All our residents are tertiary students, and our Halls offer an established and friendly community.

Living at Massey Halls is more than just a roof over your head while you study; it's about building your university life as a whole. It gives you a real sense of belonging to a student community and the opportunity to meet new people from all over the world. It also prepares you for independent living while having access to the support that you need to be a successful student.

When you arrive, you will be with others beginning the same journey as you. To be able to live, study, explore and make memories with a group of people is easily the best part of residential life.

Regardless of where you are coming from, Massey Halls is the best option for settling into university and adulthood. After all the opportunities offered to you in Massey Halls you will be set up to succeed with your university journey.

One of the reasons I moved to Massey Halls Auckland is because I heard about its welcoming nature and support, which includes their motivated RA Team, Residential Life Staff and Security. It was a great place to ease into the life of a student at uni.

Student wellbeing and safety framework

TE WHARE TAPA WHĀ

The four dimensions of the Māori model for wellbeing, Te Whare Tapa Whā, developed by Massey University researcher Professor Emeritus Sir Mason Durie (Rangitāne, Ngāti Kauwhata, Ngāti Raukawa) forms the basis for the student wellbeing and safety framework.

The model describes wellness as a house (whare) with all four walls being equally strong. The stronger your whare, the more likely you are to succeed and have a good time doing it.

SUPPORTING YOU THROUGH YOUR STUDY JOURNEY

The application of Te Whare Tapa Whā ensures a holistic approach through your study journey.

We aim to achieve this by:

- Understanding and delivering to your unique needs and ambitions so that you get the most out of your time at Massey
- Providing equity of access to study, services and platforms
- Ensuring our services and systems are connected and cohesive, keeping you at the centre of our efforts by working in partnership on decisions affecting you.

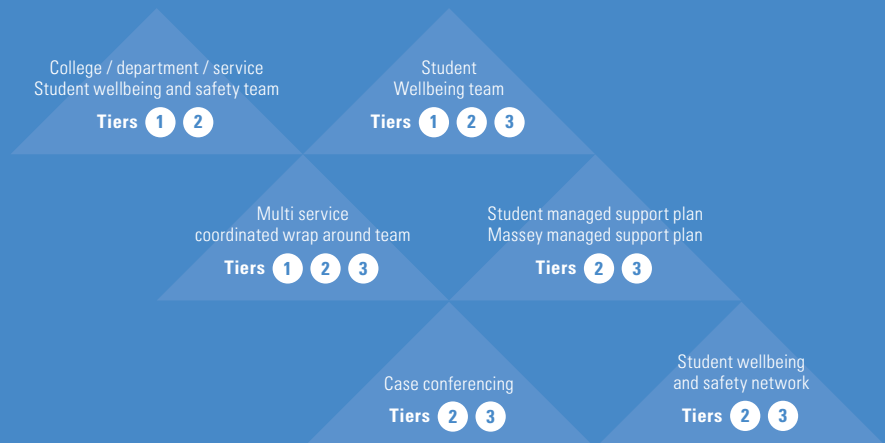

Coordinated wrap around wellbeing support

We take a tiered approach to supporting and advising student wellbeing, in line with the New Zealand Government's pastoral care code of practice*. We want you to succeed academically and can help develop wellbeing plans with your unique needs and strengths in mind.

STUDENT WELLBEING TEAM

Coordinated wrap around wellbeing support is available. Our team offers wellbeing related expertise, student centric practice, cultural competence and a strengths-based holistic approach, supporting your study journey.

Homestay Accommodation

Living with local hosts in their home is a great way to familiarise yourself with your new country or city and adjust to university life in a supportive, safe family environment.

For domestic students a supportive homestay can help make the many changes that come from moving to university feel less daunting, and for international students it provides a total immersion experience that is a unique introduction to New Zealand life, culture and the English language. You can listen and speak English in a safe and trusted environment that will help you develop your language skills.

As a homestay student at Massey, you will be matched and placed with a homestay family by our expert team who will work to find the best fit for you and the family you will live with. Homestay accommodation is very cost effective.

What kind of local family?

