Rainbow Diversity Support

UC is proud to partner with Ngāi Tūāhuriri and Ngāi Tahu to uphold the mana and aspirations of mana whenu.

Information is correct at the time of print but is subject to change.
Kia ora, Welcome,

As you consider where to invest your energy for your academic goals and future career, I am pleased you are considering the University of Canterbury. Founded in 1873, the University of Canterbury is the second oldest university in Aotearoa New Zealand. In 2023, we are planning to celebrate our 150th anniversary focused on educating graduates who are engaged with their communities, empowered to act for good, and determined to make a difference in the world. Canterbury offers unparalleled beauty through the South Island’s unique geography. Surfing and skiing are only 90 minutes apart. With affordable student housing in the South Island’s major city, a park-like green campus where the Ōtākāro Avon River meanders, and dynamic student clubs and unique student government, UC is a special place to study and live.

Create lifelong friends and build the next steps of your career with us. Experience kotahitanga (togetherness), manaakitanga (caring for one another) and whanaungatanga (relationship/kinship) in a university where people really matter.

We look forward to being part of your journey.

Cheryl de la Rey
Tumu Whakarae | Vice-Chancellor
Established in 1873 as Canterbury College, the University of Canterbury was the second university established in Aotearoa New Zealand. UC was set up differently from many universities of the time: women were admitted right from the start. Canterbury College was renamed Canterbury University College in 1933 before becoming the University of Canterbury (UC) in 1957.

For the first 100 years, the University was situated in the centre of Christchurch (now the Arts Centre), but moved to its current location in 1975. We are currently located in a spacious, purpose-built 76-hectare site in the suburb of Ilam — like a little city between the sea and the mountains. The ‘new’ campus has a central complex of libraries, lecture theatres, laboratories, and student accommodation surrounded by playing fields, a river, and the renowned Ilam Gardens.

It also has the most extensive network of field stations for student and staff research of any university in Aotearoa, including Kaikōura, Cass, Westport, Harihari (South Westland), Aotearoa New Zealand’s premier astronomical research facility at Mount John in Tekapo, the sub-Antarctic Snares Islands, Antarctica, and Nigeria.

‘University is an important stage of growth in your life – make the most out of it!’

Legends of UC

From scientists, former prime ministers, journalists, artists to entrepreneurs, many legends have graduated from UC.

Many of the buildings on campus are named after accomplished graduates such as Ernest Rutherford, the first person to split an atom and Nobel Prize winner; Beatrice Tinsley, known as the ‘Queen of the Cosmos’ and has a mountain named after her; one of the greatest philosophers of the 20th century Karl Popper; physicist and electrical engineer Jack Erskine, after whom UC’s Erskine Fellowship is named after; Elsie Locke, a writer and historian who fought for women’s rights, nuclear disarmament, social justice, and the environment long before these causes became popular.

Other well-known graduates include leader and politician Sir Āpirana Ngata (Ngāti Porou), a contemporary of Ernest Rutherford, who became the first Māori graduate from a New Zealand university.

Portraits of the two legends are on New Zealand’s $100 and $50 notes respectively. Dame Ngaio Marsh and Rita Angus, graduates of UC, are important artists. Dame Ngaio is known as a “Queen of Crime” novelist and an actor; and Rita, a pioneer of modern painting known for showcasing her love of humanity in her art.

Inspired by Dame Ngaio Marsh is UC alum Sam Neill. You would recognise him from the original Jurassic Park movies and many other big Hollywood projects.

Anthony Wilding, former world no. 1 tennis player and winner of 11 Grand Slam titles, was considered to be the world’s first tennis superstar. He was killed in action during World War I.

Besides legends, we have other notable alumni from the 21st century, including recent graduates.

UC Ako | Learn
Learn from world leaders and groundbreaking experts.
UC — top 1% of universities in the world — has a strong reputation for high-quality degrees, research-active teaching staff, and world-class facilities.

UC Oranga | Wellbeing
Tap into a dedicated support network, tools, and resources.
UC is committed to helping you thrive and succeed by providing a wide range of support services from academic support to pastoral care and mentoring.

UC Tauhere | Connect
Make a difference by getting involved.
Over the last few years, UC students have earned an international reputation for their community involvement.

Te Whare Wānanga o Waitaha
University of Canterbury is a holistic place of learning, made up of seven dimensions.
UC Kākānorua | Bicultural

Gain bicultural experiences and perspectives to feel confident and competent in an intercultural world.

UC is committed to biculturalism, demonstrated through the building of strong, meaningful relationships with mana whenua and evident in course content and curriculum that values mātauranga Māori and bicultural perspectives.

UC Auaha | Innovate

Go beyond the classroom and make your ideas happen.

Got an idea for a start-up venture? Want to make a difference and help others? We offer opportunities, both academic and social, for you to achieve this.

UC Ira Matatū
Global Citizen

Experience different cultures on campus and overseas.

Our campus is a culturally diverse community with over 100 nationalities represented. We also offer exchanges with 60 different partners around the world.

UC Tūhura | Explore

With clubs, events, and outdoor adventure, you can have a unique student experience.

From the sea to the mountains, UC is on the doorstep of a massive outdoor ‘playground’. Grab your board, bike, or shoes and give it a go.

Why Christchurch?

Christchurch is Aotearoa New Zealand’s most affordable major city. It is in the iwi region of Ngāi Tahu, is the largest city in the South Island and the second largest in the country.

Christchurch has transformed itself into one of the world’s most modern and sustainable cities, through its strong partnership with Ngāi Tūāhuriri as mana whenua. Mana whenua refers to the mana (authority) held by the local hapū or iwi (tribe) over the land or particular area. The landscape now includes many cultural narratives of the region in its city streets, spaces, and buildings.

What sets Christchurch apart?
You are in a city teeming with entrepreneurial spirit — for future-focused, sustainable businesses and people who want to do things differently.

