get to live the best of this experience every day. Located in the heart of the action, our campuses are the perfect base to explore all Melbourne has to offer.

Wander our famous cobblestone lanes, lined with cafes, bars, and dynamic street art. Check out some live music, or a world-class theatre production. Sample the cuisine at one of our many diverse and multicultural restaurants. Kick around a ball in our lush city parks, or watch the professionals at the iconic MCG.

And when you feel like taking a break from the buzz of the city, regional Victoria is just a short train or bus ride away. Take in our pristine beaches, breathtaking bushwalks, unique culinary experiences and more.

Your living costs
No matter your budget, there are lots of lifestyle options to be enjoyed in Melbourne.

You might choose to live in the inner suburbs, taking advantage of the easy walk or cycle to uni. Or you could save on rental costs by living further out and using public transport or a car to commute around the city.

More savings can be made by sharing accommodation, shopping at Melbourne’s famous markets, and using our libraries.

Plus there’s always budget-friendly fun to be had at one of our many free events on campus.

Calculating your cost of study
Your total cost may include tuition fees and cost of living expenses. International students may have additional costs including:

- Flights
- Visa application fees
- Overseas Student Health Cover (OSHC).

Weekly cost of living estimate
The average cost of living in Melbourne can vary depending on your lifestyle.

The information on page 18 outlines the estimated living costs in $AUD for a student at the Parkville and Southbank campuses of the University of Melbourne, according to the type of accommodation chosen. Tuition fees are not included in the estimates.

There is a range of student accommodation options, including university-approved residences, within walking distance of the Parkville campus.

Check out your options at: study.unimelb.edu.au/your-experience

“Staying in University Accommodation allowed me to quickly adapt to a new city.”

Adelle, a Lisa Bellear House resident
Live in the heart of Melbourne. First year undergraduate students studying full-time at our Parkville campus are eligible for a guaranteed offer of accommodation.

Choose from shared apartments, self-contained studios, dormitory-style living, residential colleges, homestay and private rental options.

University-owned accommodation
Within walking distance of our Parkville campus, with year-round social, academic, wellbeing and sporting activities and a team of professional staff at each site to ease your transition into university life.

**Little Hall** - offering a modern take on a college experience with a first-rate academic enrichment program

**Lisa Bellear House** – surrounded by parklands on the northern edge of our Parkville campus

**The Lofts** - modern apartment on-campus living exclusively for graduate students.

Residential colleges
Ten residential colleges range in size from 70-400 student residents and provide weekly tutorials to support your learning from residential tutors on site. All meals are provided and there are social clubs, cultural, sporting and leadership programs. Scholarships worth $7.5 million are available to support students across the colleges each year. Explore our ten Colleges:

- International House
- Janet Clarke Hall
- Medley Hall
- Newman College
- Ormond College
- Queen’s College
- St Hilda’s College
- St Mary’s College
- Trinity College
- University College

To find out more visit: www.colleges.unimelb.edu.au

Other options

**Off-campus housing**
If you are ready to embrace total independence, you might be interested in renting privately. Our Off-Campus Housing Network is an online resource designed to help you find housemates or rooms to rent and is exclusively for University of Melbourne students. Our Student Housing service can also provide you with assistance on finding homestays, hostels and private rentals and give you advice on your rights and responsibilities as a tenant.

**Partner accommodation**
We have collaborated with some nationally recognised student accommodation providers to create more accommodation options around our campus. UniLodge Lincoln House offers modern dormitory-style living with impeccably designed shared facilities overlooking the city. Student Village Melbourne have furnished bedrooms with ample workspaces and access to village facilities designed specifically for students.

---

Terms and conditions apply
The University of Melbourne isn’t just in Melbourne, it’s part of the city’s DNA.

From its earliest days, the University has been a vital contributor to the knowledge, business, innovation and culture of the city of Melbourne. More than a university campus, Melbourne is a vibrant medical precinct, a world-famous artistic community, a thriving start-up network, and an urban and rural research centre feeding the world into the future. Be inspired by your surroundings while playing your part in the continued advancement of this thriving city and beyond.