There is no typical homestay family. New Zealand is a diverse, multicultural society so our homestay families reflect this and include:

- People born in New Zealand
- Migrants who have settled in New Zealand and call New Zealand home
- Families comprising two parents or one parent with children or no children
- Families with indoor or outdoor pets or no pets
- Flexible homestay options

How is my homestay family chosen?

- Massey University is committed to providing a safe and happy homestay experience for you.
- All approved homestay hosts undergo a strict selection process including a home visit, referee checks and police vetting of all adults over the age of 18 years in the household as we feel strongly about providing you with quality, safe homestay accommodation.
- Massey homestay Accommodation and Welfare Advisors will try to match you with a homestay family that meets your requirements and has similar interests to you so that you feel at home when you move in.

- Our homestay Accommodation and Welfare Advisors are always there to support you from before and throughout your homestay experience.

What will my homestay experience be like?

As a homestay student you will have your own fully furnished room in the home of a family that has:

- A bed and bed linen (laundered weekly)
- Desk, chair and reading lamp
- Pillows, blankets, towels
- At least one set of drawers and a wardrobe
- Power points
- Unlimited internet
- A working smoke detector

You will also have access to a kitchen, bathroom, toilet, laundry facilities, living and dining rooms within the home. Some homestay families may have more than one student living in their home so you can share the homestay experience with another student.

Once you are comfortable, you might want to try campus accommodation with your new university friends. We know that on-campus accommodation may not suit you when you first start university, because students all have different ways of adjusting to living away from home, beginning independent study, and making friends. It can be overwhelming for both international and domestic students.

In this case we recommend that you consider living with a local homestay family for your first semester. This will provide that home away from home experience as you settle into university life. After your first semester you may then feel ready to move onto on-campus accommodation or other accommodation options.

When is the deadline?

Good news! Applications for homestay can be sent in any time. However, homestay Accommodation and Welfare Advisors require a minimum of two weeks to find a suitable homestay match for you.

You will need to pay a homestay administration fee (non-refundable) and an advanced board payment (non-refundable) before a homestay can be found. If you are under 18 years old you will need to pay the under 18 homestay administration fee. Fee information can be found at [massey.ac.nz/accommodation/](https://www.massey.ac.nz/accommodation/)

Code of practice

All Massey University approved homestay accommodation is compliant with the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021

<https://www.nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code/>

What about food?

All homestay students are provided with three meals per day which may comprise:

- Breakfast: cereal, toast, fruit, tea or coffee – students usually help themselves.
- Lunch: sandwiches, fruit, leftovers – students usually prepare their own packed lunch.
- Dinner: usually the main meal of the day comprising a hot meal – prepared by the homestay host and is generally a time everyone eats together and catches up with one another.

Can i stay in homestay accommodation?

You can stay in a homestay for as long as you like, or a minimum of two weeks.

I'm an international student

Homestay accommodation is particularly popular with our international students as it provides them with a unique introduction to New Zealand life, culture and English language.

Living in a homestay provides a total immersion experience so that you can listen and speak English in a safe and trusted environment that greatly aids development of your English language skills.

I'm an under 18 year old international student

At Massey University all international students under the age of 18 years must live in:

- Massey approved homestay accommodation, or
- Massey approved designated caregiver accommodation, or
- Be living with their parents.

STUDENT LEARNING SUPPORT

We are passionate about working with you to support your academic success. That is why there are services to help you reach your academic goals. Learning support can help with skills such as writing development for reports and essays, referencing and working with sources, exam preparation and study techniques. Students are welcome to book an appointment for individualised support, submit a draft to the pre-reading service for feedback, make use of the online and print resources and attend the free workshops (often online) held throughout the year.

WELCOME AND ORIENTATION PROGRAMMES

Each campus offers a welcome and orientation programme for new students. These programmes have been designed to help students transition into uni life, and are an opportunity for students to meet new people, obtain useful information about the services available to you, and ask our staff questions.

GYM, SPORT AND RECREATION

Each campus has a fully supervised gym, classes, training options and social sports leagues. We offer a range of fitness classes and training options to help you keep fit and healthy while you study.

PACIFIC STUDENT SUPPORT

The Pacific Student Success team helps Pacific students make informed decisions on their study journey. Students can access Pacific advisors who will help them transition at the start of their studies and continue to provide guidance over the study years to understand the academic conventions involved at tertiary level.