You’ll find:
• New infrastructure
• Low traffic congestion
• Favourable rent-income ratio
• Affordable housing
• A collaborative, innovative community
• A strong education sector
• Social enterprise
• Meaningful work and balanced lifestyle.

CHRISTCHURCH IS...

2nd largest city in New Zealand

11% cheaper than Wellington to live*

15% cheaper than Auckland to live*

#1 largest inner city park in the southern hemisphere

* christchurchnz.com
‘New Zealand offers a great learning environment with a beautiful surrounding that can help keep minds relaxed.’

Digital City
Christchurch leads the way in innovation, research, and technology, and is home to the country’s 2nd largest tech sector. Our graduates are highly sought after and we have an increasing skill shortage in this sector.

Supernodes
Sectors with global growth opportunity
Sectors where Canterbury has a local advantage, existing capability, and a global opportunity:
- Aerospace and Future Transport
- High Tech and High Tech Services
- Health Tech and Resilient Communities
- Food, Fibre, and Agritech.
UNIQUE LOCATION

UC is a well situated campus — while still remaining distinct from the rest of Christchurch — so it’s easy to get around, whether you walk, bike, ride the bus, or drive.

Life in Christchurch

In Christchurch, there’s always a way for students to be part of something exciting — home to multinationals and four major growth industries: aerospace and future transport, health tech and resilient communities, food and agritech, and IT.
1. UC campus
2. University of Canterbury Student Association (UCSA)
3. UC accommodation
4. Asian supermarket and restaurants

5. Westfield shopping mall
   5-minute drive from UC
6. Central business district (CBD)
   10-minute drive from UC
7. Port Hills
   20-minute drive from UC
8. Beach
   20-minute drive from UC
9. Airport
   10-minute drive from UC
10. UC sports field
UC has over 100 international partnerships, 3,000+ employer connections, and up to 70 visiting international experts and academics each year. Here’s some more reasons why you should choose UC.

**Why UC?**

**AT A GLANCE**

- **1st in the world for** Sustainable Development Goal 12 – Responsible Consumption & Production in the Times Higher Education Impact Rankings

- **5 Star QS rating**

- **1%** UC is in the top 1% of universities worldwide

---

**International Partnerships**

UC works closely with universities around the world, ensuring you have many opportunities to gain a global experience throughout your degree. Whether it’s a semester abroad at one of our exchange partners, or taking part in an international short course with your fellow UC classmates, our international connections mean there’s something for everyone.

We also provide opportunities for international students from partner institutions to study part of their qualification in their home country and then complete it at UC through articulation agreements and dual degree programmes. We have over 60 international partner universities.

canterbury.ac.nz/study/study-abroad-and-exchange/partner-institution-details

---

**UC — top 1% of universities in the world**
- Research active teaching
- World-class degrees
- Modern facilities.

**Manaakitanga (care and respect)**
- A warm and welcoming education experience
- Wellbeing and support to see that you succeed.

**International campus**
- 100+ nationalities
- 70 Erskine academics
- 100+ international partnerships.

**Experiential learning**
- Adrenaline, art, innovation, research, sustainability, and more.
Modern facilities
There are a range of facilities to support your study at UC:

• over 1.9 million research items in UC’s three libraries
• computer suites that are open 24–7
• modern lecture theatres and innovative learning hubs
• online portal and interactive resources
• well-equipped laboratories, including the Canterbury Engineering the Future (CETF) precinct and the Rutherford Regional Science and Innovation Centre (RRSIC).

Hands-on experience
Many of our courses offer workplace internships, community engagement, and access to world-class field stations like Cass field station and the Mount John observatory.

World-class academics
UC’s academic staff are well known in their fields and often write the textbooks you will study. We also bring in academics from universities around the world, including Oxford and Cambridge, via our staff exchange programme.

Globally connected
We have partnerships with over 100 different institutions in Asia, Europe, North America, and Australia.

• Top 1% Engineering:
  Engineering programmes are accredited by Engineering New Zealand, which is a signatory to the Washington Accord.
  • Academic World Ranking of Universities places UC 9th in the world for Civil Engineering.
  • UC is the only Aotearoa New Zealand university to be a member of the global engineering exchange programme Global E3.
  • Triple-crown accreditation:
    UC Business School is in the 1% of business schools worldwide that holds the ‘Triple Crown’ accreditation: AACSB, EQUIS, and AMBA.
  • Membership: UC is the only Aotearoa New Zealand university to be a member of the AC21 Academic Consortium — 15 of the world’s leading research universities.

Cutting-edge research
UC has a raft of cutting-edge research facilities, including:

• Biomolecular Interaction Centre
• Gateway Antarctica: Centre for Antarctic Studies and Research
• Human Interface Technology Laboratory (HITLabNZ)
• MacDiarmid Institute for Advanced Materials and Nanotechnology
• New Zealand Institute of Language, Brain and Behaviour
• NZI3
• Social Science Research Centre
• Waterways Centre for Freshwater Management.

The University operates field stations in Cass, Westport, Harihari, the sub-Antarctic Snares Islands, and Antarctica; and Aotearoa New Zealand’s premier astronomical research facility at Mount John, famous for its clear southern skies.

These facilities mean that UC offers research opportunities in the field that no other New Zealand university can match.
What can I study at UC?
Arts

At UC, you will find an academically vibrant and culturally diverse environment.

With many critical research centres and over 40 subjects spanning the humanities, social science, languages, and creative arts, UC Arts is the place to broaden your perspective and gain an outstanding education.

PACE Internship
The PACE Internship programme offers unique Work Integrated Learning (WIL) and practical learning with local organisations and workplaces.

‘The UC lecturers were conscious of international students and were very approachable and helpful – particularly with overcoming language barriers and grammar.’

Business

UC Business School offers you the opportunity to gain internationally recognised qualifications with courses underpinned by research in a vibrant learning environment.

Global Opportunities
UC Business School offers many opportunities for international experiences, like spending a semester abroad at one of our partner universities through the UC Global Exchange programme, participating in an overseas study tour or short course, or joining a virtual or on-campus experience.