Parkville

Our Parkville campus is a city within a city – it even has its own postcode.

Spread across a mix of historic sandstone buildings and state-of-the-art facilities, you’ll find cafes, 12 libraries, gyms, specialty stores and even a seasonal farmers’ market.

The Parkville campus is situated within a renowned knowledge precinct, which includes eight hospitals, leading research institutes and other knowledge-based industries.

The new Student Precinct was launched in 2022 – a place for students, staff and the wider community to engage, learn and grow. It has been designed to help students connect through an inclusive, enhanced on-campus experience. It’s a place where peers, colleagues and cohorts can forge new relationships, collaborate and innovate.

Southbank

Our Southbank campus is situated in the city’s lively creative arts precinct. Here you’ll find the University’s acclaimed music, visual and performing arts faculty.

Southbank campus is purpose-built for the creative arts, featuring sound and dance stages, animation studios, cinemas and visual arts studios. Inspiration is never far, with the campus sitting alongside the National Gallery of Victoria, Melbourne Theatre Company, Melbourne Recital Centre, the Australian Ballet, Chunky Move dance company, the Arts Centre and the Australian Centre for Contemporary Art.

Specialist campuses in Melbourne and regional Victoria

The University is a key partner in industries across Victoria. We collaborate with others to solve rural health issues and ecological challenges facing us today.

Our Burnley campus, situated within nine hectares of heritage-listed gardens, is renowned for teaching and research in urban horticulture and green infrastructure.

In Creswick you’ll find Australia’s only dedicated forest ecosystem science campus, focusing on conservation, forest industry and molecular biology research.

Our dedicated agricultural campus at Dookie has been a focal point for research, teaching and technology development since 1886.

Our bold new engineering and design campus at Fishermans Bend will bring research to life at an industrial scale. The campus will be the University’s new place for large experimental research, hands-on learning and industry co-location. Large, interactive spaces, world-class facilities and a vibrant innovation environment will transform the education experience and push the boundaries in research and development.

The Shepparton Medical Centre campus specialises in rural health and clinical education.

Our Werribee campus is a hub for advanced veterinary teaching and research, with state-of-the-art facilities, an onsite commercial veterinary hospital and access to our dedicated Equine Centre.

The University of Melbourne acknowledges the Traditional Owners of the unceded land on which we work, learn and live: the Wurundjeri Wai Wurrung and Bunurong peoples (Burnley, Fishermans Bend, Parkville, Southbank and Werribee campuses), the Yorta Yorta Nation (Dookie and Shepparton campuses), and the Dja Dja Wurrung people (Creswick campus).

2. Total estimated annual living cost including rent, utilities, internet (excludes food, course fees and incidentals). On average, students should budget at least $80-$150 per week ($4160-$7800 per year) for food and groceries if they do not have meals provided. See services.unimelb.edu.au/finaid/planning/cost_of_living/summary
3. Total estimated annual living cost including rent, utilities, internet, public transport and a varied number of meals (excludes course fees and incidentals).
Your student experience

Graduate with skills and experience employers are looking for.

Build your experience and networks from day one to graduate career ready. You can intern at one of the world’s most influential organisations, gain international experience, start a business, volunteer with organisations that inspire you, work part-time and gain valuable skills while you study.

Whether you have a dream career in mind or want to explore your options first, we’re here to help you achieve your ambitions.

Practical experience

Internships are a great way to get first-hand industry experience and figure out if your dream career is right for you. Our students intern in leading companies and institutions in Australia and abroad, paving the way to fulfilling and exciting careers.

Your leadership and networking opportunities

Employers love to see leadership experience on your resume – and we love to help you get it. Lead a student group, direct a play, mentor a younger student or help run one of over 200 clubs and societies to make connections and build your networks.

Melbourne Plus

Melbourne Plus rewards your growth and development with digital credentials that you can earn through a comprehensive catalogue of volunteer and paid activities. You can share these credentials with your networks and future employers.

