Aotearoa New Zealand: Land, people and culture

New Zealanders are known as ‘Kiwis’, which is a reference to our national emblem: the nocturnal, flightless, endangered kiwi bird. We are approachable and speak in a fairly relaxed manner. English and Māori are the primary languages of Aotearoa New Zealand, alongside NZ Sign Language which is also an official language. Although English is the predominant language, you will often hear Māori words used. A list of some common Māori words are included in this guide.

Indigenous culture

As a relatively new country, Aotearoa New Zealand has a diverse, multicultural population. Many of its customs have descended from the self-sufficiency of early settlers and the traditional and contemporary Māori world. Aotearoa New Zealand’s founding document is Te Tiriti o Waitangi, the Treaty of Waitangi, of which Māori were cosignatories with the British Crown.

Explore the NauMaiNZ website to learn more about Aotearoa New Zealand lifestyles, culture, languages and customs, and our religious freedom. www.naumai.nz

Once you arrive in New Zealand, you will never want to leave! It’s such a great lifestyle, the people are friendly and there is so much to do, all just on your doorstep. The activities I have enjoyed the most are tramping (hiking), kayaking, white water rafting, bungy jumping and spending time in the snow. And of course, all the great friends I have made here.

Cost of living
The cost of living in Aotearoa New Zealand may differ quite significantly from your home country. See the NauMai website to find out what your income and expenses might be.
www.naumai.nz

Climate and clothing
Aotearoa New Zealand has a subtropical climate, meaning it’s generally fairly mild, with temperatures in the mid ranges. However, the weather is often changeable. The coldest month is generally July and the warmest months tend to be January and February. Ōtautahi Christchurch may get a little snow in winter and frosts often form on cold nights in the cooler months.

You’ll need to have warm clothing, such as base layers, sweatshirts, and jackets, as well as summer clothing, like shorts and t-shirts.

When participating in an outdoor activity such as tramping, always take a pack with emergency supplies, regardless of the length of time you expect to be outdoors. The pack should include a first aid kit, food, bottled water, SPF 50+ sunscreen and extra clothing for warmth.

Familiarise yourself with the area you are visiting. For more information, visit:
www.mountainsafety.org.nz

If you are outdoors, whether it is sunny or cloudy, wear SPF 50+ sunscreen, a hat, and sunglasses, and don’t expose your uncovered body to UV rays for long periods of time. It can take only 5-10 minutes to get sunburn in Aotearoa New Zealand.

Understand New Zealand law and local customs regarding the need for licences. Some activities, like fishing and hunting, require licences. Make sure you have an appropriate licence to avoid a fine.

Be aware of the risks when swimming in rivers, lakes and oceans, and be conscious of water safety. For more information, visit:
www.watersafety.org.nz

Know your surroundings. Download or purchase a map of the area before you set off.

Always let someone know where you are going.

Shops, eateries, entertainment and banks

You can find everything you need in Ōtautahi Christchurch, which has a huge range of shopping venues and lots of places to enjoy yourself.

The largest mall is Westfield Riccarton, and it’s on the local bus route.

Only 10 minutes by car from Lincoln University is Hornby, a suburb with many amenities, including a retail mall and a discount clothing outlet.

Bush Inn Mall, on the corner of Riccarton and Waimairi Roads, Upper Riccarton, has a large number of food outlets as well as some retail shops.

Church Corner Shopping Centre has a great selection of Asian restaurants and supermarkets, a hardware store, doctors clinic and bank. Located just over the road from Bush Inn Mall.

The inner-city retail scene is bustling and offers venues such as Riverside Market, Ōtautahi Christchurch’s indoor farmers market and foodie hub, stacked with local producers, quality shops and dining options, as well as a range of local businesses and popular global chain stores.

Living in a new country can be unsettling while you adjust to things that are different than at home. There are options to live in halls, flats or houses on campus. Space is limited so it is important to get applications in early. Flats are great for students from second year and above as they offer independent living. Houses are ideal for families but, are in high demand.

Students living on campus must sign a contract with Lincoln University Accommodation Services. Make sure you understand the terms of your contract before you sign it, because it is a legally binding document.

Please speak to accommodation services if you are considering living on campus.

E: studentcare@xtra.co.nz

If you are an international student under the age of 18, you must live in a homestay provided and approved by ISC Ltd until you turn 18.