Practical learning
You will be able to participate in business challenges with real-life cases for local organisations or create a startup with the support of the UC Centre for Entrepreneurship. Project-based courses and internships will let you connect with businesses and other organisations. Competitions and inter-university business challenges develop your entrepreneurial, project management, and teamwork skills.

Support
UC Business School supports international students by offering personalised support, and tailored programmes designed to help students build connections and succeed academically and professionally.

Bachelor of Commerce in Marketing

Master of Professional Accounting

Assurance Associate, PwC NZ
Postgraduate programmes
As a postgraduate student at UC Business School, you will interact closely with supervisors, lecturers, and have the opportunity to engage with guest lectures and presentations by business leaders, innovators, and entrepreneurs.

Our options are developed to support both students with a commerce degree and those from other areas of study.

Conversion programmes
• Postgraduate Diploma in Business Information Systems
• Postgraduate Diploma in Business
• Master of Business – Marketing, Management, Financial Management
• Master of Business Information Systems.

Professional programmes
• Master of Professional Accounting (No background in Accounting required)
• Master of Applied Economics and Finance.

Executive programmes
• Master of Business Administration
• Postgraduate Diploma in Business Administration.

Research programmes
• Bachelor of Commerce with Honours
• Master of Commerce
• Doctor of Philosophy.

Research at UC
At UC Business School, our innovative, research-based qualifications prepare you for a successful professional career. You will interact closely with supervisors, lecturers, and have the opportunity to engage with guest lectures and presentations by business leaders, innovators, and entrepreneurs.

‘UC emphasised the importance of team working. Throughout my programme, every course included a team project and most of the time it had the strongest influence on the final grade. You draw lessons from both successful projects as well as mistakes and can bring it to practice at the future workplace.’

UC is committed to excellence in teacher education, educational studies, and youth and community leadership. Our graduates are sought after nationally and internationally and have a very high rate of employment.

**Practical learning**
As part of your learning experience at UC, you will undertake professional practical placements to build teaching and management skills and connect with students and community.

**Learn from the best**
Our lecturers are national and global leaders and we lead with Aotearoa New Zealand and international research on student engagement in learning, education leadership and policy, development for teachers, children’s language and literacy learning and culturally responsive practices, inclusivity and equity in education and e-learning.

**Innovative teaching-learning environments**
Understand how digital technologies can be best used to create student-centred practices that enhance student learning.
Undergraduate programmes

Teacher Education
We offer teacher education programmes at undergraduate and postgraduate levels that allow you to apply to become a certified teacher in New Zealand.

Bachelor of Teaching and Learning
The Ako: Bachelor of Teaching and Learning has three endorsements:
- Early Childhood Education
- Primary Education
- Mātauranga Māori

These endorsements are internationally recognised, giving you options to work abroad after graduating. Professional placements and the opportunity to take Te ao Māori courses in each endorsement allows you to build bicultural knowledge and competence in teaching practices.

The programme meets the requirements to apply for provisional teacher registration with the Teaching Council of New Zealand.

Many of our teaching qualifications have a limited capacity for places and applications may close earlier if this capacity has been reached.

Applications close 31 October.

Graduate diplomas
We also have two graduate diploma options that can allow you to apply to become a certified teacher in New Zealand:
- Graduate Diploma in Teaching and Learning (Early Childhood)
- Graduate Diploma in Teaching and Learning – endorsed in Primary or Secondary education.

These are one-year, undergraduate programmes that are available if you already have a bachelor’s degree. See application information at canterbury.ac.nz/education/qualifications-and-courses/teacher-education/guide-to-applying

I decided to study Early Childhood Education at UC because UC Education is well known both nationally and internationally for its high-quality education and outstanding lecturers.’

Stella

Postgraduate programmes

UC Education offers a range of postgraduate programmes including Postgraduate Diploma programmes, Coursework (Taught Master’s), Research Masters, PhD, and Doctor of Education.

Some key areas of research and research hubs include:

- A Better Start
- Learning Environments
- Digital Education Futures Lab
- Language and Literacy Research lab
- Teacher learning and Innovations in Practice Research Hub
- UC Community Engagement Hub
- UC Child Wellbeing Research Institute

‘UC has helped me gain practical experience. It is not just about learning educational theory, it has also helped me understand what teaching in real life is like.’

Engineering and Product Design

Founded in 1887 as the first school of Engineering in Aotearoa New Zealand, UC Engineering is internationally recognised for excellence in teaching and research, and high calibre graduates.

As well as its elite ranking in Civil and Structural Engineering, UC Engineering offers innovative programmes tailored to careers in the real world, with study options in different types of Engineering plus our unique qualifications in Global Humanitarian Engineering, Forestry Science, and Product Design. UC also has close links with numerous local companies, which presents the opportunity for students to work alongside them and gain vital ‘on the job’ experience as part of their study.

Undergraduate programmes

Bachelor of Engineering with Honours
A UC Engineering degree is a professional degree. Our programmes are fully accredited by Engineering NZ, meaning they are benchmarked with other engineering programmes worldwide. A UC Engineering degree is internationally recognised — a ticket to a career that can take you around the world.

The first year is comprised of nine courses — one fees-free course and 8 courses which vary depending on which discipline you want to specialise in. Your first year is followed by three years of study in one of the Engineering disciplines. Entry into the disciplines is limited and based on your performance in the first year(s).

Disciplines
Chemical and Process Engineering
Minors: Bioprocess Engineering, Environmental Process Engineering, Sustainable Energy Engineering

Civil Engineering
Minors: Structural Engineering, Water and Environmental Systems Engineering

Computer Engineering
Minor: Communications and Network Engineering

Electrical and Electronic Engineering
Minor: Power Engineering

Forest Engineering

Mechanical Engineering
Minors: Aerospace Engineering, Biomedical Engineering

Mechatronics Engineering

Natural Resources Engineering

Software Engineering

Postgraduate programmes
UC Engineering offers both coursework and research-based qualifications and doctoral degrees.
Our award-winning lecturers and world-renowned researchers, in topics from earthquakes to renewable energy, are among world leaders in developing new technology and responses.
Students also benefit from our strong industry links to establish their professional network.