Build your capabilities

The Global Leadership and Employability team provides programs and services to students free of charge, including screened job listings, workshops, practice interviews, industry events and connections with alumni. You can even attend a free Career Bootcamp.

In addition, many faculties offer seminars, practical training, alumni mentoring, networking events and more to help you identify and build on your career readiness.

Studying overseas

You could study at some of the world’s most prestigious institutions to gain an academic and professional edge. Take French in Québec, science in Estonia, business in Beijing or anthropology in Santiago. Go for as long as a year on exchange to another renowned university, or use your summer/winter break to immerse yourself in a short term overseas program.

Connection and belonging

Find your place in our vibrant, diverse and welcoming community through our Orientation activities, Melbourne Commencement Ceremonies and Wominjeka welcome event.

Enjoy support from your Melbourne Peer Mentor and academic adviser, while exploring career and graduate study options with alumni and industry mentors.
Admissions

Undergraduate courses

Domestic students
Domestic students applying for an undergraduate course must submit an application through the Victorian Tertiary Admissions Centre (VTAC). Domestic students studying overseas must also apply through VTAC.

vtac.edu.au

International students
International students studying an Australian Year 12 (worldwide), an International Baccalaureate in Australia or New Zealand, or a University of Melbourne internal transfer must apply through VTAC. All other international students, including those undertaking foundation studies in Australia, must apply directly to the University or through one of our official overseas representatives.

study.unimelb.edu.au/how-to-apply

Tuition fees

Domestic students
All domestic undergraduate students are enrolled in a Commonwealth Supported Place (CSP), subsidised by the Australian Government. Payment of the student contribution amount can be deferred through HECS-HELP for eligible students.

International students
Tuition fees are charged for each year that you are enrolled. You will pay tuition fees according to your specific enrolment in any given semester. Detailed fee information, will be provided when you are offered a place at the University.

The course fees in the table at the back of this brochure show an estimate of the typical tuition fees a student commencing Semester 1, 2023 in each undergraduate degree will pay based on the 2023 student contribution amounts. This information is also available online at:

study.unimelb.edu.au/how-to-apply/fees

Graduate courses

How to apply

Coursework degrees: Most courses accept online applications made directly to the University. Applications for Fine Arts and Music, Education, Business, Medicine and Law may also require completion of specific application forms and/or have additional requirements.

Timely applications for the standard offer rounds of most degrees are as follows:

Domestic students
- Semester 1 entry: 30 November (to commence in February of the following year)
- Semester 2 entry: 31 May (to commence in July)

International students
- Semester 1 entry: 31 October (to commence in February of the following year)
- Semester 2 entry: 30 April (to commence in July)

Tuition fees

Coursework degrees: Your fees will depend on your course and the type of enrolment or place you’re offered. Many courses offer Commonwealth Supported Places (CSP) as well as Australian fee places.

Research degrees: Most domestic graduate research students are supported by the Australian Government Research Training Program (RTP). Under the RTP, domestic students are exempt from tuition fees for the normal duration of the course – four years for students enrolled in a doctoral program and up to two years for a research masters degree.

unimelb.edu.au/study/graduate-research

Check website for details

Some courses have early closing dates and not all courses are available in Semester 2. To confirm closing dates and any special requirements, please check course listings at study.unimelb.edu.au

Research degrees: Each Faculty has a different way of managing the application process. Once you have identified the course that interests you, follow the application processes outlined at study.unimelb.edu.au

Access Melbourne

Our Special Entry Access Scheme (SEAS), Access Melbourne, is designed to provide students of all backgrounds with the opportunity to reach their full potential. There are different Access Melbourne categories that you can apply for that will ensure that your personal circumstances are considered when your undergraduate course application is assessed.

If you apply through Access Melbourne, you’ll be automatically considered for a range of scholarships like the Melbourne Access Scholarship and Melbourne Accommodation Bursary. You’ll also benefit from our Access Connections Mentoring Program.

Am I eligible to apply?