Flatting
Flatting involves renting part of a house or an apartment. Flats are usually unfurnished, and you will have your own room. You will pay a proportion of the overall rent for a property, as per the rental agreement. All other expenses are divided, and household chores (e.g. cooking and cleaning) are usually shared.

You will usually be required to sign a tenancy agreement. Make sure you understand the terms of the agreement, as it is a legally binding document.

For more information about accommodation in Aotearoa New Zealand, see the Housing section of the NauMaiNZ website: naumainz.studyinnewzealand.govt.nz/help-and-advice/housing

Accommodation information

Tenancy
A wide range of information is available at www.tenancy.govt.nz, including rights and responsibilities of landlords and tenants, how much bond and rent you should pay in advance, market rent information, and how to handle disputes. Some of the information is available in a wide variety of languages.

Real estate agents
Many of the real estate agencies administer properties for landlords.

You can find out more information about current listings with any of the real estate agencies that provide rental accommodation.

Looking for rental accommodation
For more information, search for real estate agents at www.yellow.co.nz. Respond to an advertisement (ad) on student notice boards around campus, or you can place a ‘Flat or Flatmates wanted’ ad on the notice-boards.

Also check www.trademe.co.nz/property and www.realestate.co.nz and www.facebook.com/lincolnflats

NOTE: Lincoln University does not assess the suitability of any accommodation that is not arranged either by Lincoln University Accommodation Services, our on-campus accommodation, or by International Student Care Ltd (ISC Ltd), our official homestay agent.
Getting around

You will need to think about transport, especially if you choose to live off campus.

Driving
If you choose to drive in Aotearoa New Zealand, please ensure you familiarise yourself with Aotearoa New Zealand’s road rules. www.nzta.govt.nz/resources/roadcode

Purchasing a private motor vehicle
You may choose to purchase a personal vehicle, but before you do, think carefully. Owning a car is a big responsibility and can cost a lot of money. Think about whether you really need one. Many Aotearoa New Zealand students find they are too costly. Cars lose value quickly and, with the large number of imported used vehicles in Aotearoa New Zealand, they are becoming increasingly difficult to sell. Fact sheets on buying, licensing and selling cars are available from the International Student Advisers.

Please note: Unless you purchase a vehicle from a licensed motor vehicle dealer, you should check that no money is owed on the vehicle from a previous owner. If money is owed against the car, the company with the registered security may legally repossess (take away) your car. For a small cost you can check this at www.motorweb.co.nz

Keep in mind that driving a car means extra expense to the student budget, like:

- Purchasing or hiring a vehicle

- Maintenance of your vehicle, including fuel

- Vehicle insurance
  A minimum of third party insurance is crucial for your own protection.
  Some well-known insurance companies in Aotearoa New Zealand are:

  Please note StudentSafe insurance does not include vehicle insurance. A separate policy covering your car will need to be arranged with another insurance company.

Electric Vehicles (EVs) and Hybrids
At Lincoln we encourage the use of sustainable vehicles, such as electric or hybrid vehicles. We have charging stations on campus, and Aotearoa New Zealand also has subsidies to help you purchase a new electric car, and there are many second-hand options.

Electric Scooters
Several companies operate electric scooters for short term casual hire. Check the local council website for details on operators and safety instructions.

Bus
There’s a reliable bus service to and from campus, which travels into the Lincoln township, Ōtautahi Christchurch and the surrounding towns. For more information, visit: www.metroinfo.co.nz

You can also purchase a Metro Card from the library in the Lincoln township.

Carpooling
At Lincoln we support carpooling, and cars with two or more passengers can utilise our specially reserved carpooling carparks.

Cycling
Riding a bike is a popular mode of transportation for short journeys. Please note that under Aotearoa New Zealand law, you must wear a helmet and have front and rear bike lights on at night. Cycling on footpaths is not permitted. For more information, visit https://www.nzta.govt.nz/resources/roadcode/cyclist-code/about-cycling/cyclist-responsibilities

Air travel
For air travel throughout Aotearoa New Zealand or overseas, the two main domestic airlines are Air New Zealand, www.airnewzealand.co.nz and Jetstar, www.jetstar.com/nz.