Key Research centres include:
- Electric Power Engineering Centre (EPE Centre)
- Human Interface Technology Laboratory (HIT Lab NZ)
- Wireless Research Centre
- Spatial Engineering Research Centre
- UC Quake Centre
- QuakeCORE
- Wood Technology Research Centre.

‘As an international student I was given the same opportunities and treatment as domestic students here, however also had the chance to meet other international students from different countries at events which enabled us to share the experience together.’

Health Sciences. Sport Coaching

Health is becoming more about wellness and prevention, with a stronger focus on community. Sport is now more professional, and not just about performance but wider participation — ultimately, it’s all about people.

At UC, we recognise this shift, and prepare you for diverse roles, from frontline, nurses, psychologists, sports coaches, and health promoters, policy, and management. If you want to make a difference in your community, this study area is for you.

Why UC

- **Actively engaged lecturers** take an interprofessional approach to teaching and engage with national and international experts from a range of health and sport disciplines.
- **Designed for the future** – UC’s multidisciplinary approach allows you to develop the skillsets that employers are seeking: collaboration, cultural responsiveness, and innovation. The time you spend in internships, practice clinics, labs, and gyms prepares you well for the workforce.
- **State of the art facilities** – Our Sports Science, Biomechanics, and Strength and Conditioning laboratories provide you with a dynamic environment filled with sport-related technologies, testing, and performance equipment.

120-HOUR internship in your final year of the Sport Coaching degree

UC is ranked first in New Zealand for research in Public Health*

Undergraduate programmes

Bachelor of Health Sciences

Key highlights:
• Smaller classes mean academic staff can work closely with you to help you achieve your goals.
• Option to study a minor from subjects across Arts, Commerce, Health Sciences, Science, Sport Coaching, and Youth and Community Leadership.
• Successful completion of the Public Health major means you meet the generic public health competencies and the health promotion competencies endorsed by Health Promotion Forum of New Zealand.

Major subjects
- Health Education
- Physical Activity (minor)
- Psychology
- Public Health
- Maori and Indigenous Health
- Society and Policy (minor)

Bachelor of Sport Coaching

The Bachelor of Sport Coaching is a 3-year programme which offers a blend of practice and theory covering all aspects of sports coaching and allows you to put your skills into practice with a 120-hour internship in your final year.

Subjects
- Performance Analysis
- Physical Education
- Nutrition
- Sport Science
- Sports Leadership and Management
- Strength and Conditioning
- Strength and conditioning with Nutrition

Postgraduate programmes
UC offers a variety of interdisciplinary postgraduate options that include clinical and non-clinical programmes. Increasingly, employment in the health sector requires postgraduate qualifications, particularly for senior roles.

The Health Precinct – Manawa
Manawa is a world-class hub for health education, research, and innovation, bringing together a network of researchers, students, and clinicians. A collaboration between UC, Ara Institute of Canterbury, and Te Whatu Ora – Health New Zealand Waitaha Canterbury, Manawa is part of Christchurch’s Te Papa Hauora Health Precinct. Guest lectures, workshops, and seminars are held in Manawa each year, placing our academics at the forefront of the health sector.

Law

UC Law is one of Aotearoa New Zealand’s leading law schools – consistently ranking in the top 200 law schools worldwide – and combines academic and practical legal skills.

We have a strong reputation in traditional areas of law and offer innovative courses investigating the ways law intersects with Antarctica, the media, sport, and medicine. Our unique Criminal Justice qualifications also have a strong vocational focus, and can lead to careers in law enforcement, corrections, offender rehabilitation, working with young offenders, criminal law, security, and border control.

‘I choose UC for its strong academic reputation.’

Eric
Malaysia
Bachelor of Laws
Associate, Layburn Hodgins Barrister and Solicitor
Undergraduate programmes

Bachelor of Laws (LLB)
The Bachelor of Laws degree (LLB) is a professional 4-year degree. The content of the compulsory courses is prescribed by the New Zealand Council of Legal Education (NZCLE) and meets the criteria set by this organisation for courses of study that qualify for the examination and practical legal training of persons wishing to be admitted as barristers and solicitors in Aotearoa New Zealand.

In the first year, you will study two core courses designed to teach you about the legal systems in Aotearoa and build your foundational skills in legal research and writing. With good grades in LAWS101 and LAWS110 (normally at least a B), you can advance into 200-level Law courses, all of which are subject to limited entry.

From third year, you will be able to customise your study to focus on different areas of the law, including:
- Corporate and Commercial Law
- Criminal Justice and Rights
- Employment and Dispute Resolution
- General Legal Practice
- Media Law
- International Law
- Property and Resources
- Constitutional Law.

You will also need to also study five non-Law courses in the first year of your degree.

Bachelor of Criminal Justice
Bachelor of Criminal Justice is a 3-year programme which involves understanding the law and psychology behind crime, its causes, and the treatment of convicted offenders. UC is the only University in New Zealand that offers a degree in criminal justice with innovative practical teaching.

UC offers a wide range of opportunities for postgraduate studies and is ranked as one of the world’s top 200 law schools. UC Law has a strong reputation in the fields of international law and governance and offers a master’s programme in International Law and Politics.

‘People are here to help you succeed in your university journey, but you must come out of your comfort zone to share your concerns and vulnerabilities.’

Vikram
Singapore
Bachelor of Laws
Postgraduate programmes

Master of Laws

The LLM by thesis gives you the flexibility to thoroughly research an area of particular interest. A thesis is a significant piece of research of 40,000 to 50,000 words. LLM students develop in-depth expertise in particular fields of legal specialisation, broaden their knowledge in a range of legal subjects, and combine law study with related disciplines. You will get the chance to undertake research under the supervision of expert staff in the Law team. You must have qualified for the degree of Bachelor of Laws with a minimum B+ grade average.