Use the Access Melbourne Eligibility calculator for an ATAR estimate based on your personal details.

How to apply

Lodge a Special Entry Access Scheme (SEAS) application via VTAC at

vtac.edu.au

for one or more of the following Access Melbourne categories:

• Disadvantaged financial background
• Resident of a regional or remote area
• Disability or medical condition
• Recognition as an Indigenous Australian
• Graduate of an under-represented school
• First in family
• Difficult circumstances
• Non-English speaking background
• Mature-age consideration (non-school leaver entry pathway).

Get a guaranteed place

If you’re from a regional or remote area, have a disadvantaged financial background or are an Indigenous Australian, you could be eligible for a guaranteed place.

Learn more:
We offer more than 1200 scholarships for new and current students.

Our scholarships range from those awarded on merit, to others that assist with your expenses or to enable you to travel the globe. Some support your whole course or allow you to explore a specific interest.

The many prizes, grants and bursaries we offer help you get the most out of your time at university. These are awarded to continuing students at different points in their studies.

There are prizes for academic achievement, grants to undertake volunteering or leadership activities and bursaries to ease financial pressures so you can focus on your studies.

Melbourne Chancellor’s Scholarship
The Melbourne Chancellor’s Scholarship is awarded to undergraduate students in recognition of their outstanding academic achievement during their Australian Year 12 or International Baccalaureate (IB).

This is one of the University’s most prestigious awards for school leavers and is awarded for academic merit. It requires an ATAR of at least 99.90 (90.00 for Indigenous Australian students), or 99.85 with an audition score of A+ for those intending to study Music.

As a Chancellor’s Scholar, you will enjoy generous fee exemptions and be guaranteed a place in the graduate program of your choice at Melbourne. Domestic students also receive a living allowance for up to three years.

In addition, you will receive a Melbourne Global Scholars Award to help you on your way to studying overseas as an exchange or study abroad student.

Eligible students who apply for admission to the University through VTAC are automatically considered for a Melbourne Chancellor’s Scholarship, so you don’t need to make a separate application.

For full details about eligibility, applicable graduate courses and the fantastic benefits on offer.

Hansen Scholarship
The Hansen Scholarship program supports 20 exceptional students from all around Australia with a unique financial and personal support program including cash benefits, mentoring and accommodation, as well as full-fee remission for Australian temporary protection visa holders.

National Merit Scholarship
The National Merit Scholarship takes the stress out of relocating from Australian states and territories outside Victoria with an $8000 allowance paid in the first semester of your studies.

Melbourne Principals’ Scholarship
This scholarship awards $5000 to Victorian Year 12 or International Baccalaureate students nominated by their school principal, in recognition of their academic achievement and contribution to their school or wider community.

Humanitarian Access Scholarship
Offering full fee remission and $15,000 in living allowances to talented students, the Humanitarian Access Scholarship is for those who have applied for asylum in Australia.

Elite Athlete Program
If you excel in sport, our Elite Athlete Program offers generous scholarships to help you pursue your sporting dreams as well as your academic aspirations.

Residential college scholarships
More than one third of college students receive financial assistance, with a combined $7.5M in college scholarships and bursaries available. A scholarship may reduce the fees by between $100-$500 per week. A further $1.6M is for students who are employed part time by their college.

Faculty scholarships
Our faculties offer hundreds of specific awards that can help you through your undergraduate studies. For a full list and how to apply, check faculty websites and scholarships.unimelb.edu.au

Melbourne International Undergraduate Scholarship
For high-achieving international students, fee remissions worth up to $56,000 are available through the Melbourne International Undergraduate Scholarship.
## Undergraduate entry requirements

This table provides a quick summary of our undergraduate degrees and should be used as a guide only.

The published guaranteed scores for domestic students are those approved for 2023 and should be considered indicative for 2024. The 2024 guaranteed scores are yet to be finalised and will be available on the University’s website once confirmed.