For other longer distance travel enquiries around Aotearoa New Zealand, visit: www.aa.co.nz or www.newzealand.com/travel

Accessibility
Accessible buildings, parking and toilets are designed to assist physically disabled or injured people. If you have a disability or injury, talk to an International Student Advisor for guidance.
Mental health, culture shock and homesickness
Culture shock is to be expected. There are many changes to adapt to when moving to a new country. It is natural to feel the effects of culture shock, and it is important to recognise the symptoms of it so you can get the support you need during the adjustment period.

Studying can be stressful for some students. Add language and cultural differences and international students must contend with even higher stress. Depression, culture shock and homesickness are real issues, and many international students experience them. You may not know quite how to recognise it, but you might experience one or more of these symptoms:
• Feelings of isolation or frustration
• Missing family, friends and your home country
• Feelings of sadness, depression, anger, anxiety or lack of motivation
• Doubting your decision to study abroad
• Development of headaches, tiredness, dizziness, illness
• Over-dependence on other students from your own culture.
• People experience culture shock in varying degrees of intensity.

Coping
Ways to cope with depression, culture shock and homesickness:
• Remember that your feelings are normal and others will be feeling the same way.
• Talk to someone you can trust. Student Health welcome your visit, and can offer professional advice and assistance.
• Keep in regular contact with family and friends at home via email, phone or Skype. Tell them how you really feel and discuss any problems you may have.
• Stay healthy – exercise regularly, get plenty of sleep and eat wholesome foods.
• Give yourself time to adjust.
• If you are finding study difficult, talk to your teacher, advisor or the staff at Library, Teaching and Learning. They can help you to improve your study and time management skills.
• Socialise by spending time with students from other cultures, but maintain contact with students of a similar background too.
• Join clubs and participate in sports.
• Get out and about in Aotearoa New Zealand by taking weekend trips to new places nearby, and exploring your new backyard and community. This will help to ensure that you have a fun, adventurous and fulfilling experience while you are away from home.
• Plan trips with fellow students to share costs of weekend travel and trips, and/or become involved in student clubs for fun and organised activities.

Student Health on campus

We want your university experience to be a great one, but we realise that sometimes things can seem a little daunting, or life can present an obstacle or two.

You don’t have to deal with these things alone. There’s a full range of health and support services available on campus.

They’re there for you, so don’t be afraid to reach out for some help or advice. You can make an appointment with Student Health for any of the same reasons you would see your health provider at home.

Some examples of the kinds of things they can help you with are:
• Health assessments for illness or injury
• Health advice and education
• Medical reports
• Advice on where to get Immigration medicals
• Immunisation
• Sexual health and contraception
• Minor surgery
• Counselling and mental health concerns

Even if you’re not sure whether they are the right people to talk to, get in touch.

They work collaboratively with all of the university’s support services, so they’ll be able to point you in the right direction.

Your request will be treated as strictly confidential, and any information will only be shared with other University health professionals on a ‘need to know’ basis.

If you choose to register with Student Health, you will be billed through a direct billing system. There’s a form you need to fill out, which can be collected from Student Health.

Students with families

Children and spouses of international students who live in Lincoln may be entitled to treatment at Student Health.

Contact +64 3 325 3835 for more details.

Medicines and tests

You or your medical insurer will have to pay for any medicines that you need. A doctor writes a prescription for these and a pharmacy or chemist provides the medicine the doctor prescribes for you.

The cost will depend on the medication you are prescribed. Charges will also apply to any diagnostic tests (such as blood tests) from a laboratory.
What happens if you suffer an injury or accident?

In Aotearoa New Zealand, you visit your doctor or an after-hours clinic in the event of injury or an accident. If it's an emergency, you should go to the hospital, or call an ambulance on 111.

The Accident Compensation Corporation (ACC) provides some 24-hour, personal injury or accident financial cover for visitors to Aotearoa New Zealand. For more information, call +64 4 816 7400 or free phone 0800 101 996 or go to www.acc.co.nz (there's a language line available).

Sexual health

If you choose to have a sexual relationship during your time in New Zealand, you need to protect yourself, both from unwanted pregnancy and sexually transmitted infections (STI).

Contraception and sexual health can be discussed freely with any doctor or nurse in Aotearoa New Zealand. You can be confident that whatever you discuss with a health professional is completely confidential. Individual privacy is treated very seriously and protected by law.

In Aotearoa New Zealand, the age of sexual consent is 16 years. It is illegal to have sexual relations with a person under this age, even if they agree to it.