Master of Laws (International Law and Politics)

The LLM(IntLaw&Pols) is a one-year programme designed for Law graduates to meet a growing interest in multidisciplinary study in international law and politics. Our graduates work for international organisations such as the United Nations, government departments such as foreign ministries, international law firms, and international non-governmental organisations. Students take courses in international law and international politics plus a dissertation.

Science

UC’s convenient location provides a living laboratory for our science students’ work. Lab and field work can be part of your studies from day one.

Purpose-built facilities
As well as extensive science laboratories, research hubs and field stations, UC has:
• A Regional Science and Innovation Centre
• On-site clinics
• 24-hour computer labs
• An Engineering and Physical Sciences library.

Learn in the field
UC Science has more field stations than any other New Zealand university, with more than 1,700 hectares of land that can be used for research.
• Our courses make extensive use of our field stations in Cass, Harihari, and Westport.
• We operate New Zealand’s leading astronomical observatory at Mount John.
• UC also has research bases in Antarctica and Nigeria.

Bachelor of Speech and Language Pathology with Honours

The BSLP(Hons) is a highly regarded, professional degree accredited by the New Zealand Speech-language Therapists’ Association (NZSTA). Students have the opportunity to work with people of all ages at clinics on campus, nationally, and overseas. Fieldwork accounts up to 50% of your coursework depending on the year of study. This degree sets you up to work in Aotearoa and overseas as the qualification is recognised in Australia, the United Kingdom, Ireland, and Canada. Entry into the professional years of the degree is limited based on your grade point average from year 1, a personal statement and interview, and your fluency in English.

Bachelor of Data Science

The first year of your degree includes introductory courses in programming, mathematics, statistics, and computer science. You will also do hands-on lab work and group projects. In the final year, you also complete a research project aimed at solving a particular industry or community problem.

Majors

Bioinformatics
Business Analytics
Computational Linguistics
Data Science
Population Health Data Science
Spatial Data Science

‘I managed to land the internship because of an excellent letter of recommendation by one of my lecturers. It gave me crucial insights into the field of biochemistry and provided a “real-world” example of the kinds of things we learn in lectures.’

- **Majors**
  - Ecosystem Health and Biosecurity
  - Environmental Change
  - Environmental Contamination
  - Environmental Hazards and Disasters
  - Freshwater
  - Sustainable Coasts

- **Bachelor of Environmental Science**
  - The Bachelor of Environmental Science with Honours is accredited by the Environment Institute of Australia and New Zealand (EIANZ). It is a career-focused degree that will prepare you with the knowledge and skills to solve environmental and global sustainability challenges.

- **Zero-points, zero-fees courses**
  - Compulsory courses
  - Major courses
  - Optional courses

30 points of optional courses must be chosen from Schedule E: Group 1, with any remaining points chosen from Group 2. Students will also undertake ENVR 300 to complete 400 hours of work experience over the course of their third to fourth year. Each small block represents a 15-point course. However, some courses may be 30 points or more.

This diagram is an example only – other combinations are possible. For specific course requirements, go to www.canteburynz.ac.nz/regulations

Be part of the exciting transformation in the digital screen industry!

The digital screen sector is rapidly growing, in areas such as virtual production, 3D storytelling, virtual and augmented reality, and more. UC’s new Bachelor of Digital Screen with Honours is an applied, four-year degree with a key focus on storytelling, whether it’s with words, still or moving images, animated graphics or sound. During your degree, you will work on collaborative projects with other students and with industry partners to build up a substantial portfolio of work to give you a head-start in your career.

The Bachelor of Digital Screen with Honours will equip you with the core foundations required to join the film and game industry!

Getting to UC
Am I eligible?

Studying towards a university qualification will be one of the most exciting challenges you will ever face. At UC, we can help you to succeed in reaching your goals.

How do I gain admission to UC?
There are two main entry requirements to get into UC:
- English language entry requirements
- Academic entry requirements.

English language entry requirements
Before starting your degree at UC, you need to provide evidence of your English skills. You have met the language requirements if you have:
- National Certificate of Educational Achievement (NCEA), Cambridge International Examinations (CIE), or International Baccalaureate (IB) qualifications that meet the New Zealand University Entrance (UE) standard literacy requirements for admission.
- an overseas entrance qualification from a country where the main language is English and the instruction for the qualification was also in English.

If you don’t have the above, you will be required to perform well in one of the approved English language tests listed.

Approved English language test scores for entry to UC

<table>
<thead>
<tr>
<th>To study at UC...</th>
<th>IELTS (Academic)</th>
<th>TOEFL (IBT)</th>
<th>English for Academic Purposes (EAP) at CCEL</th>
<th>PEARSONS (Academic)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate studies, Certificates, Graduate diplomas</td>
<td>6.0 overall (no section &lt; 5.5)</td>
<td>80 overall with 19 in RD, WR, LS</td>
<td>EAP 2 grade C+</td>
<td>Overall score of 50 (no section &lt; 42)</td>
</tr>
<tr>
<td>Postgraduate studies</td>
<td>6.5 overall (no section &lt; 6.0)</td>
<td>90 overall with 19 in RD, WR, LS</td>
<td>EAP 2 grade B+</td>
<td>Overall score of 58 (no section &lt; 50)</td>
</tr>
</tbody>
</table>

* Some programmes may require higher test scores. For example, students need to give proof of an IELTS (academic) result (or approved equivalent) of at least 7.0 or 7.5 overall, with no band score below 7.0 or 7.5, for entry into teacher education programmes.

