Discover what’s next...
RMIT is an international university of technology, design and enterprise. Our mission is to empower people and communities to adapt and thrive across generations, with education, research and civic engagement that are applied, inclusive and impactful.

Our motto since 1887, “a skilled hand, a cultivated mind”, reflects RMIT’s commitment to improving the lives and futures of people in a fast-changing society. Applying knowledge with skill, imagination and integrity is at the core of all our work across education, research and civic engagement.

RMIT’s presence around the world enables our students and staff to benefit from the exchange of ideas and research across a broad ecosystem. Three substantial campuses in Melbourne are located in the City, Brunswick and Bundoora, along with other Victorian locations. We also have two campuses and a language centre in Vietnam, and a research and industry collaboration centre in Barcelona, Spain. In addition, programs are offered through partners in Singapore, Hong Kong, Sri Lanka and mainland China, with research and industry partnerships on every continent.

We continue to consolidate our reputation as one of the world’s leaders in education and applied research. At the heart of this is our ability to graduate highly employable global citizens who are ready to make a positive contribution. Our diverse community of 480,000+ graduates live and work in more than 150 countries around the world. We regularly welcome our alumni back throughout their careers to top-up their skills or change their direction altogether, because we know education is lifelong.

Powered by the insight and ingenuity of our people, RMIT will evolve and thrive for the decades to come, working with our students and communities to achieve their goals. I encourage you to take part.

Professor Alec Cameron
Vice-Chancellor and President

RMIT University acknowledges the people of the Woi wurrung and Boon wurrung language groups of the eastern Kulin Nations on whose unceded lands we conduct the business of this University. RMIT University respectfully acknowledges their Ancestors and Elders, past and present.

RMIT also acknowledges the Traditional Custodians and their Ancestors of the lands and waters across Australia where we conduct our business.

Why choose RMIT?

RMIT is a global university of technology, design and enterprise. Established in 1887, we are one of the top universities in Melbourne and one of Australia’s oldest tertiary institutions.

RMIT is ranked among the world’s best universities in 28 of 43 assessed subject areas featured in the 2022 QS World University Rankings by Subject.

1. #1 graduate employment rate in Australia²
2. #1 in Australia and #15 in the world for art and design¹
3. #3 in the world and second in Australia for our efforts to reduce inequality⁷
4. #4 in Australia for our environmental, social and economic impact⁶
5. #4 in the world for our actions we’ve taken to tackle the world’s greatest environmental, social and governance challenges⁹

RMIT has won the most Green Gown Awards of any institution in Australasia, winning awards for facilities and services, institutional change, carbon reduction and beneficial society. Most recently RMIT won the 2021 Green Gown awards for Climate Action and Circular Economy.

Empowering our communities
In 2021, RMIT Activator launched Trade Routes, a program that works with Indigenous businesses to build their capacity and ready them for international expansion. Co-designed with Indigenous businesses and community leaders, the program is the first of its kind in Australia.

Champion of inclusion
RMIT has won awards at the Australian LGBTIQ Inclusion Awards since 2019, including a Platinum Employer award in 2022. The awards recognise organisations around the country that foster and support diverse communities.

World-leading facilities
RMIT is home to many facilities that pave the way for industry advancement, including the world-first Blockchain Innovation Hub, Australia’s first university cloud supercomputing facility, and the first electric vehicle research facility of its kind in the Southern Hemisphere.

Committed to sustainability
RMIT has allocated $2.24M by RMIT Activator to more than 115 student startups since 2015. In 2022, RMIT won the Award for Most Popular Careers Service in Australia¹. RMIT students undertook work-integrated learning placements with 3,254 unique global industry partners in 2022.

Explore our locations

Melbourne
Situated in the very heart of the central business district (CBD), the City campus has been an iconic part of the Melbourne skyline for more than 130 years.

Brunswick
Our Brunswick campus is a creative and multicultural hub. It is home to many of RMIT’s design courses, including fashion, textiles, graphic and industrial design.

Bundoora
Situated in the north of Melbourne, the leafy Bundoora campus is home to many of RMIT’s education, biomedical, health and science courses.

Flight Training Centres
Our Point Cook and Bendigo sites provide easy access to airspace, terrain and urban development to maximise navigational experiences.

Vietnam
Study abroad at RMIT Vietnam and experience an unforgettable semester in Asia. Our urban Hanoi campus and clean, green Saigon South campus offer expansive study spaces and student environments.

Europe
Opportunities exist for students to engage with our European centre in Barcelona through study tours, internships and research, as well as online opportunities including industry projects, mentoring and guest lectures.