Sexual harm

If you are in immediate danger call 111.

If you have experienced sexual harm and would like to talk to someone for support or to report and incident please contact:

Inland Revenue Department
To work in Aotearoa New Zealand, you must have an Inland Revenue Department (IRD) number for tax purposes.

Your student visa will state if you are allowed to work up to 20 hours per week during the academic year, and fulltime during the summer holiday break, to comply with the rules set by legislation and INZ.

If this information has not been automatically issued with your visa and you want to work while studying, you must apply for a Variation of Conditions (VOC) separately. You can visit Student Administration and use the University’s E-branch to assist you. Failure to comply with the laws and regulations can result in losing your ability to stay in Aotearoa New Zealand.

Driving in New Zealand

This section contains information about what to expect from our roads and drivers.

Before driving in New Zealand, it is important to become familiar with the road rules.

Please visit www.nzta.govt.nz for more details.

Driver’s licence and road rules

You can legally drive in New Zealand for up to 12 months if you have a current driver’s licence. If the licence is not in English, you must carry an accurate English translation.

For New Zealand road rules, you can purchase The Road Code which is available at most bookshops or you can view it at www.nzta.govt.nz.

Land Transport offers a number of publications for new resident drivers. These are available from the International Student Advisors (in English only) or you can find them online (in a variety of translations).

Please note: It is important that you take out a vehicle insurance policy (at least third party insurance) if you purchase a car in New Zealand.

Penalties for driving offences in New Zealand are severe, including heavy fines, loss of licence, and even imprisonment (for serious offences).

International students can risk losing their student visas for serious driving convictions. It is your responsibility to become familiar with road rules in The Road Code.

Speed kills

The maximum speed on open roads (which are country roads outside cities and towns) in New Zealand is 100km/h. This is the fastest you are allowed to drive, and you must follow any speed limit signs that instruct you to slow down.

The maximum speed limit in towns and cities is 50km/h, unless speed signs indicate otherwise. Speed signs are well sign-posted and can change on the same stretch of road. Speed limits around schools during school time is reduced to 40km/h. Whatever the posted speed limit, you should always drive to the conditions – drive slower when it’s hard to see or if it’s raining or snowing.

Alcohol

It is illegal for drivers under 20 to drink any alcohol before driving. For those over 20, driving with excess breath or blood alcohol is illegal. There are severe penalties for breaking these laws. For more information, visit: http://www.alcohol.org.nz/alcohol-you/drinking-and-driving

Safety belts

All passengers must always wear a safety belt, whether seated in the front or back of the vehicle. Drivers and passengers are legally responsible for wearing their own safety belts. The driver is also responsible for ensuring that children under 15 wear theirs. There are instant fines for not wearing safety belts.

Failure to give way

Many accidents are caused by a failure to give way. It’s very important that you know the give way rules (see The Road Code). In general, if you’re turning, give way to all vehicles that are not turning. Always use your indicator when turning.

Hand-held mobile phones

Drivers must not use a hand-held mobile phone unless the device is completely hands-free or mounted securely to the vehicle and touched infrequently and briefly. Writing, reading or sending text messages while driving is illegal.

If you pull over to use your mobile phone, you must do so in a safe and legal place. Stopping to do this on the motorway is illegal and dangerous.

Always keep left

In New Zealand, we drive on the left-hand side of the road. If you drive on the right side of the road in your own country, please remember to keep left when pulling out onto the road. It’s easy to forget where you are.
What happens if you have a car accident?
If you have an accident while driving and are not badly hurt, you must stop and check to see if anyone else is hurt.

If someone is hurt, give first aid or find a phone and dial 111 for emergency services. You will also need to protect the scene to ensure other accidents do not occur.

You must inform the police within 24 hours of the accident. If no one is hurt, you will need to give your name and address (and the name and address of the owner of the vehicle you are driving) to the owner or driver of any other damaged vehicle and the owner of any damaged property.

If you can’t find these owners, tell the police as soon as possible.

You will also need to obtain the contact details of the other person involved in the accident.

It’s a good idea to test your knowledge before you drive.

Visit: www.drivingtests.co.nz/roadcode/tourist/

New Zealand laws protect the rights of everyone in the country, including visitors and international students. Laws here may be different to those in your home country, but not knowing New Zealand laws is not an acceptable excuse for breaking them, nor is it a viable defence in court.