### Aotearoa
**New Zealand (University Entrance through NCEA)**

**NCEA Level 3**
Three subjects — at **Level 3** made up of:
- 14 credits in each of three approved subjects is required

**Literacy** — 10 credits at **Level 2 or above** made up of:
- 5 credits in reading
- 5 credits in writing

**Numeracy** — 10 credits at **Level 1 or above** made up of:
Achievement standards — specified achievement standards available through a range of subjects, or
Unit standards — package of three numeracy unit standards (26623, 26626, 26627 — all three required)

**Pakistan**
One year of successful study towards an undergraduate degree at a recognised university in Pakistan

**Russia**
One year of successful study towards an undergraduate degree at a recognised university in Russia

**Saudi Arabia**
One year of successful study towards an undergraduate degree at a recognised university in Saudi Arabia; or
Associate Degree with a GPA of 3.00/5.00 or 2.00/4.00 at a recognised institution

**Singapore**
NUS High School Diploma or Singapore GCE A levels: a minimum of three H2 passes at C grade

**Solomon Islands**
Three or more B grades in the South Pacific Form Seven Certificate
All students must have grade 5 or better in PSSC English (for literacy) and grade 6 or better in PSSC maths (for numeracy)

**South Africa**
Applicants must have completed the National Senior Certificate and be eligible to enrol in a bachelor's degree at a South African university

**South Korea**
One year of successful study towards an undergraduate degree at a recognised Korean university; or
Korean University Entrance Examination with a minimum acceptable score of 80%

**South Pacific Countries**
South Pacific Form 7 Certificate with 3 or more B grades in academic subjects with a minimum Grade 5 in PSSC English (for literacy) and Grade 6 in PSSC Maths (for numeracy)

**Sri Lanka**
canterbury.ac.nz/enrol/eligibility

**Taiwan**
A satisfactory standard in Senior High School and a Junior College Diploma of at least two years' duration; or
Junior High School and a five year Junior College Diploma; or
one year of successful study towards an undergraduate degree at a recognised university in Taiwan

**Thailand**
One year of successful study towards an undergraduate degree at a recognised university in Thailand; or
Completion of Matayom 6 with an average score of 3.2 or higher

**United Arab Emirates**
One year of successful study towards an undergraduate degree at a recognised university in UAE

**United Kingdom**
- 'A' and 'AS' levels GCSE sat in UK:
  - Five subjects: 2 'A' + 3 GCSE at Grade C or above; or 2 'A' + 2 'AS' + 1 GCSE at Grade C or above; or 1 'A' + 2 'AS' + 2 GCSE at Grade C or above
  - Four subjects: 3 'A' + 1 GCSE at Grade C or above; or 3 'A' + 1 'AS'; or 2 'A' + 2 'AS'; or 4 'AS'
  - Three subjects: 1 'A' + 2 'AS'
  - Two subjects: 2 'A'

**United States of America**
a) High School Diploma or a General Education Development Certificate (GED) with an overall minimum of 580 (145 in each of 4 subjects); and
b) SAT result of at least 1160 or a composite ACT score of 24 or better (SAT scores below 1160 may be considered on a case by case basis)
Note: this refers to the new SAT test which includes the Evidence-Based Reading and Writing and Math Assessment; if you completed the previous SAT test, please contact the UC International Relationships Office for details

**Vanuatu**
Three or more B grades in the South Pacific Form Seven Certificate. All students must have grade 5 or better in VSSC English (for literacy) and grade 6 or better in VSSC maths (for numeracy)

**Vietnam**
One year of successful study towards an undergraduate degree at a recognised university in Vietnam; or
National High School Graduation Certificate with a GPA of 8.0

Please visit checkwhatyouneed.canterbury.ac.nz for the admission requirements to University of Canterbury.
Pathways to UC

English Pathway to UC

CCEL (Christchurch College of English Language)

Courses are delivered on campus in Christchurch at the CCEL College of English. Programmes include General English, IELTS Preparation, and English for Academic Purposes (EAP).

Students who successfully complete an EAP 2 programme at CCEL (and meet UC’s academic entry requirements) may transfer to UC’s degree programmes.

ccel.co.nz/courses/academic/english-for-academic-purposes-eap

Academic pathways to UC

UCIC (UC International College)

UC International College (UCIC) offers direct and exclusive pathways to the University of Canterbury.

Students may enter UC by successfully completing the UCIC Foundation Studies Certificate, or one of the University Transfer Programmes available.

UCIC programmes are moderated by UC to ensure the highest academic quality for those who need to bridge the gap between previous study and university.

UCIC offers a fully integrated pathway experience for international students, both in New Zealand and flexible online learning opportunities for students overseas.

Foundation Studies Certificate

The Foundation Studies Certificate (FSC) allows students to enter into any bachelor’s degree at UC.

Pathway diagram

University Transfer Programme

The University Transfer Programme (UTP) allows students to transfer to Year 2 of their University of Canterbury degree programme when they successfully complete the specific UTP Programme.

UCIC students can:

• live in halls of residence
• access UC resources including libraries, computer labs, recreation facilities, on-campus accommodation (for students 18 years or older), health services, and career services
• be part of a diverse and vibrant student community
• have access to 160+ student clubs
• be given academic and personal support to reach goals
• learn in small classes, complemented by small group tutorials and workshops
• receive extra academic contact to better understand each course
• experience exceptional standards of teaching, with courses that are delivered by highly qualified academics.

Visit ucic.ac.nz to find out about the Foundation Studies Certificate and University Transfer programme (UTP) or please contact admissions@ucic.ac.nz

‘UCIC was a perfect stage for me before transferring to UC. Their support and encouragement made my first year in NZ into an amazing experience. I am truly grateful for UCIC and I am now working there!’

Postgraduate qualifications

With 120+ qualifications available in 150 subjects, we are likely to have a graduate or postgraduate qualification that suits your interests and goals.

Graduate Diplomas
Most graduate Diplomas enhance the value of your undergraduate degree, or be a first step to a new career or further study. Graduate studies typically involve taking advanced undergraduate courses.

Some graduate qualifications, for example the Graduate Diploma in Teaching and Learning (Early Childhood), are professional qualifications that prepare you for a specific career.

Honours degrees
Honours degrees are often a pathway to further study; if you complete one to a satisfactory standard then you may be able to progress to a master’s degree by thesis only. It is typically taking one year of full-time coursework which will include a research component.