Our award-winning locations are home to a thriving student population. They are constantly evolving and expanding to meet the needs of our students and of modern university life.
Life at RMIT

Starting uni can be daunting, especially if you’re new to Melbourne, so our Kirrip program is designed to help you settle in and make friends.

Kirrip means ‘friend’ in the Woi-wurrung language of the Wurundjeri people, one of the Traditional Owners of Naarm (Melbourne), and RMIT has a large number of Kirrip stewards (existing students) who can answer your questions and show you around. Connect online or in person.

Melbourne Experiences

From coffee tours and gallery visits to big sporting events, our Melbourne Experiences program is ideal for those who want to discover more of Melbourne and meet people in a small group.

These experiences are led by friendly and helpful Kirrip stewards and serve as a great starting place to expand your university social network and feel comfortable in your new city.

Student clubs and communities

From cheerleading to chess, fashion to futsal – whatever you’re into, RMIT has a club or society for you. We have more than 160 student-run clubs that engage more than 15,000 students and alumni, so whether you’re chasing adventure, want to meet new people, build new skills, or just do more of something you love – RMIT has the perfect group for you.

Campus life

Uni is about so much more than just going to class. Engaging in campus life is one of the best ways to make life-long friends, get healthy and grow, both personally and professionally.

At RMIT, there are hundreds of weekly events for students across all campuses, with free food, music and entertainment. You can unleash your creativity with our public art trails or collaborative art projects, get active with our social sports and excellent fitness facilities, or go on a group trip and visit somewhere you’ve never been before!
## Academic English pathways

RMIT Training delivers the English for Academic Purposes (EAP) program, which prepares you for success at university by teaching you academic English while developing your skills for independent learning and group work at university. The 2024 fees per week for the EAP program are $AU520.

- There are six EAP levels (Elementary to Advanced Plus) with each level taking 10 weeks of full-time study to complete.
- To take the pathway to your chosen RMIT program, you must successfully complete the academic English level on your letter of offer.
- We will place you in a class that matches your most recent IELTS or other recognised English language proficiency test results (not more than 24 months old). See table below for the test result required for each level.

**Note:** If you do not have a recent IELTS score (or English test equivalent) you can complete a Placement Test at RMIT English Worldwide.

For more information, including start dates, fees and enrolment process, visit [rmittraining.com/courses-and-tests/academic-english-rew](http://rmittraining.com/courses-and-tests/academic-english-rew).

## Get future ready

**Job Shop**

RMIT’s Job Shop is your drop-in service centre for all things career-related. Job Shop offers services such as:

- help finding and applying for casual, part-time and graduate jobs
- free resume and cover letter workshops
- industry events and networking sessions
- one-on-one career consultation appointments
- course or program advice

For more information, visit [rmit.edu.au/jobshop](http://rmit.edu.au/jobshop).

**RMIT Activator**

Activator is RMIT’s home of entrepreneurship. Its workshops, online learning and startup programs position students to solve the biggest problems out there and take on the future of work. At Activator, you can access mentors, attend masterclasses, request business coaching, apply for funding and learn the enterprise skills you need to support your ideas.

No matter what your future looks like, plug into Activator’s ecosystem of entrepreneurs, intrapreneurs, startup founders and innovators and let it help you on your journey to success.

For more information, visit [rmitactivator.edu.au](http://rmitactivator.edu.au).

**RMIT Creds**

RMIT Creds are a suite of micro-credentials that help develop your skill set beyond your area of study. These credentials have been co-designed with industry to ensure you’re ready for the changing world of work. They cover subjects such as digital literacy, leadership, sustainability, innovation, collaboration and communication.

Most Creds are available online and are short in duration, ranging from 60-minute snippets to several hours of learning. After you complete a Cred, you can claim a digital badge, which is a verified certification and a great way to communicate your achievements. You publish and manage your badge using Credly, RMIT’s credentialing platform partner. From there you can share your badge with peers, clients, employers or on social networks such as LinkedIn.

For more information, visit [rmit.edu.au/creds](http://rmit.edu.au/creds).

**Work-integrated learning (WIL)**

WIL is an activity where you apply your academic learning in a real-life situation with an industry or community partner. Higher education and vocational education students can complete a WIL activity, which is formally assessed for credit towards your qualification. The type of WIL activities you undertake will depend on your program and study discipline, and can occur on or off campus. They may be:

- work placements such as clinical placements, internships or field education or professional practices
- projects with industry and community-based organisations
- art projects with exhibitions

WIL simulations are activities where you practise using technology, equipment or activities that are not possible to complete in an industry setting, e.g. moot courts.