If you need legal advice on personal security or welfare issues, for example, ask our International Student Advisors for the contact details of people who can help you.

Awareness of potentially dangerous situations and crimes
Wherever you are in the world, it is best to practise common sense to keep yourself safe. Awareness is important so that you can protect yourself against potentially dangerous situations.

If you do find yourself in trouble of some kind, do not try to resolve the situation on your own. Always contact the police for help.

If you are unsure about whether someone claiming to be an official is legitimate, please contact our International Student Advisors for advice.

Some examples of scams:
Agents: Some people may claim to be ‘agents’ who do not work for the government agency or institution you are dealing with. They may say they can help you to accomplish a variety of achievements involving immigration and tertiary studies.

Student visas: Some ‘agents’ may claim to be able to help you get a visa from Immigration New Zealand more quickly. Do not pay them to do this. You are best advised to use the branch at Lincoln University or contact a licensed immigration advisor on www.immigration.govt.nz/contact/find-immigration-advice

Passports: If you lose your passport, you will need to cancel your old one and have a new passport issued by your country’s Embassy or Consulate. Do not pay somebody to do this for you, even if they claim to be an ‘agent’ and guarantee that they can speed up the process. Only Embassies and Consular Offices issue passports and you can deal with them directly.

Buying/selling cars: Do not trust somebody else to buy or sell a car for you. You can sell a vehicle directly to a car yard or to another person. You don’t need an agent. If you are not receiving cash at the time of sale, make sure you have a detailed, written contract.
Receiving stolen goods: Many students buy second-hand electronic equipment and furniture from other students. This is a good way to get a cheap deal, but ensure you are buying goods directly from the owner. It’s a crime in New Zealand, punishable by imprisonment, to receive stolen goods if you know or should have known that they were stolen or obtained by another crime. If you are offered goods for sale at prices that are significantly cheaper than the normal price, be very cautious about buying them. You should check the ownership of the goods and ensure they’re not stolen property.

Protection money: You don’t need to pay people to protect you in New Zealand. If anybody approaches you and asks for money to join their group for protection, inform the police and our International Student Advisors immediately.

Recruitment to sell drugs: Local criminals sometimes attempt to pressure students into selling drugs to their friends. They may take cellphones or passports from students or photograph them in compromising places or embarrassing situations and then threaten to send copies to their families. If you are threatened in this way, inform the police and our International Student Advisors immediately.

The New Zealand Police

When you move into your accommodation, find out where the local Police Station is and the contact phone number. You can either go to your local Police Station for help or phone them. The Police website is www.police.govt.nz, and it has material translated into many different languages. If you are hearing impaired and in an emergency, you can text your details to 111.

The police have access to a free interpretation telephone service called Ezi Speak. It operates from Monday to Friday, 10.00am - 6.00pm. When you contact the police, ask for Ezi Speak and specify your language (e.g. Ezi Speak Mandarin).

The service is available in 35 languages.

For further details, see www.ezispeak.govt.nz.

A publication on your rights as a victim is available in several languages and can be found on the Ministry of Justice website at www.justice.govt.nz.

Harassment and discrimination
Harassment is defined as unwelcome or offensive physical, verbal or visual conduct. For more information on harassment, and examples of unacceptable behaviours at Lincoln University, go to: [www.lincoln.ac.nz/behaviour](http://www.lincoln.ac.nz/behaviour) or to the Human Rights Commission at [www.hrc.co.nz](http://www.hrc.co.nz). Alternatively, speak with our International Student Advisors.

Violence
In New Zealand, it is unlawful to strike (hit, punch, kick) or assault another person or animal in any way, or make sexual contact without the other person's consent. Violence is always unacceptable.

Please note: spanking or smacking children or using any other form of physical punishment is against the law in New Zealand.

The New Zealand Police take all violence very seriously. You must maintain an acceptable standard of conduct.

There are services available to help you if you or someone you know has been a victim of violence.

Aviva Family Violence Services offer children and youth services, women's services, residential services, reach-out men's services, programmes such as shine safe @ home, and peer support.