Postgraduate diplomas
These qualifications develop higher level understanding and specialist skills, often in the same area as your first degree (and in some instances count prior professional experience for entry consideration).

Master’s degrees
UC offers three types of master’s degrees:
- research master’s
- coursework (‘taught’) master’s
- a combination of both.

A research master’s degree advances your knowledge, and enables you to conduct a significant piece of independent research (with supervision). If you are intending to conduct research, you should investigate potential supervisors before applying to study at UC.

PhD
Enrolment in a PhD requires completion of a research-focused honours or master’s degree, at First or Second Class (Division I) Honours or Distinction level (or equivalent qualifications).

checkwhatyouneed.canterbury.ac.nz

‘My PhD research uses game-based simulation methodology to help policy makers build community resilience in New Zealand, as it faces the big challenges of climate change and adaptation planning to natural hazards eg, sea level rise.’

Colombia
PhD in Civil and Natural Resources Engineering
Scholarships

UC offers International First-year Undergraduate Scholarships to top-achieving international students.

- UC First year International undergraduate scholarship up to $15,000.
- UC Engineering International Scholarship $15,000.

You may also be eligible for many other scholarships and awards for high achieving candidates such as the UC Dean’s Award, Fast Track Award, South East Asia Award. To find out more, please contact the International Relationships Office at iro@canterbury.ac.nz

For a full list of scholarships, including master’s and doctoral study, visit canterbury.ac.nz/get-started/scholarships

UC International Mobility Inbound Study Abroad Award

If you are already studying at an overseas university but would like to study with us as a non-degree student for one or two semesters on UC’s Study Abroad programme, a number of UC Study Abroad Awards are available. For details, refer to canterbury.ac.nz/study/study-abroad-and-exchange/study-abroad

UC Doctoral Scholarships

UC offers a diverse range of scholarships to support students for study towards their research doctoral degree. The UC Doctoral Scholarship is offered up to $28,000 per 120 points of thesis enrolment and tuition fees for thesis enrolment only, at the domestic tuition fee rate.

To find out more, visit canterbury.ac.nz/get-started/scholarships/types/doctoral-scholarships

** Costs will vary depending on course selection and lifestyle. canterbury.ac.nz/get-started/fees

How much will it cost?
Visas and insurance

Student visa
International students who study in Aotearoa New Zealand for longer than three months must have a student visa. When your UC application is approved, you will need to contact Immigration New Zealand to apply for your student visa. If possible, you should try to apply three to four months before your classes begin.

Full details of student visa requirements, financial requirements, rights to employment in Aotearoa while studying are available from Immigration New Zealand.

immigration.govt.nz

Part-time work on student visa
You may be allowed to work part-time for up to 20 hours a week and full-time during all scheduled holidays and the Christmas and New Year holiday period if you meet the visa conditions stated by Immigration NZ. Please refer to the Immigration New Zealand website for more information:

immigration.govt.nz/new-zealand-visas/options/study/working-during-after-your-study/working-on-a-student-visa

Post Study Work Visa
If you successfully completed a programme at University of Canterbury, you may be eligible for a Post Study Work Visa. The duration of your visa varies and is subject to change. For the most up to date information, visit immigration.govt.nz

Medical and travel insurance
Most international students are not entitled to publicly-funded health services in Aotearoa New Zealand, so it’s important you have insurance.

To enrol at UC, having medical and travel insurance while studying is a legal requirement under the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.

health.govt.nz

Pre-existing medical conditions
Pre-existing medical conditions are conditions that you have before you enrol in the plan and can include conditions you were aware of but did not seek treatment for. These conditions are not automatically covered by Studentsafe-University so you must apply to the insurer and receive notice of acceptance of such condition(s). You can apply for cover by completing an online medical risk assessment form.

Dental treatment
Dental treatment in Aotearoa New Zealand is expensive and is generally not covered by insurance. However, UCSA has subsidised dental care for all enrolled students.

ucsa.org.nz/student-support

See insurance options at canterbury.ac.nz/international/how-do-i-enrol/prepare-for-your-move-to-nz/insurance

The Accident Compensation Corporation (ACC) provides accident insurance for everyone — Aotearoa New Zealand citizens, residents, and visitors — but you may still be liable for some medical and related costs.

acc.co.nz

Studentsafe-University insurance
You can purchase the Studentsafe-University policy when you complete your enrolment. This insurance cost will be added to your enrolment fees.

The policy meets the standards of the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021.

It covers students intending to enrol at UC from the time they leave home (up to 31 days prior to enrolment). The policy covers transit stopovers, but does not cover stopovers that are holidays.
Support services

At UC, we foster manaakitanga (support), whanaungatanga (connecting through shared experiences and working together), and tiakitanga (caring).

Code of Practice

The Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021 is designed to guide institutions in their practice, and protect international students when they study in Aotearoa. UC, a signatory to the Code, is required to meet the standards set by the government.

Read the full code of practice at nzqa.govt.nz/providers-partners/tertiary-and-international-learners-code

How can UC help you?

Te Pātaka

Te Pātaka, UC’s student services hub, is the first place to visit if you’ve got a question or need help with something while you’re studying at UC. Te Pātaka is a one-stop-shop of resources for students that is visible from the moment you enter the Central Library. Te Pātaka offers an abundance of resources, support, and information that will ensure you succeed and excel throughout your academic journey at UC.

canterbury.ac.nz/support/te-pataka

Academic Skills Centre (ASC)

ASC is a free service that helps students with writing and study. It helps you get a handle on how to complete assignments, receive grammar help, and offers workshops and seminars. If you need help adjusting to study in New Zealand, the ASC is a great starting point.

