How can I study at UWA

Exchange
If your university or college has a formal student exchange agreement with UWA, you can apply to study with us as an exchange student. This means you don’t pay tuition fees at UWA, but continue to pay the tuition fees of your home university or college.

There are other costs that both Exchange and Study abroad students will need to consider, such as an Australian Student Visa, Overseas Student Health Cover (medical insurance), accommodation, books, transport and living expenses. See page 22 for an estimate of the costs to study at UWA.

Study abroad
If your university or college does not have a formal student exchange agreement with UWA, or if there is an agreement but the allocated number of places at UWA have been filled, or if you have completed high school but not yet enrolled at a university, you can study with us as a study abroad student. To study on this basis, tuition fees are payable. The fees are based on a standard enrolment.

Selecting your classes

How many units can I take?
SESA students must enrol in a full academic load of 24 points per semester. Most units are worth six points, so this generally works out to four units per semester. Typically, most units are offered for a semester, but some must be taken for a full year.

How do I select my units?
You can use the online UWA Handbook to browse through units offered at UWA. All units consist of four letters detailing the discipline of the unit (such as ECON for Economics, PSYC for Psychology) and four numbers.

- Units with numbers beginning from 1 to 3 are generally undergraduate units. A code beginning with 1 represents first-year level studies, 2 represents second-year level studies, and so on.
- A unit with a number beginning with 4 is generally an honours-level unit and may require a minimum of three years’ study prior to enrolling. Please note honours-level units are not always available to SESA students.
- Some units coded 4xxx are common to both postgraduate and undergraduate programs.
- Units with numbers beginning with 5 and above are postgraduate level and require a minimum of three years’ tertiary study in a relevant field prior to enrolling.
- The Bachelor of Law program has been replaced by the postgraduate Juris Doctor degree program. As such, there are restrictions to which Law units SESA students can enrol in. For more information, contact the Global Learning Office.
- Medicine, Dentistry and postgraduate Psychology units are not available to SESA students.

study.uwa.edu.au
Location
You may choose to study either at the Crawley Campus in Perth or at the Albany campus, which is located in a rural city five hours south of Perth. If you are considering Albany, please contact the Global Learning Office first. Full year SESA students may even choose to study one semester in Albany then one semester in Perth.

Prerequisites
You will need to meet the relevant academic prerequisites both in level and content.

Teaching period
You should normally select units which are offered in Semester 1 or Semester 2. If you wish to choose units offered in other study periods, contact the Global Learning Office.

Academic year
The UWA academic year runs from late February to late November. If you are studying for two semesters and commencing in Semester 2, you will not be able to make your unit selection for your second semester until around late October when new units for the following academic year will be available.

What can I study?

Undergraduate and postgraduate study
UWA’s undergraduate curriculum provides you with an extensive range of majors and increased flexibility to build your own study plan according to your interests and the credit requirements of your home university. You can choose courses at different levels and across more than one discipline, provided you meet the academic prerequisites. Please note that some postgraduate units may be restricted. Medicine, Dentistry, postgraduate Psychology and core Law units are not available to SESA students.

Help with English language skills

UWA Centre for English Language Teaching (UWA CELT)
UWA CELT offers accredited English Language Intensive Courses for Overseas Students (ELICOS), programs in General English and English for Academic Purposes, as well as preparation for IELTS as an internationally recognised examination.

Academic English and Study Skills Bridging Course (Bridging Course)
The bridging course has been designed for international students who wish to study at UWA but do not have the University’s required level of English proficiency. The course is also suitable for students with unconditional entry into UWA who would like to further develop their language ability, study and research skills, and confidence before commencing tertiary study.

A 70 per cent pass in the bridging course meets the University’s English language requirement for most undergraduate and postgraduate courses, although some postgraduate courses have a higher English language requirement.

Money matters

Compared to other major cities around the world, living and studying in Perth is a smart decision for international students.

One of Australia’s most affordable capital cities

Working in Australia as an international student
Under the terms of a student visa, once you have commenced your course as an international student, you can work up to 40 hours per fortnight while your course is in session and unlimited hours during scheduled course breaks.

40 per cent discount on public transport
As an international student in Perth, you receive a Western Australian Government-sponsored 40 per cent discount on all public transport. Free buses operate around the Perth CBD and, on average, public transport costs AUD$30–$60 per week.

Cost of living
The annual cost of living in Perth depends on your lifestyle and the type of accommodation you choose; however, AUD$450–$550 per week is generally sufficient for most single students to live comfortably (this does not include tuition fees or medical cover). Consider extra funds to cover various items such as airfares and textbooks. There may also be ancillary fees applicable to your course.

Perth has become one of the most affordable destinations for students. More affordable than Melbourne, Sydney or Brisbane and the lowest accommodation cost of any Australian capital city1.

- Phone and internet: AUD$15–$30 per week
- Car (after purchase): AUD$150–$260 per week
- Entertainment: AUD$80–$150 per week
- Groceries and eating out: AUD$140–$280 per week

Student Services and Amenities Fee (SSAF)
The UWA Student Services and Amenities Fee is a compulsory fee that directly benefits all UWA students. The fee is used to develop and provide a range of recreational facilities together with social, education and representation activities and services. This fee is applicable to Study Abroad students but is waived for Exchange students.

Overseas Student Health Cover (OSHC)
The Department of Immigration and Border Protection requires international students applying for a student visa to have Overseas Student Health Cover for the entire duration of their student visa. This is not applicable to students from Norway, Sweden and Belgium, who are covered under a separate arrangement.

OSHC is offered by a number of providers. You may obtain OSHC from the provider of your choice.

The University of Western Australia has a ‘preferred provider’ agreement with Medibank. On acceptance and payment of your offer, UWA will arrange health cover with Medibank for the duration of your student visa. For information on the University’s agreement with Medibank, refer to uwa.edu.au/students/getting-started/international-students/overseas-health-care.