Safety in public places
New Zealand is generally considered to be a safe country. However, no matter where you are in the world, it’s best to follow some simple guidelines to avoid putting yourself in unnecessary danger. If you feel uncomfortable in a situation, here are some tips to help keep yourself safe:
- Practise common sense
- Tell family, friends or colleagues about your plans
- Carry a personal alarm or mobile phone
- Take notice of what is happening around you, and check street signs so you know where you are
- Go out with friends
- Avoid leaving a place with someone you have just met
- If someone is making you feel uncomfortable for any reason, it is best to avoid them. Avoid walking alone at night and remember that it’s safest to stay in well-lit areas where there are a lot of other people
- If you think someone might be following you, go quickly to the nearest place where there are other people, such as a service station, fast-food restaurant, or house with lights on, and call the police immediately
- Plan your transportation by enlisting a (sober) friend to drive, or calling a taxi
- If you use drugs or drink more than a moderate level of alcohol, it will lower your awareness and increase the risk of danger to you; your ability to be in control and react to a situation will be affected
- Never drive under the influence of drugs or alcohol.

www.lincoln.ac.nz
Alcohol
Although alcohol is widely consumed at social events in New Zealand, it is acceptable not to drink. The choice is yours, and if you choose to drink, you should do so responsibly.

Drink spiking
‘Drink spiking’ involves adding a tasteless, odourless and colourless drug to a person’s drink without their knowledge. Although it is not common, this can happen anywhere, e.g. parties, clubs or pubs. These drugs can be extremely dangerous and leave people with little or no memory of what has happened. You should always watch your drink being poured (whether the drink is alcoholic or not), and never leave it unattended.

If you feel dizzy, sick or uncomfortable after you have consumed a drink, tell a friend. If you think your drink may have been spiked, contact the police and a doctor (there are after hours doctors available if necessary), or get in touch with Student Health immediately.

Gambling
Legalised gambling services in New Zealand include casinos (where you must be 20 years of age or over), sports betting, horse racing, slot machines (termed the ‘pokies’) at bars and taverns, lottery tickets and scratchies.

Some international students have fallen into the trap of gambling with the money that was intended for living expenses or tuition. Help is available if you suspect you are at risk of a gambling problem.

Alcohol and tobacco
In New Zealand, alcohol and tobacco smoking are legal but regulated. You have to be 18 or over to purchase alcohol and tobacco, and you will need to show proof of age and photographic identification, e.g. a New Zealand Driver’s Licence or the Hospitality New Zealand Kiwi Access Card. You can get an application form for a Kiwi Access card from [www.kiwiaccess.co.nz](http://www.kiwiaccess.co.nz), or from any New Zealand Post Shop.

There are strict rules about when and where you can and cannot drink alcohol and/or smoke.

Smoking and vaping
Smoking is not permitted indoors in public places such as bars, restaurants and cafés, and it is also banned in some outdoor areas. You should always check to be sure that you are allowed to smoke.

For help to quit smoking:
[www.quit.org.nz](http://www.quit.org.nz)  

For the good health of all students, Lincoln is a smoke free campus. If you are a smoker you can receive help to stop from [www.quit.org.nz](http://www.quit.org.nz).

There are small designated smoking areas, these are the only areas where you can smoke or vape on the campus grounds.
### Drugs

Illegal drugs include marijuana, ‘magic mushrooms’, LSD, MDMA, ecstasy (‘e’), methamphetamines (the street name is ‘P’ in New Zealand), cocaine and heroin to name a few. Possession of any of these drugs is against the law and carries harsh penalties that may include imprisonment. You should refuse drugs if they are offered to you. They pose considerable risks to your health. For more information, visit: [www.health.govt.nz/your-health/services-and-support](http://www.health.govt.nz/your-health/services-and-support)

For help with drug and alcohol addictions, phone the Alcohol and Drug Helpline: 0800 787 797.

### Party pills/herbal highs

‘Herbal’ and synthetic ‘party pill’ drugs are available in Ōtautahi Christchurch and are illegal. Health authorities have expressed concerns that they are dangerous, particularly when combined with alcohol, as the ingredients and quantities are unknown. If you have taken any of these drugs and are feeling ill or nervous, please dial 111 for an ambulance or dial the Alcohol and Drug Helpline: 0800 787 797.

### Police/Fire/Ambulance: 111

If you are using a pay phone, you do not need money or a phone card to dial 111.

If you are calling from an on-campus extension, dial 1 for an outside line, then 111.