1. ** Equivalent Full-Time Student Load (EFTSL) course: 1 EFTSL is a standard annual full-time load.
2. ** January Round lowest selection rank to which an offer was made: For 2023 lowest selection rank to which offers were made are published at: vtac.edu.au
3. ** International students: The University guarantees admission to a course when an international student achieves the required score, meets prerequisite studies, satisfies the English language requirements and there are still places available in the course at the time of acceptance. If you do not meet the guaranteed score, your application will not be considered for entry. Guaranteed scores apply only if no further study has been undertaken after completion of one of these secondary school qualifications. Guaranteed ATARs are reviewed annually.
4. ** Domestic students completing an international qualification: The score listed should be considered a minimum score to be eligible for a place in that course. The actual standard required may be higher depending on the demand for the course and the number of Commonwealth Supported Places (CSP) available.
5. ** A minimum of 90 is required in English for Academic Purposes (EAP) and prerequisite subjects unless otherwise specified. The score is calculated using the best four subjects excluding EAP. Maths 1 is included in the best four score for Commerce; and English and History of Ideas are included for Arts.
6. ** International students: The typical course fee shown provides an estimate of the tuition fees for the first year of the course in 2024. This estimate assumes a full-time study load, commencing Semester 1. For some degrees a typical fee range is shown, due to the wide range of variables that may affect the course structure, and subjects taken. Actual tuition fees payable may vary and will be the sum of the fees for all subjects in which you enrol.
7. ** International students: Recipients of the Bachelor of Commerce Global Scholarship may be admitted with an entry score that is lower than that published here. This scholarship is available only to international students. For more details, see: scholarships.unimelb.edu.au/bcsglobal-scholarship
8. ** A range of criteria is used for selection. Visit study.unimelb.edu.au for additional requirements.
9. ** Mid-year entry for international and domestic entry for VTAC tertiary transfer applicants only.
10. ** Indicative score only (entry is not guaranteed).

**Domestic Students Only**

- Arts, Biomedicine, Commerce, Design and Science: Students who achieve an ATAR or notional ATAR of 99.85 or above and satisfy course prerequisites will be guaranteed a Melbourne Chancellor’s Scholarship. Students must have completed an Australian Year 12 or the International Baccalaureate (IB) in Australia or be an Australian citizen and have completed an Australian Year 12 or the IB overseas in the year prior to entry. Students must either enrol immediately or be granted a deferral in the year following Year 12.

- Music: Students who achieve an ATAR or notional ATAR of 99.85 or above (or 90.00 or above if Indigenous) achieve an audition score of 4+ and satisfy course prerequisites will be guaranteed a Melbourne Chancellor’s Scholarship (Music). Students must have completed an Australian Year 12 qualification or the International Baccalaureate (IB) or an Australian or be an Australian citizen and have completed an Australian Year 12 or the IB overseas in the year prior to entry. Students must either enrol immediately or be granted a deferral in the year following Year 12.

- Applicants intending to major in Economics are strongly encouraged to complete VCE Mathematical Methods or equivalent.

- Applicants intending to major in Actuarial Studies or continue on to the Master of Engineering following the Bachelor of Commerce are strongly encouraged to complete VCE Specialist Mathematics Units 3 and 4 equivalent.

- Applicants intending to major in Civil Systems, Computing, Construction, Digital Technologies, Mechanical Systems, Property or Spatial Systems may be required to undertake a bridging subject in mathematics as breadth in first year. This is equivalent to Units 3 and 4 Mathematical Methods, and entry requires a mathematics background equivalent to Units 1 and 2 Mathematical Methods.

- Applicants intending to progress to the Doctor of Veterinary Medicine are encouraged to complete VCE Units 3 and 4 in Chemistry or equivalent. For BSc students intending to apply for the Doctor of Veterinary Medicine via the Veterinary Bioscience major it is a requirement that students have previously completed VCE Physics Units 3/4 or equivalent, or a 12.5 point Level 1 Physics subject.

- Refer to tuition fees for the relevant bachelor’s degree.

- Available to Aboriginal and Torres Strait Islander applicants only.