Rainbow support

We have a Rainbow Advisor on campus, plus other supportive staff, who can connect you with other students.

canterbury.ac.nz/support/get-support/lgbtqi
Mentoring
When you join UC’s mentoring programmes, you will be matched with a mentor who is studying similar subjects to you. Mentors will help you adjust to life on campus, and you can talk to them about your experiences and studies at UC.
canterbury.ac.nz/mentoring

Student Care
Student Care is your international student support team when you are on campus. It is your first point of contact when you need advice on personal wellbeing, cultural transition, visa, and many other questions you might have. The service is confidential, and any further referral will be made with your knowledge and consent.
canterbury.ac.nz/support/needtotalk

UC Rec and Sport
The UC RecCentre is free to all students. Simply sign up online and your Canterbury Card becomes your membership card to access awesome group fitness classes, the climbing wall, squash or basketball courts, or get moving in the cardio and weight training areas (some programmes and hires incur extra charges).
canterbury.ac.nz/ucreccentre

UC Clubs
With over 160+ clubs and societies, UC has the most active clubs of any New Zealand University. The UCSA plays a key role in your UC experience and provide a wide range of services.
Some featured clubs include:
- Student Volunteer Army (SVA)
- Asian Kiwi Society
- UC Aerospace Club
- Animesoc
- Canterbury Malaysian Students’ Association (CMSA)
- UC Global Society (UCGS)
- Global China Connection Canterbury
- University of Canterbury Global India Reach
- UC French Society
ucsa.org.nz/clubs

UC Careers
Our staff are professionally qualified and experienced career consultants and recruitment specialists who are here to help students and recent graduates with:
- Career development
- CV and cover letter writing
- Interview practice
- One-on-one appointments.
canterbury.ac.nz/careers

UC Diversity Champions
This team understands diversity, equity, and differently-abled matters and is here to make your experience as inclusive as it can be. You can talk to them openly.
canterbury.ac.nz/support/equity

At your orientation, you’ll find out about the support available to you throughout your studies. Some of these are:
- equity and disability support
- health centre
- recreation centre
- the student association.
For a full list of support services, go to canterbury.ac.nz/support/get-support
Where will I live?

UC has over 2,600 rooms on campus accommodating students of all ages and level of study. Living amongst Kiwi students, we value the diversity and knowledge you bring to our student community.

We recommend you apply for accommodation as soon as you accept your offer to study at UC.

Your home away from home

With support services and staff on hand, we aim to make your transition to Aotearoa New Zealand life as easy as possible.

Most rooms are single occupancy with a small number of self-contained units for couples.

All halls of residence provide:
- fully-furnished room with a bed, desk, chair, wardrobe, and bookshelf
- heating and power included in fees
- unlimited wi-fi for UC students
- study areas and academic tutorials for first-year students
- social events and activities
- Residential Assistants/Tutors supporting you throughout your stay
- dining facilities or furnished apartments with kitchens to self-cater
- laundry and bathroom facilities
- limited car parking and bike storage
- first-year students can participate in inter-hall sports competitions and the annual Cultural Shield.

UC has agreements with specialist accommodation providers to manage all aspects of your accommodation experience. Your contract is directly with your hall of residence.

View your room online

Videos and 360 panoramas of all halls of residence are available to view on our website at canterbury.ac.nz/life/accommodation/halls/360-panoramas

Other accommodation options

Students under the age of 18 on arrival must apply for homestay, a fully-catered hall of residence, or live with a designated caregiver. For homestay information, see canterbury.ac.nz/life/accommodation/homestay-and-private-board

Arrival in Christchurch

Ensure you have booked accommodation before arriving in Christchurch. Check our website for information on arranging transport to your accommodation.

For information on homestay, summer accommodation, temporary accommodation, or the application process for halls, see canterbury.ac.nz/publications/key-publications/get-started-at-uc/accommodation-guide

Next steps

To secure your place at UC, simply follow the steps below.
For more details, email international@canterbury.ac.nz or visit canterbury.ac.nz/international

1. Choose your qualification
UC offers more than 120 different qualifications across many academic fields of study. See pages 15–47 to see what qualification could be right for you. Some qualifications require a special application or have a limited number of places. canterbury.ac.nz/enrol/special

2. Check your eligibility
Before you can enrol at UC you must meet UC’s admission and English language requirements. See pages 49–53 to check what you need or visit checkwhatyouneed.canterbury.ac.nz
If you are unsure, email international@canterbury.ac.nz or call +64 3 364 3443

3. Get advice from an expert
Before applying, it is wise to consult with a UC representative. They can give you advice about qualifications, admissions, visas, fees, accommodation, and travel. canterbury.ac.nz/international/contact-us
You can also ‘Ask a question’ online at canterbury.ac.nz/international

4. Apply for admission
If you have an overseas qualification, you need to apply for admission online first at myUC (myuc.canterbury.ac.nz).
We recommend you apply as early as possible in advance of your intended start date to allow for visa and other arrangements. Once you have done this, we will contact you by email about any further information required.

5. Receive an Offer of Place
If your application for admission is successful, we will send you an Offer of Place letter, which will include a pro-forma invoice with instructions on how to pay your tuition fees.

6. Accept your offer and select your courses
Accept your offer and confirm your place at UC by paying a deposit of NZD $500, or your tuition fees in full.
For information on how to pay fees, see canterbury.ac.nz/get-started/fees/pay-your-fees
Contact a Student Advisor at your respective college for course advice or go online at my UC (myuc.canterbury.ac.nz) to select your courses. Your courses will be checked by the relevant faculty, school, or department.

7. Be ready to apply for a Student Visa
Prepare now and be ready to apply for a student visa.
Please seek advice before travelling to New Zealand. You can check updates about New Zealand border regulations and student visa requirements at immigration.govt.nz. See page 56 for more advice.

8. Come along to International Orientation
UC offers a dedicated orientation programme to prepare international students for their first semester in Feb or July.* You can attend either in-person or online. You can register for the International Welcome and Orientation at canterbury.ac.nz/international/how-do-i-enrol/welcome

9. Complete your enrolment
All international students can enrol in person or online. International enrolment takes place in the week before your lectures start. canterbury.ac.nz/enrol/international/inperson

10. Enjoy life at UC
You did it! Now come and experience what it means to be a student at UC.

* Orientation events take place for research-only students every month. See https://ucsa.org.nz/events/upcoming-events for dates.