### Emergency and vital contacts

**Download the SAFELU app**

SAFELU is a mobile app that gives the University a way to communicate the status of safety events on campus.

No sign-in is required, you will have access to emergency contacts, health and safety information, emergency procedures, and support tools.

This will be our main way of managing communication with you in the event of an emergency such as a campus lockdown, a campus closure due to bad weather, a power or water outage etc.

Get it free on GooglePlay or the App Store.

Emergency Procedures
Emergency evacuation procedures are detailed on the back of each bedroom door in the Halls of Residence. Please familiarise yourself with these instructions.

EARTHQUAKES

Drop to the ground
Take cover by getting under a sturdy desk or table, or shelter by an interior wall or low lying furniture, and cover your head and neck with your hands.

Hold onto something sturdy until the ground stops shaking.

If you are inside a building, move no more than a few steps and drop, cover and hold. Stay indoors until the shaking stops and you are sure it is safe to exit. In most buildings in New Zealand, you are safer if you stay where you are until the shaking stops.

If you are outdoors when the shaking starts, move no more than a few steps away from buildings, trees, streetlights and power lines, then drop, cover and hold. Once the shaking stops or aftershocks subside, make your way calmly to the designated assembly point (refer to the evacuation procedures detailed on your bedroom door for your Halls-specific assembly point).

What is a campus lockdown?
A campus lockdown is the process of controlling the movement, access and egress of people in response to an identified risk, threat or hazard that might impact on their safety.

A lockdown may be initiated as part of a security incident or major incident on campus, or due to an event in close proximity to the campus where police or other emergency response agencies advise us to go into lockdown in response to an event that might impact on the safety of people.

Examples:
- An active shooter on campus
- An armed offender event in the wider Lincoln township
- Someone threatening violence on campus (with or without a weapon)

What to do in a lockdown

1. Lockdown alarm sounds indicating immediate threat to people on campus
   3 X PULSE - PAUSE - 3 X PULSE - PAUSE - 3 X PULSE - REPEATEDLY.
2. If you are outside, immediately move indoors to the nearest building.
3. If you are already inside a building, remain inside and take immediate cover.
   - Where possible, close blinds or curtains,
   - lock/barricade doors and turn off lights.
   - Move into centre of room and sit on the floor well away from any windows.
   - Do not hide in hallways or toilet areas.
4. Turn mobile phones onto silent mode and remain as calm and quiet as possible.
5. Eliminate all noise and movement. Do not answer the door or respond to commands until certain they come from police. If gunshots are heard, immediately lie flat on the floor.
6. If the fire alarm sounds during a lockdown, do not evacuate unless told to by Emergency Services or if there is obvious and immediate danger from a fire.
7. Keep doors locked and remain in place until instructions are received from police. Be aware that information may take some time to get to you.
8. The police will inform us when the lockdown emergency is over. This will be communicated by the all clear signal (one long, continuous tone) across the campus and a message via the SafeLU app.
Our commitment to pastoral care

Lincoln University is committed to supporting the wellbeing and safety of our students. With this goal in mind, we are a signatory of New Zealand’s Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.

The Code sets our expectations that universities must meet in support of student wellbeing and safety. It covers topics such as physical safety and inclusion, access to advice and support services, physical and mental health support, support for transition into and out of university, student accommodation requirements, and opportunities for students to have their voices heard.

An important thing you can do to help us provide for your wellbeing and safety, is ensure your personal contact details are always current with Lincoln University and Immigration New Zealand (INZ).

If you are concerned about Lincoln University practices

If you have any concerns about your wellbeing and safety or Lincoln University’s compliance with the Code, firstly discuss your concerns with an International Student Advisor or LUSA Advocacy and Voice Coordinator.

Once you have taken your concern through all levels of the Appeals, Complaints and Grievances Procedures at Lincoln University (see page 69), if you feel you need to escalate the matter further and would like to talk to someone outside of the University about your concern, the New Zealand Qualifications Authority (NZQA) handles all complaints about alleged non-compliance with the Education Code of Practice. See their website for more information and the process: [www.nzqa.govt.nz/make-a-complaint](http://www.nzqa.govt.nz/make-a-complaint)

If you have a financial or contractual dispute with the University, contact iStudent Complaints which is a disputes resolution service set up for international students. Go to: [www.istudent.org.nz](http://www.istudent.org.nz)