**Future Edge employability program**

Future Edge is a flexible, on-curriculum program designed to help you to identify and achieve your career goals. You can complete the program at your own pace, and it will complement your time at RMIT by helping you to build the transferable skills that employers look for.

Through Future Edge, you will be supported to:

- design a personalised plan that outlines your goals and areas for development
- build your skills and experiences by engaging in workshops, industry events, global experiences, volunteering, part-time work and more
- learn how to communicate your skills and experiences to employers

For more information, visit [rmit.edu.au/future-edge](http://rmit.edu.au/future-edge).

Before you arrive
If you are new to Melbourne, we recommend that you arrive at least two to three weeks before the start of classes to give you time to arrange long-term accommodation. Short-stay accommodation can provide a place for you to stay while you are looking.

When you arrive
When you arrive in Melbourne, we recommend you meet with a Student Welfare Advisor at Student Connect for advice on researching and inspecting properties. Our advisors can help you navigate the accommodation options below.

Short-term accommodation
It’s a good idea to get to know the areas surrounding your campus before you commit to moving into a place long term. You can try renting temporary lodgings to get a taste of your location. See the link below for a selection of short-stay accommodation providers recommended by RMIT.

Long-term accommodation
Every suburb in Melbourne has its own unique character, so once you find a place that suits your personality and lifestyle you can choose a longer-term option.

Establishment costs
Before moving to Melbourne, you’ll need a plan to cover your set-up costs, such as a rental deposit, one month’s rent in advance, furniture and household items. Many student apartments come fully furnished, but most private rental homes do not. Ongoing costs will depend on your location and lifestyle.

Scholarships for international students
Scholarships can help with all kinds of study costs such as textbooks, fees, accommodation and living expenses. While many of the scholarships consider academic achievement, there are also scholarships awarded based on what you are studying, where you are from or your personal circumstances.

Are you under 18?
If you’ll be under the age of 18 when you arrive in Australia, you must have accommodation and welfare arrangements organised and approved by the Department of Home Affairs or RMIT before you leave home. This is to ensure you have proper day-to-day support to keep you safe and well.

Free airport pick-up
If you’re a new international student, take advantage of RMIT’s free airport pick-up service. For information on submitting your pick-up request, visit

Marketing alum

The Master of Marketing from RMIT has put me in good stead for a career in Australia.

I feel more confident armed with an international degree and I really know the ‘why’ of marketing. I’ve made industry connections, learned so much from my lecturers and really understood [the] foundations of marketing.

RMIT’s MBA is ranked 9th in the world for the diversity of its class and faculty.

Top 10

in Australia for accounting and finance, and business and management studies.

Top 100

in the world for accounting and finance.

$2.24M

allocated by RMIT Activator to more than 115 student startups since 2015.

Beatrice Co
Engineering (Environmental Engineering) alum

I wanted to go to RMIT because of the great reputation the institution has for engineering. I heard that RMIT was the best you can get in regards to hands-on learning and that employers were more likely to choose a graduate from RMIT over other universities. My learning experience was amazing; my teachers were always there to help and prioritised my learning.

**Naarah Sukkel**

Nursing student

The nursing simulation labs are really helpful to learn in. They’re modern and have great equipment that would be used in a real ward situation, and we get to use the simulated manikins, they can breathe and talk and throw a curveball at you, so you have to be able to respond to their needs.

We do practical placements throughout the whole three years of the course. In final year they’re more complex and focus on preparing us for going out into the workforce next year.

### Footnotes
- O: This course includes a professional work placement.
- C: This is a one-year full-time honours degree that is available for high-performing students to apply after finishing their undergraduate degree in the relevant discipline. An honours degree allows you to deepen your knowledge and develop your research, analytical and communication skills, and it is a pathway into postgraduate and higher degree by research studies.
- P: This is a combined bachelor and honours degree and entry is based on senior high school qualifications. Upon completion of this program, students graduate with honours without having to undertake an additional year of study. An honours degree allows you to deepen your knowledge and develop your research, analytical and communication skills, and it is a pathway into postgraduate and higher degree by research studies.
- AA: This course has limited spaces and applications must be submitted by 1 November (in any given year) in order to be considered.
- FF: Refer to the website for information on how to apply for research reference.
- *: Total fee.

**Beth Shegog**  
International Studies alum

I choose RMIT primarily because the students and alumni I spoke with always praised RMIT and had such enthusiasm and positive experiences at university. [RMIT’s industry connections] gave me more confidence that I’ll get both a positive university experience as well as a pathway to a job.
